September 2004

The Honourable Christine Melnick
Minister of Family Services and Housing
357 Legislative Building

Madam:

I have the honour of presenting to you the Annual Report for the Department of Family Services and Housing for the fiscal year ending March 31, 2004.

During 2003/04, the department operated under its new organizational structure arising from the implementation of the Integrated Service Delivery initiative. The new structure promotes a more integrated, person-centred approach to service delivery, and reconfigured program divisions provide improved access to and coordination of services to better address the needs of Manitobans.

The department continued to work toward its vision of improving the quality of life for Manitobans through social, economic and labour market inclusion of all citizens, ensuring they feel accepted, valued and live with dignity and security. Initiatives undertaken during 2003/04 in support of this vision are highlighted in a new feature of the Annual Report, entitled Year at a Glance, which summarizes activities undertaken to advance the department's goals.

These activities reflect the department's ongoing commitment to supporting Manitoba children, families and individuals to achieve their full potential. The department will continue to work with other governments, departments, and community organizations to ensure the most effective delivery of services to achieve its goals.

Respectfully submitted,

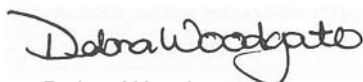

Debra Woodgate

PREFACE

REPORT STRUCTURE

The Annual Report is organized in accordance with the Department of Family Services and Housing appropriation structure as set out in the Main Estimates of Expenditure of the Province of Manitoba for the fiscal year ending March 31, 2004.

The report includes information at the Main and Sub-Appropriation levels related to the department's objectives, actual results, financial performance and variances. A five-year adjusted historical table of staffing and expenditures is provided. In addition, expenditure and revenue variance explanations are provided.

VISION, MISSION, GOALS AND GUIDING PRINCIPLES

Vision

The Department of Family Services and Housing is committed to:

- improving the quality of life for Manitobans through furthering the social, economic and labour market inclusion of all citizens. We strive to ensure that diversity is respected, that people feel accepted and valued, and live with dignity and security. We work with the community to support Manitoba children, families and individuals to achieve their fullest potential.

Mission

Family Services and Housing supports citizens in need to achieve fuller participation in society and greater self-sufficiency and independence. We help keep children, families and communities safe and secure and promote healthy citizen development and well-being. Our mission is accomplished through:

- provision of financial support;
- provision of services and supports that assist individuals improve their attachment to the labour market;
- provision of supports and services for adults and children with disabilities;
- provision of child protection and related services;
- assistance to people facing family violence or family disruption;
- provision of services and supports to promote the healthy development and well-being of children and families;
- assistance to Manitobans to access safe, appropriate and affordable housing;
- fostering community capacity and engaging the broader community to participate in and contribute to decision-making; and
- respectful and appropriate delivery of programs and services.

Goals

The Department of Family Services and Housing has established the following goals for its programs and services:

- to reduce the depth, incidence and effects of low-income;
- to increase participation in the labour market and community;
- to increase the self-sufficiency, independence and inclusion in society for children and adults with a disability;
- to increase the safety and well-being of persons who are vulnerable or at-risk;

- to improve the healthy development of children, families and communities;
- to increase the availability of safe, affordable and appropriate housing;
- to improve the quality, efficiency and accessibility of the services provided by the department; and
- to increase community capacity and opportunities for community involvement and input.

Guiding Principles

The department's work is guided by the following principles:

- diversity is valued, individual difference is supported, respected and developed to encourage both independence and interdependence;
- opportunities are provided for equal access to valued outcomes, self-determination, meaningful involvement and valued roles; and
- community capacity exists to sustain and build upon achievements.

OVERVIEW

The Department of Family Services and Housing is organized into five divisions, two branches that provide executive support to the Minister and Deputy Minister, and two quasi-independent bodies (see Organizational Chart which follows this Overview):

The Administration and Finance Division provides centralized financial, administrative and information systems support to the department. Three divisions, Employment, Income and Housing; Services for Persons with Disabilities; and Child and Family Services, focus on policy and program development, budgeting, setting standards, monitoring, quality assurance and evaluation. A fifth division, Community Service Delivery, is responsible for all of the integrated delivery of the department's programs and services. (Maps to illustrate the regional service delivery structure follow this Overview.)

The executive function in the department includes two branches that provide support for the offices of the Minister and Deputy Minister:

- Human Resource Services
- Policy and Planning

Two quasi-independent bodies report to the Minister of Family Services and Housing:

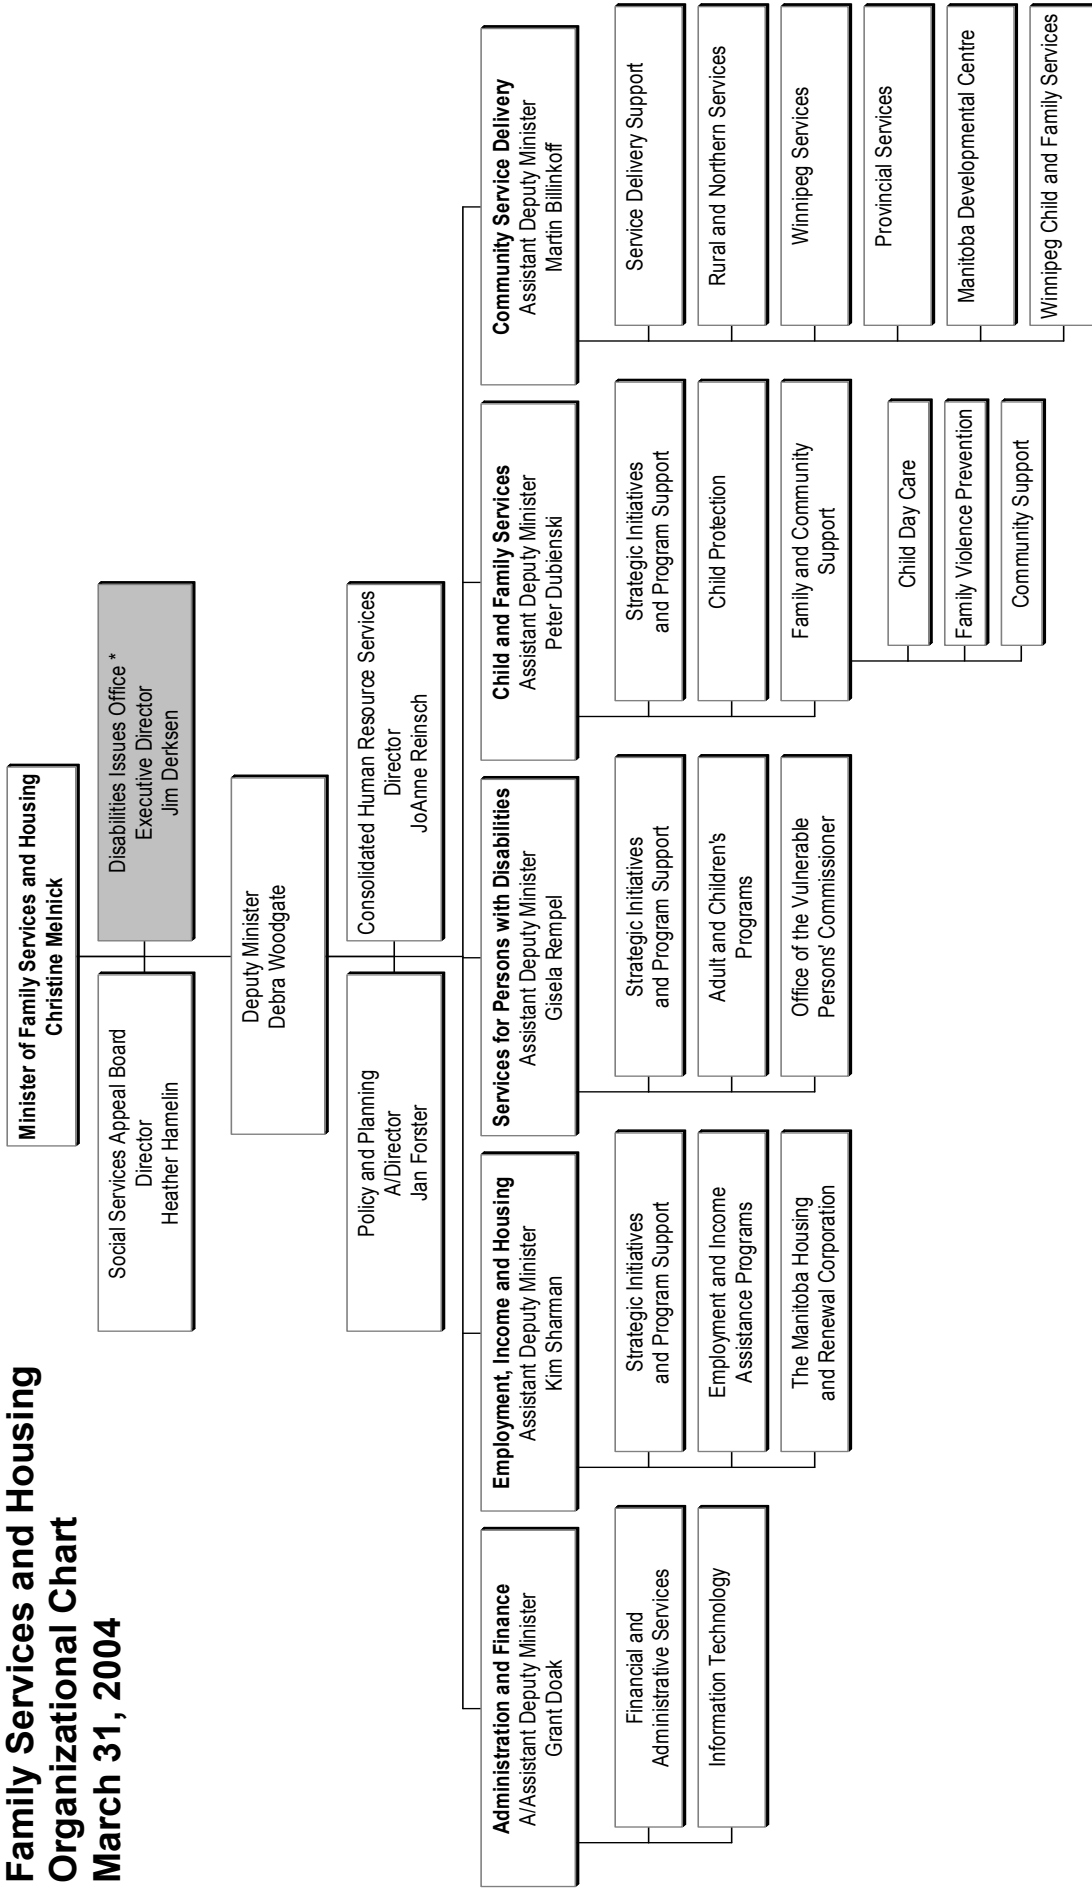

- Social Services Appeal Board
- Disabilities Issues Office (reports to the Minister responsible for Persons with Disabilities)

The statutory responsibilities of the Minister of Family Services and Housing are as follows:

The Adoption Act;
The Child and Family Services Act;
The Child and Family Services Authorities Act;
The Community Child Day Care Standards Act;
The Elderly and Infirm Persons' Housing Act;
The Employment and Income Assistance Act;
The Housing and Renewal Corporation Act;
The Intercountry Adoption (Hague Convention) Act;
The Parents Maintenance Act (Section 10);
The Social Services Administration Act;
The Social Services Appeal Board Act; and
The Vulnerable Persons Living with a Mental Disability Act.

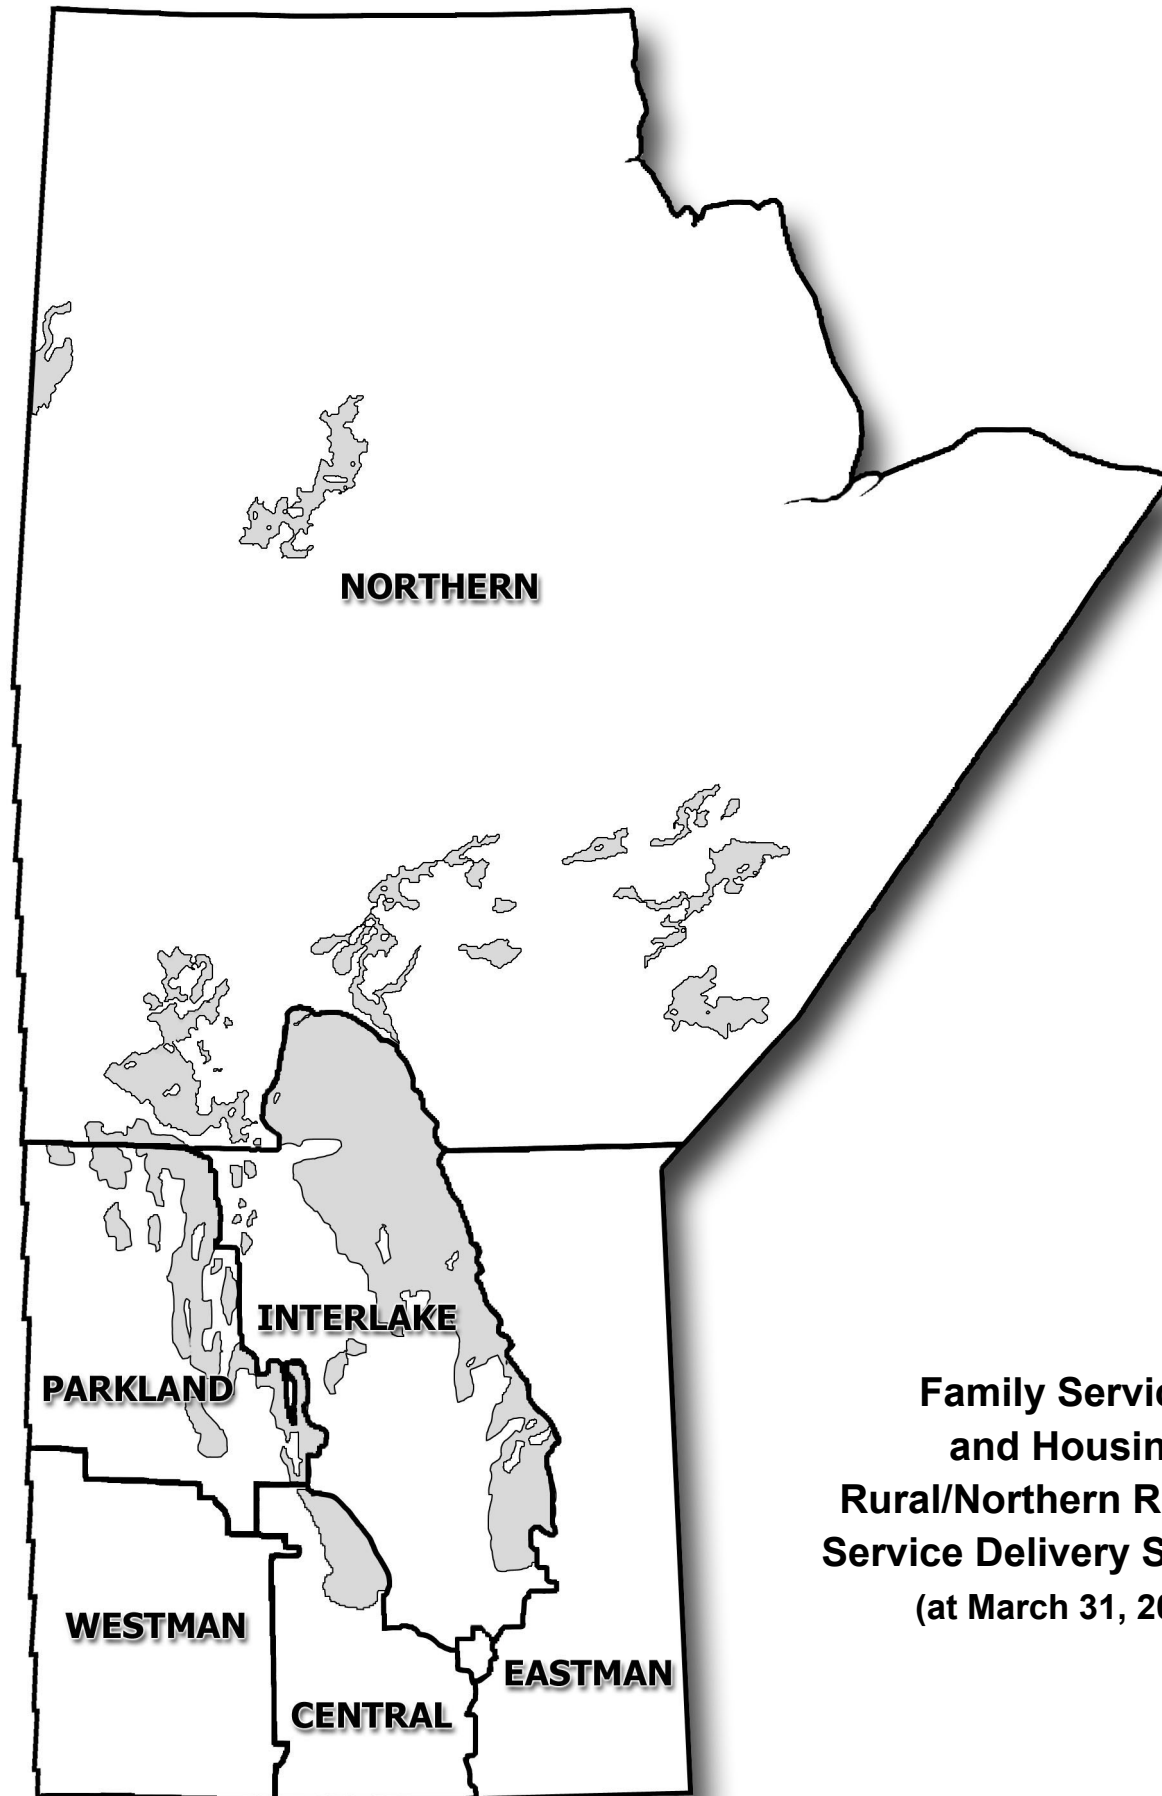

The Employment and Income Assistance Act, The Social Services Administration Act, and The Housing and Renewal Corporation Act require the Minister to report annually to the Legislature. These reporting requirements for 2003/04 are met by this Annual Report.

SUSTAINABLE DEVELOPMENT

Under *The Sustainable Development Act*, Section 12(1)(c), provincial departments are required to integrate into their annual reporting processes, information about their progress made at incorporating sustainable development into their activities.

Family Services and Housing recognizes that incorporating sustainable development principles and guidelines into departmental activities and planning cycles will be incremental over time. In 2003/04, the department made significant progress in developing and participating in more sustainable, environmentally-friendly work processes and activities and embarked on a number of initiatives that demonstrate its commitment to these objectives.

For example, the department implemented administrative procedures to reduce both the consumption and emissions of vehicle fuels and to more actively encourage pool vehicle users to refuel with ethanol-blended gasoline wherever and whenever possible. In addition, during the 2004 Commuter Challenge, Family Services and Housing had the highest number of participants of all provincial departments and traveled a total of 8,653 kilometers using 'green' modes of transportation.

The department also excelled in the area of recycling renewable resources. In 2003/04, the Manitoba Developmental Centre increased its recycled poundage by 9.5 per cent from the previous year to over 47,000 pounds of product and received the Award of Excellence for Recycling Initiatives in June 2003.

Another important advance was the utility efficiency program adopted by the Manitoba Housing Authority (MHA). The initiative saw energy-efficient measures successfully incorporated into ongoing modernization and improvement activities undertaken at MHA housing projects.

Through its participation on three interdepartmental working groups: the Financial Management Working Group; the Code of Practice Working Group; and the Sustainability Reporting Working Group, the department continued to support the integration of sustainable development principles across government in 2003/04.

As a strong supporter of sustainable development principles, the department will remain an active member of these working groups through 2004/05 and will continue to develop strategies and policies to facilitate the integration of sustainable development principles and guidelines into its ongoing activities.

YEAR AT A GLANCE

In 2003/04, Family Services and Housing made considerable progress in a number of different program areas. As in past years, the department continued to implement initiatives to advance departmental goals. The following section provides a summary of key activities over the past year.

Goal – To reduce the depth, incidence and effects of low income

To achieve this goal, a long-term, multi-faceted approach to addressing poverty is required. The department's comprehensive strategy against poverty includes the provision of income supports; safe, affordable housing; accessible and affordable quality child care and a continuum of early childhood development services that are designed to support families. Over the last few years, many of the department's initiatives have been in support of this overall strategy and significant gains have been made in improving the circumstances for low-income Manitobans.

While the following points focus mainly on initiatives in the area of income support, other measures that help alleviate the depth, incidence and effects of low income, such as quality child care, affordable housing and labour market participation, are highlighted in other areas of this report.

- To assist Manitobans most in need, the department has progressively made improvements to the Employment and Income Assistance program since 1999/00, increasing the income level of participants both directly by enhancing income assistance rates and indirectly by exempting income from other sources. In 2003/04, the department continued to build on these achievements by:
 - Fulfilling the commitment to fully restore the National Child Benefit Supplement (NCBS) to all families on income assistance. Effective January 2004, all families on income assistance with children under 18 years of age received the NCBS in its entirety. Restoring the NCBS means allowing \$13.7 million annually to flow through to Manitoba families on income assistance.
 - Increasing basic income assistance rates by \$20 per month per adult for non-disabled single adults and childless couples and for all adults in the persons with disabilities and aged categories, effective January 2004. This change benefited 27,915 adults and increased their income assistance by \$240 per year per person.
 - Effective April 2003, persons with disabilities receiving income assistance, including children, living in the community and receiving lump-sum payments such as an inheritance or life insurance settlement, did not have their benefits reduced as long as they set up a trust fund for the purchase of equipment or services to improve their quality of life. These trust funds can accumulate up to a lifetime limit of \$100,000 per person with a disability. This new policy also fulfills one of the commitments in *Full Citizenship: A Manitoba Provincial Strategy on Disability*.
 - Increasing board and room rates by two per cent for individuals requiring care and supervision or living in residential care facilities (including agencies that provide residential services and receive per diems based on these rates) effective July 1, 2003.

- In 2003/04, income assistance and support services were provided to an average monthly caseload of 31,446 for Employment and Income Assistance; 1,150 for Municipal Assistance; and 32,091 for Health Services (including children in care and persons with disabilities).
- In 2003/04, Income Supplement benefits were provided to 12,741 persons under 55 PLUS (10,220 under the Senior Component and 2,521 under the Junior Component); and 1,153 families under the Child Related Income Support Program (CRISP).
- In 2003/04, the average number of children subsidized each four-week reporting period in the Child Care Subsidy Program was 11,568. Of this number, an average of 2,469 (or 21 per cent) were children whose parents were supported by Employment and Income Assistance.
- In 2003/04 the Shelter Allowances For Elderly Renters (SAFER) program provided benefits to 3,076 elderly renters. The average monthly benefit paid to these households was \$74.00. Under the Shelter Allowances For Family Renters (SAFFR) program, a total of 991 family renters received benefits during 2003/2004. The average monthly benefit for these households was \$129.00.

Goal – To increase participation in the labour market and community

Programs which focus on education and training remain key in helping people achieve greater self-sufficiency and independence. Programs often work best when they are provided in partnership with the community.

- In 2003/04, Building Independence continued to work to develop employment-related initiatives for income assistance participants, partnering with government, business, service providers and community-based organizations.
 - In addition, the Building Independence Resource Directory (BIRD) became available on the Internet (<http://www.gov.mb.ca/fs/bird>). BIRD provides a listing of education and training opportunities that are available to income assistance participants. The information is available in both English and French.
- Employment and Income Assistance (EIA) and Municipal Assistance also provide incentives for participants to obtain employment by not counting a certain portion of their earnings as income. In 2003/04, 13.4 per cent of the EIA caseload made use of the work incentive provisions.
- Vocational Rehabilitation programming continued to offer a wide range of employment-focused services to assist persons with disabilities achieve greater self-sufficiency and independence. In 2003/04, 4,525 persons with disabilities were provided vocational services, of which 1,697 received training funds to support their education and employment-related plans.
- In August 2003, federal/provincial and territorial Ministers responsible for Social Services reached agreement in principle on a new Multilateral Framework for Labour Market Agreements for Persons with Disabilities (LMAPD) to replace the Employability Assistance for Persons with Disabilities (EAPD) Agreement.
- In 2003/04, Manitoba, in partnership with the federal government, embarked on an evaluation of EAPD programming in order to assess program and service effectiveness in improving the employment situation of persons with disabilities.

Goal - To increase the self-sufficiency, independence and inclusion in society for children and adults with a disability

Manitoba considers services for persons with disabilities to be a high priority. Over the last few years, the department has put much effort into providing programs and resources that enhance the quality of life of children and adults with disabilities living in the community. The Services for Persons with Disabilities Division was created to provide a more visible presence for these programs and strives to address the multiple needs of these individuals. Over 2003/04, the department continued to enhance and expand supports to increase accessibility, reduce barriers, and help maximize the independence and well-being of persons with disabilities.

- Funding was increased for the Children's Special Services (CSS) component of Children's Programs which provides supports to families who have children with developmental or physical disabilities. These supports help families maintain their children in their communities to the greatest extent possible and include respite care, child development, summer supports, equipment and supplies, transportation assistance and home and vehicle modifications.
- Funding support provided by Family Services and Housing was doubled for the preschool Applied Behaviour Analysis (ABA) program in 2003/04. This resulted in the phase-in of an additional 24 children in 2003/04, for a total of 46 children.

In partnership with the departments of Education, Citizenship and Youth; and Health, an ABA Action Plan was approved for school-age programming, resulting in the following:

- CSS provided families that self-managed an ABA program for school-age children with funding of up to a maximum of \$6,000.00 per year for the home-based portion of the program; and
- the exploration of ways in which the three departments could support a school-age program on an interim basis while examining options for longer-term support.
- In fall of 2003, selected Regional Health Authorities commenced the coordination and delivery of health-related supports as prescribed by the Unified Referral and Intake System (URIS). URIS supports children who require assistance to perform special health care procedures when they are apart from their parents/guardians and is a joint initiative of Education, Citizenship and Youth; Health; and Family Services and Housing.
- Additional funding was provided for the Children with Disabilities Program. In 2003/04, 1,366 children were served through the program which is provided in licensed, community-based child care centres, homes and nursery schools. The additional funding helped to support more children and provide equivalent wage increases for their workers.
- Funding for Supported Living programming increased substantially over the last few years in support of the commitment to meet the needs of adults with disabilities and their families. In 2003/04, the department continued to increase funding for the program to expand supports and services for adults with a mental disability. These supports, which included residential, respite, day services and case management activities such as counselling and referral, allowed over 4,000 adults with a mental disability to safely live and participate as full and active members of the community. Funding for pensions and benefits was provided to full-time staff of agencies to assist them with staff recruitment and retention.
- Following through on key commitments made in *Full Citizenship: A Manitoba Provincial Strategy on Disability*, the province's first Disabilities Issues Office was officially opened in December 2003. The Office serves as a central review body across government, identifying issues and coordinating policy development affecting persons with disabilities. Staff work closely with the

disability community to improve communication with government on disability policies and program issues.

Goal - To increase the safety and well-being of persons who are vulnerable or at risk

The department remains committed to ensuring the safety and well-being of Manitoba's most vulnerable citizens. In 2003/04, the department continued to implement measures that promote well-being and protect children, individuals and families at risk.

- The Child Protection Branch, in collaboration with the Office of the Children's Advocate, was involved in a comprehensive review of the emergency shelter system in Winnipeg to ensure it is better able to provide safe, supportive care to children who are at risk. During the course of the review, steps were taken to address some of the key issues which came to light, including:
 - using shelters more effectively;
 - redirecting resources from shelters to alternatives;
 - strengthening on-site supervision and management of the shelter system; and
 - improving training opportunities so staff could upgrade their knowledge and skills.

An action plan that responds to the over 70 recommendations from the Children's Advocate for improvements to the short-term shelter system will be implemented in the 2004/05 fiscal year.

- A Multi-Jurisdictional Implementation Committee, led by Family Services and Housing, continued to meet regularly to move forward with the Manitoba Strategy on Child and Youth Sexual Exploitation. Working with community groups active in the issue, the strategy focuses on strengthening responses to child sexual exploitation.
 - Funding was provided for the establishment of a six-bed safe transition home in Winnipeg for sexually exploited females between the ages of 13 and 17. "Honouring the Spirit of Our Little Sisters," a Ma Mawi Wi Chi Itata Centre facility, officially opened November 10, 2003.
- The Family Violence Prevention Program (FVPP) provides an extensive range of preventative, protective and supportive services to women, children and men caught in the cycle of violence. Increasing awareness and understanding of domestic violence continues to be an effective approach to the problem of violence in families.
 - In February 2004, the FVPP Website was made available, with links to family violence prevention and intervention services with their own websites. The revised website provides educational information on family violence, public awareness campaign messages and community-based resources and contact information.
 - The FVPP, in partnership with the Department of Health and medical professionals from rural and urban health centres, drafted a protocol for physicians whose patients present with domestic violence injuries or issues. This will support an enhanced coordinated system response to victims of family violence, as well as a practical tool for physicians who confront this in their own practices and in hospital settings across Manitoba. The Advisory Board of the College of Physicians and Surgeons plans to formally adopt the Clinical Practice Guideline on Family Violence early next fiscal year.
- The Supported Living Program has worked to increase the safety and well-being of persons with disabilities living in the community. Vulnerable persons are at increased risk of violence and

- abuse in their daily lives. In 2003/04, Supported Living Program staff provided training and resources to service providers on recognizing and reporting abuse and neglect of vulnerable persons as defined under *The Vulnerable Persons Living with a Mental Disability Act*.
- In response to the Cory Moar Inquest and Judge Kopstein's recommendations (which recommended training of departmental staff on recognizing abuse of a disabled person), in 2003/04, the department coordinated the design and delivery of a training program, Orientation to Abuse and Neglect of Adults Living with a Disability, to 467 staff of Employment and Income Assistance and the Manitoba Housing Authority.
 - The Provincial Special Needs Program (PSNP) provides case management and funding for individuals with a mental disorder or disability who pose a high risk to themselves or the public but who do not qualify for the Supported Living Program or Community Mental Health Services. The program is operated in partnership with the departments of Health and Justice and has achieved multi-system service coordination across the different jurisdictions.
 - The PSNP continues to be delivered via the Provincial Special Needs Unit (PSNU), consisting of three staff from Family Services and Housing. Functional guidance to the PSNU is provided by a steering committee comprised of representatives from the three funding departments, specifically Family Services and Housing, Health and Justice.
 - By the end of 2003/04, the program was serving 61 participants with a total of 45 receiving program funding and the balance only receiving case management supports. This represented an increase of 33 participants from the previous fiscal year.
 - The Supported Living Program continues to support ongoing initiatives in regard to the protection of vulnerable persons under *The Vulnerable Persons Living with a Mental Disability Act*. In 2003/04, the program planned, coordinated and helped deliver training to Employment, Income and Housing staff on the issues of violence against persons with disabilities. Additionally, the program produced and disseminated the Protection Booklet for Direct Service Providers to all externally funded agencies to promote awareness of the abuse and neglect of vulnerable persons.
 - In 2003/04, 754 foster children were supported by the Subsidy Program for special social needs.

Goal – To improve the healthy development of children, families and communities

Manitoba recognizes that healthy families, communities and especially children, are the pillars on which our future is built. In 2003/04, the department continued to promote the healthy development and well-being of Manitoba children, families and communities through our support of early childhood learning and care; child and adolescent prevention programs; and culturally-appropriate and community-based services.

- Child care remains a central component in our efforts to support child and family development. *Manitoba's Five-Year Plan for Child Care* sets out to maintain and improve the quality of child care in the province, as well as to improve both accessibility and affordability. In 2003/04, Manitoba increased child care funding by \$6 million (of this amount, Canada, through the *Multilateral Framework on Early Learning and Child Care*, contributed nearly \$1 million to support early learning and child care).
- In year two of the multi-year plan, the department:

- Approved new operating grant funding for 788 child care spaces.
- Increased funding for the Child Care Subsidy Program to cover cost increases and to support more subsidized children, as well as to cover additional costs for full-day care for school age children given the new school year start date after Labour Day, effective September 2003.
- Increased grant funding for child care centres, homes and nursery schools to advance the goal towards *Manitoba's Five-Year Plan for Child Care*.
- Provided funding for training grants of up to \$250 for newly licensed family child care providers and for currently licensed providers and child care assistants who successfully complete a relevant and accredited 40 hour course.
- Provided one-time only start-up funding to 17 child care centres for newly funded spaces including 80 infant, 276 preschool and 20 nursery school spaces, in February 2004. These funds helped centres with capital improvements such as program equipment, office or leasehold improvements.
- Provided funding for 225 nursery school spaces in 22 programs and 42 infant spaces in 12 full-time programs with funding from programs that were not using all of their spaces.

Growth in Child Care Spaces

Growth in Child Care Spaces Since 2000/2001

2003/2004	25,634	\$62,739.1*

* Does not include Children with Disabilities. Information on Children with Disabilities is reported under the Services for Persons with Disabilities Division.

- Work continued on the Aboriginal Justice Inquiry – Child Welfare Initiative (AJI-CWI), nationally recognized for its historical significance. Manitoba is the first province to give First Nations/Metis people province-wide authority and responsibility for their own child welfare system.

- Three years of work culminated in proclaiming *The Child and Family Services Authorities Act* in November 2003. The Act establishes four Child and Family Services Authorities and creates the legislative framework for the new child and family services system. The four new authorities created through this new act are:
 - the Metis Child and Family Services Authority;
 - the First Nations of Northern Manitoba Child and Family Services Authority;
 - the First Nations of Southern Manitoba Child and Family Services Authority; and
 - the General Child and Family Services Authority.
 Each Authority will create a service delivery system to serve its people throughout Manitoba.
- Case transfers began shortly after proclamation, based on a region-by-region implementation. The first transfers occurred in the Interlake region in January 2004, followed by transfers in Eastman region in February. Other regions of the Province will proceed throughout the year and are expected to be completed in 2005.
- Metis Child Family and Community Services was mandated in September 2003.
- Basic Foster Care rates were increased by 2.5 per cent effective July 1, 2003.
- In 2003/04, the department continued to partner with other government departments in support of Healthy Child Manitoba (HCM). HCM advocates putting children and families first and advances many of the department's goals for early years development through its continuum of support. HCM facilitates a community development approach for the well-being of Manitoba's children, families and communities. A copy of Healthy Child Manitoba's Annual Report for the year 2003/04 is available at 219 – 114 Garry Street, Winnipeg, MB R3C 4V6 or by telephone at (204) 945-2266.

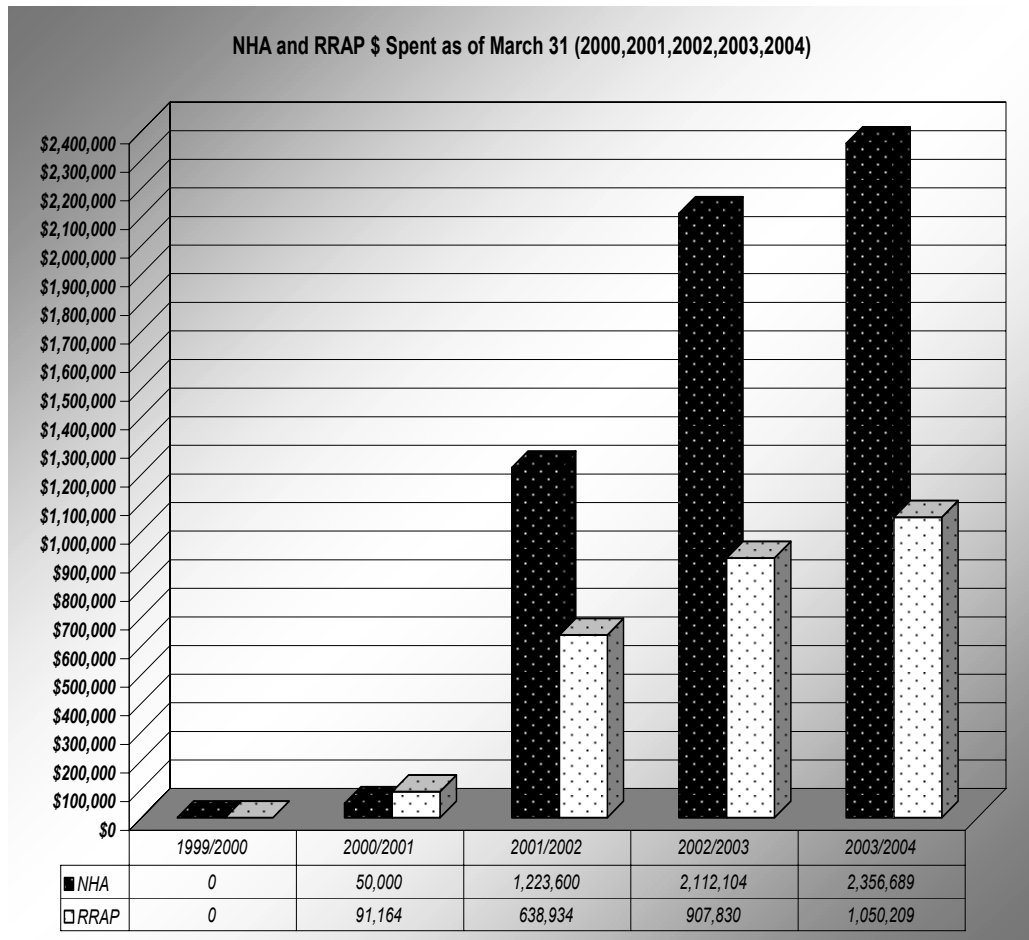

Goal - To increase the availability of safe, affordable and appropriate housing

Safe and stable neighbourhoods contribute to healthy families and communities. Adequate and suitable housing has positive effects on health, safety, employment and education for all citizens. During 2003/04, the department continued to work with the community to increase the supply of affordable housing and improve neighbourhoods.

- With the Affordable Housing Initiative (AHI) underway, the province continued to work with other levels of government to develop safe and affordable housing for families with low and moderate incomes. The AHI is a five-year, \$50 million federal/provincial government venture which will create approximately 2,500 affordable new homes and rental units in Manitoba. The AHI will address Manitoba's greatest areas of housing need through four balanced program components: new rental supply; new homeownership supply; repair/conversion and homebuyer down payment assistance. Funding is also dedicated to housing in remote areas.
 - In April 2003, a Multi-Year Memorandum of Understanding (MOU) to create more affordable housing was signed between the Manitoba government and the City of Winnipeg under the AHI. The MOU will see the City contribute over \$17 million in support of affordable housing in Winnipeg over the next five years. This is a major step to meet the long-standing need for affordable housing in Winnipeg and will greatly enhance the delivery of the AHI in Winnipeg.
 - Under the AHI, the Manitoba Housing and Renewal Corporation issued an Expression of Interest to solicit New Rental Supply project proposals. In February 2004, the Community

Economic Development Committee of Cabinet agreed that eight project proposals totalling \$5.62 million in New Rental Supply funding be moved forward for approval.

- The department continued to fund a range of programs delivered by the Winnipeg Housing and Homelessness Initiative (WHHI), a partnership between the three levels of government to address declining housing stock, homelessness and the revitalization of Winnipeg's older neighbourhoods. The initiative was formally announced in May 2000 with each level of government committing funding over four years. In November 2003, the initiative was extended for an additional five years.
 - The WHHI has committed over \$31 million to support the repair, rehabilitation and construction of over 1,100 units of housing and 100 rooms or beds, as well as provide assistance to homeless individuals and families, or those at-risk of becoming homeless.
- In 2003/04, \$3 million in funding for programs such as the Neighbourhood Housing Assistance and \$2 million as the provincial contribution to the federal/provincial Residential Rehabilitation Assistance Program continued to contribute to the revitalization of housing in declining neighbourhoods in Winnipeg, Brandon and Thompson.

- The Manitoba Housing and Renewal Corporation, in partnership with northern/Aboriginal organizations, is developing a strategic approach to address the needs associated with housing in the North. The strategy is comprehensive in scope and recognizes the relationship between housing, health, education and economic development, while emphasizing the need for a community-driven approach.
 - In March 2003, the grand opening of the Northern Model House took place in Thompson, Manitoba. The Model House was built with the support of northern organizations and Manitoba Hydro in order to demonstrate the viability of panellized housing technology as a promising building technique suitable to northern living conditions.
- The Manitoba Housing Authority continued to offer affordable, quality rental housing for eligible low-income families, single persons, seniors and persons with disabilities or special needs throughout Manitoba and managed approximately 13,000 public housing units over 2003/04.

Goal - To improve the quality, efficiency and accessibility of the services provided by the department

The department is committed to continuous service improvement. It recognizes that as the needs and concerns of Manitobans change, service delivery must also evolve to reflect those changes. During 2003/04, Family Services and Housing continued to implement important initiatives and introduce new measures that address service delivery priorities.

- Implementation of the Integrated Services Delivery (ISD) initiative continued to move forward with the goals of making it easier for Manitobans to access the services they require and better addressing the needs of Manitobans requiring service.
 - To achieve these goals, the six regions in rural and northern Manitoba have been involved in planning for an integrated regional delivery system.
 - In Winnipeg, the department has been working in partnership with Manitoba Health and the Winnipeg Regional Health Authority to develop community access centres that will integrate health and social services in six paired community areas in Winnipeg. Access centres will locate health and social services in the communities they serve, minimize duplication and gaps in services, and be particularly helpful to people with multiple service needs. The first of these centres, ACCESS River East, opened in February 2004 and offers a single point of access for a full range of health and social services, including primary health care.
 - In March 2004, the department reorganized its remaining Winnipeg service delivery staff to form integrated area-based teams within existing offices for the remaining five paired community areas in Winnipeg. As much as possible, staff were located within the community area that they serve. Program participants' caseloads were reassigned to staff responsible for the community area in which the program participants reside.
- In November 2003, the department introduced legislation to establish a one-tier system of income assistance in rural and northern Manitoba. A single delivery system will eliminate duplication in administration and allow income assistance benefits and training and employment supports to be delivered in a consistent and efficient manner.

- The Integrated Financial and Case Tracking (inFACT) system is a powerful integrated case management software application designed to store and manage demographic, eligibility, service plans and financial information within and across the Supported Living Program, the Special Needs Unit and Children's Special Services within the Services for Persons with Disabilities Division.
 - Work on inFACT in 2003/04 included the completion of the consolidated commitment accounting financial module and additional management and statistical reporting capabilities, as well as the implementation of automated case management functions. InFACT went live in February 2004 for training and loading of data and was in place for province-wide use as of April 1, 2004.
- The Child and Family Services Information System (CFSIS) is a database used to track CFS client information. CFSIS can now use the Internet as an access channel as a result of the design and implementation of the department's Secure Internet Services portal. This portal enables Aboriginal child welfare agencies to access CFSIS via the Internet from within their own existing Information Technology desktop environments in a secure, fully-encrypted and reliable manner. Continued development of CFSIS results in increased accountability, program effectiveness and earlier identification of issues.
- The department has worked closely with Manitoba Information and Communications Technology on a multi-phase project to replace the department's electronic Day Care Information system with a new system (Child Care Online). The new system incorporates numerous child care-related online public services such as the Child Day Care Subsidy Eligibility Estimator, a tool that enables parents to determine if they qualify for a child care subsidy; an online subsidy application; an online child care search function to help parents locate child care that suits their needs; as well as a number of additional online tools for service providers. The final phase of Child Care Online was released on March 26, 2004.

Goal - To increase community capacity and opportunities for community involvement and input

The input of Manitoba citizens and recognition of the important work being done in communities are essential to the successful operation of the department's social programs and services. In 2003/04, the department continued to focus on initiatives that encourage cooperation and that build consensus for community capacity.

- In December 2003, the Disabilities Issues Office (DIO) held its second Annual Round Table on Disability Issues. Issues highlighted for discussion by the disability community included housing, education, employment, disability supports and service provision to First Nations. These regular consultations with the public help guide planning among the disability community, the Manitoba government and citizens as a whole. They are paramount in addressing the changes needed to allow Manitobans with disabilities to fully participate in society.
- A Working Group on Housing for Individuals with a Disability continued to meet monthly over 2003/04, to discuss issues, models, best practices and solutions related to housing for individuals living with a disability in Manitoba. The Working Group is comprised of representatives from community organizations representing persons living with disabilities, government departments and the Regional Health Authorities. The Working Group sought input from the larger community in the spring of 2003 through a survey to 304 organizations. Priority issues have been explored and ideas formulated by four subcommittees will be provided in a report to government during the next fiscal year.

- As part of the Northern Housing Strategy, the Affordable Housing Initiative will be implemented in rural and remote communities in Manitoba. In order to address the specific challenges and needs of these remote communities, community consultations took place in five rural and remote communities during the summer of 2003. Responses were positive and provide important information in planning for specific needs. Homeowner/tenant capacity training for northern and remote communities is being developed to help provide skills to homeowners and tenants in relation to operating and maintaining a healthy, safe and economical home.
- Support continued for Neighbourhoods Alive!, a provincial initiative that focuses on community-based efforts to revitalize neighbourhoods. This long-term development strategy provides community groups in designated areas of Winnipeg, Brandon and Thompson with the support they need for programs in the areas of housing and physical improvements, employment and training, education and recreation, safety and crime prevention. In 2003/04, Manitoba committed \$3.7 million to Neighbourhoods Alive!. This funding will assist neighbourhoods to develop local capacity, innovative training and provide a fund through which they can implement their revitalization plans.
- In 2003/04, the Supported Living Program continued to work with agencies to develop a human resource strategy to improve the recruitment and retention of workers which is aimed at the creation of a comprehensive training system to ensure a qualified workforce. Over the last two years, the Supported Living Program has provided funding for 950 tuition subsidies for Foundations training for new employees to provide orientation and basic training to services in this field, and Supervisory Training for supervisors to assist agencies to retain current employees. Work is continuing with agencies to develop a longer-term staff training and qualification system to ensure quality services and positive outcomes are achieved for adults with mental disabilities.
- In 2003/04, the department continued to work with the disability community on issues related to employment and income assistance through the Joint Community and Government Members Committee on Disability Related Employment and Income Assistance Issues. This committee has provided feedback on a wide range of issues.
- On January 1, 2004, the department implemented Phase III of the Staffing Stabilization Initiative by providing funding to Supported Living and Vocational Rehabilitation agencies for the purchase of pensions and/or benefits for their employees.
- The Child Day Care Regulatory Review Committee continued to meet in 2003/04 to provide recommendations to the Minister for improving Manitoba's child care system. Members include early childhood educators from various sectors, including nursery school, full-time infant and preschool centre and school age centre, family child care, Francophone child care, Aboriginal child care, First Nations child care, as well as representatives from the Manitoba Child Care Association, training institutions, labour, social service organizations and departmental staff.
- Based on the direction provided by a document on citizen engagement prepared by a departmental working group in 2003/04, each region has incorporated citizen involvement in its regular strategic planning process.

ADMINISTRATION AND FINANCE DIVISION

Divisional Goals

- To maintain an active comptrollership and administrative support function by ensuring that financial and administrative policies, services and reporting systems are developed and administered effectively.
- To provide technical expertise in the development and maintenance of computer systems in support of departmental and Healthy Child Manitoba programs and services.

Divisional Responsibilities

- Provides centralized financial, administrative and information technology support services to the department through the division's two branches:
 - Financial and Administrative Services
 - Information Technology

The division is also responsible for coordinating the implementation of the Integrated Services Delivery (ISD) initiative. The goal of ISD is to reduce service fragmentation and to provide citizens with improved access to coordinated services. This is the first year in which the department has delivered the majority of its services through the new Community Services Delivery Division.

Through the Winnipeg Integrated Services Initiative (WISI), the department has been working collaboratively with the Department of Health and the Winnipeg Regional Health Authority to integrate social services and health services, including primary care, at the community level. With its partners, the department continues to develop Community Access Centres that will provide integrated health and social services within the community. In February 2004, ACCESS River East opened to the public, a one-stop location where citizens can access information on a wide array of services and apply for services directly. The centre averages 140 client visits per day and 400 plus telephone inquiries about programs and services.

In partnership with other levels of government, the department has established three Bilingual Service Centres, one in St. Boniface, a second in St. Pierre-Jolys and the third in Notre Dame de Lourdes, to bring together a wide variety of social, employment and administrative services in one convenient location to meet the needs of francophone Manitobans.

FINANCIAL AND ADMINISTRATIVE SERVICES

Objectives

- To maintain an active comptrollership function, by ensuring that financial and administrative policies, services and reporting systems are developed, maintained and effectively administered to meet the needs of the department in the financial control, accountability, reporting and the safeguarding and protection of financial and physical assets.
- To provide central financial management services in accordance with governing legislation and established financial administration policies and procedures.
- To provide a broad range of operational and administrative support services to the operating divisions.

Responsibilities

- Plans, organizes and evaluates departmental financial administration and management activities comprising comprehensive budget Estimates planning and support services, financial forecasting and reporting, disbursements and revenue accounting, appropriation control and provision of functional direction on financial and administrative policies and operational procedures and practices to divisional staff.
- Coordinates the department's responses to requests for access to information under *The Freedom of Information and Protection of Privacy Act*.
- Manages the French Language Services policies throughout the department and for a number of outside agencies that deliver services on the department's behalf.
- Coordinates the implementation of the Integrated Service Delivery initiative.

09-1F Financial and Administrative Services

Expenditures by Sub-Appropriation	Actual 2003/04 \$000	FTE	Estimate 2003/04 \$000	Variance Over/(Under)	Expl. No.
Total Salaries and Employee Benefits	1,529.5	31.00	1,484.8	44.7	
Total Other Expenditures	423.8		430.4	(6.6)	

Activities/Highlights in 2003/04

- Provided ongoing management reporting regarding the department's fiscal status, as well as emerging financial and program management issues, to executive management and central government.
- Provided ongoing identification and monitoring of emerging financial and program management issues and monitoring to ensure that control and accountability systems are in place.
- Provided ongoing coordination of the department's annual Estimates exercise, including the production of the Supplementary Information for Legislative Review and the provision of Estimates briefing material.
- Provided timely and accurate responses to access to information requests, consistent with requirements of *The Freedom of Information and Protection of Privacy Act*.
- Provided ongoing review of the department's financial and administrative control systems and controllership activities.
- Continued implementation of changes and refinements as part of the Integrated Service Delivery initiative.
- Coordinated French Language Services both within the department and including a number of external agencies which deliver services on behalf of the department. This includes working with the Advisory Committee on French Language Social Services.

- Provided administrative support to the Vulnerable Persons' Hearing Panel, including the coordination, attendance, and scheduling of hearings.

INFORMATION TECHNOLOGY

Objectives

- To provide information technology leadership and expertise, consulting services and solutions to the department and related clients to promote efficient use of information in support of the department's business strategy and goals.
- To provide strategic and tactical information technology planning, information systems analysis, design, implementation and ongoing support to the users of existing systems.

Responsibilities

- Plans long-term information systems strategies, facilitates the annual departmental information technology plan and develops detailed project plans in support of new initiatives.
- Develops information systems in support of departmental programs and assists in the development of necessary training material.
- Reviews and revises systems development standards, procedures and policies in support of the strategic information technology direction of government.
- Provides an internal consulting group that can assist divisions and branches in designing effective technical solutions to meet their business needs.
- Ensures the security of departmental information technology assets and continuity of services.
- Refines the manner in which the department manages and utilizes information technology.
- Manages the outsourcing of certain departmental information technology resources including hardware, software and local/wide area network support.

1. The variance is due to expenditure management control.

Activities/Highlights in 2003/04

- Continued management of outsourcing agreements for technical and operational support for the department's desktop infrastructure and Child and Family Services' database servers, allowing the Information Technology (IT) Branch to focus on the department's strategic information technology priorities.
- Provided ongoing maintenance and enhancements to the Social Allowances Management Information Network (SAMIN), Child and Family Services Information System (CFSIS), and Child Day Care systems, plus 36 other custom software applications.
- Completed a project adding a new Intake module to CFSIS providing usability enhancements supporting the requirements of the Aboriginal Justice Inquiry – Child Welfare Initiative (AJI-CWI).
- Implemented a project to provide the ability for Aboriginal child welfare agencies to access CFSIS via the Internet from within their own existing IT desktop environments in a secure, fully-encrypted and reliable manner. This solution is not only innovative, but has been delivered at a significant cost saving to the government.
- Implemented the first release of the strategic integrated case management platform which replaced two obsolete legacy applications. Future releases will continue to replace additional obsolete legacy applications.
- Implemented an application used to collect and report on direct service person hours and services provided. This information is required to calculate the cost of providing the service and to ensure compensation to the service providers.
- Continued working closely with the Winnipeg Regional Health Authority to ensure the applications and supporting technologies were in place for the opening of ACCESS River East. This relationship serves as a template for the implementation of future community access centres.

DISABILITIES ISSUES OFFICE

The Disabilities Issues Office was established in December 2002 in response to *Full Citizenship: A Manitoba Provincial Strategy on Disability*. The office reports directly to the Minister responsible for Persons with Disabilities.

Objectives

- To act as a centralized resource for all government departments to assist and coordinate initiatives that have implications for persons with disabilities.
- To support communication between the disability community and government regarding disability policy and program issues.

Responsibilities

- Provides coordination across departments to ensure a consistent approach to disability policies.
- Acts as a central resource to assist with the development and review of initiatives for persons with disabilities.
- Facilitates round table discussions with the disability community and government on various disability issues and develops a reporting process to identify priority disability issues for consideration.

- Celebrated the official opening of the Disabilities Issues Office on December 3, 2003, International Day of Disabled Persons.
- Held the Round Table on Disability Issues in December 2003 using videoconferencing to include Winnipeg, Brandon and Thompson in the consultation.
- Helped initiate discussions with federal and First Nations governments to achieve greater fairness in the delivery of disability services.

EMPLOYMENT, INCOME AND HOUSING DIVISION

Divisional Goals

- To enhance the affordability and choice of adequate housing for Manitobans, particularly those of low to moderate incomes and those with special needs.
- To help Manitobans to regain their independence by supporting their transition from income assistance to employment.
- To ensure that no Manitoban lacks the goods and services essential to health and well-being, by providing income assistance to Manitobans in need.

Divisional Responsibilities

- Provides policy coordination, direction and support for the department's employment support, financial assistance and housing programs.
- Provides employability assessments, personal job planning, work incentives and other supports to assist Manitobans to enter or re-enter and remain in the labour market.
- Provides income assistance to persons in need, including municipal assistance.
- Provides essential drug, dental and optical services and support to Employment and Income Assistance participants and children in care.
- Provides financial supplements to low-income persons 55 years of age and over and to low-income families with children.
- Provides links to training and employment opportunities, child care services for active job searchers, job readiness assessments, and partnerships with agencies helping people on income assistance reduce dependence on government programs.
- Provides operational assistance to support not-for-profit housing and the delivery of housing grant and subsidy payments to low-income renters under shelter assistance programs.
- Provides coordination and support services to the Manitoba Housing Authority, the Affordable Housing Initiative, and the Winnipeg Housing and Homelessness Initiative.

The division consists of the following major areas:

- Strategic Initiatives and Program Support
- Employment and Income Assistance Programs
- The Manitoba Housing and Renewal Corporation
- Housing Programs
- Corporate Services
- The Manitoba Housing Authority

STRATEGIC INITIATIVES AND PROGRAM SUPPORT

Objectives

- To provide executive direction, management, coordination and support for the programs and services delivered and administered under the Employment, Income and Housing Division.

Responsibilities

- Provides policy and program direction to develop, manage and deliver the Employment, Income and Housing programs and services.
- Provides program analysis and overpayment recovery for Employment, Income and Housing programs.

- Assisted in the ongoing development of services which are consistent with the policy and program objectives of the division and the department.
- Coordinated Integrated Service Delivery activities related to housing programs and services, and to the provision of information regarding housing-related programs through community access offices.

EMPLOYMENT AND INCOME ASSISTANCE PROGRAMS

Objectives

- To provide effective leadership, direction, fiscal management and support to ensure the delivery of Income Assistance programs, Building Independence projects and Income Supplement programs in accordance with the relevant legislation and government policy.
- To develop and implement initiatives for Employment and Income Assistance (EIA) participants to assist Manitobans to regain their financial independence from income assistance by making the transition to work.

The branch consists of the following areas:

- Policy and Program Development – Responsible for the development and maintenance of legislation, policy and program development, new initiatives such as the restoration of the National Child Benefit Supplement, and public communications such as program brochures.
- Support Services and Employment Development – Responsible for quality assurance, program budgeting, information technology, training and employment initiatives under the Building Independence strategy, and support to municipalities in the delivery of Municipal Assistance.

Responsibilities

Employment and Income Assistance (EIA)

- The major objectives of the EIA program are:
 - to assist Manitobans in regaining their financial independence by helping them to make the transition from income assistance to work; and
 - to provide income assistance to Manitobans in need.
- Financial assistance is provided to persons in need who are eligible for assistance under *The Employment and Income Assistance (EIA) Act*, including single parents, aged persons, persons requiring the protection of a crisis intervention facility, and children whose parents are unable to support them, as well as non-disabled single persons, childless couples and two-parent families. Eligibility may also be granted under special case consideration at the discretion of the Minister. In 2003/04, persons who did not qualify for EIA benefits could apply to their local municipality for assistance under the Municipal Assistance Program. *The EIA Act* also provides eligibility for assistance to persons with disabilities who are in need. Information on these participants is reported under the department's Services for Persons with Disabilities Division.
- Eligibility for assistance is also determined by a needs test, in which the amount of a household's financial resources is compared to the total costs of its basic necessities as defined in *The EIA Act* and Regulations. Certain items and income are not included in the calculation of financial resources.
- EIA provides employability assessments, personal job planning, work incentives and other supports to assist Manitobans in entering, re-entering or remaining in the labour force.
- EIA provided assistance to an average monthly caseload of 14,750 in 2003/04, a decrease of 2.2 per cent from the previous year.

- During 2003/04, 13.4 per cent of the income assistance caseload made use of the work incentive provisions of the program.

Municipal Assistance

- The Municipal Assistance Program is administered by municipalities outside the City of Winnipeg, in accordance with *The EIA Act* and *The Municipal Act*. Municipal assistance is provided to persons who are not eligible for assistance from EIA, i.e., non-disabled single persons, childless couples and two-parent families. The EIA Programs Branch administers the cost-sharing of municipal assistance provided by municipalities, and provides interpretation and support to municipalities in their delivery of municipal assistance.
- Municipalities provided assistance to an average monthly caseload of 1,150 in 2003/04.

Health Services

- The Health Services Program provides essential drug, dental and optical services and support to EIA participants and children in care.
- Supplies and services are generally provided in accordance with approved fee schedules negotiated with professional health organizations. These agreements specify the types of goods and services provided, eligibility criteria, level of payment and related billing procedures.
- Health Services provided benefits to an average monthly caseload of 17,062 in 2003/04. Of these cases, 5,376 (31.5 per cent) were children in care.

Income Supplement Programs

- The Employment and Income Assistance Branch administers two Income Supplement Programs for low-income Manitobans. 55 PLUS - A Manitoba Income Supplement provides quarterly supplements to low-income persons 55 years of age and over. The Child Related Income Support Program (CRISP) provides monthly supplements to low-income families with children.

55 PLUS – A Manitoba Income Supplement

The 55 PLUS program has two components. The Senior Component is for persons who are eligible to receive certain levels of benefits under the federal Old Age Security programs. The Junior Component is for low-income persons 55 years of age and over who are not eligible for federal Old Age Security benefits, and who are not in receipt of provincial or municipal assistance. Eligibility for the Senior Component is determined from a person's application for the federal Guaranteed Income Supplement. An annual application is necessary for the Junior Component.

During 2003/04, 55 PLUS benefits were provided to an average of 12,741 individuals per quarter. The majority (68.5 per cent) of these participants were single.

** *For married participants, in some cases both members of a couple receive 55 PLUS and in other cases only one spouse is a participant.*

Child Related Income Support Program (CRISP)

CRISP provides benefits to low-income Manitoba families who are not in receipt of provincial or municipal assistance, whose total family income is within specified levels, and whose net family assets are \$200,000 or less. Benefits are determined by total family income from the previous tax year, although estimated income for the current tax year may be used when there has been a significant change in the applicant's situation. A new application is required for each benefit year, which runs from July 1 to June 30.

During 2003/04, CRISP benefits were provided to an average of 1,153 families per month, representing 2,558 children. Of these families, 60 per cent were headed by single parents.

Building Independence:

Building Independence develops and coordinates initiatives that help EIA and municipal assistance participants who are seeking work and want to participate meaningfully in the community. Support is also provided to projects that promote job opportunities and increase the job skills and employability of specific target groups.

Building Independence initiatives are designed to:

- reduce barriers to employment by providing tools, such as child care and voice mail services;
- provide better job readiness assessments;
- provide real links to training and employment; and
- support agencies to work in partnership with the EIA Program.

* Financial assistance expenditures. Employment and Income Assistance expenditures include the provincial share of Municipal Assistance expenditures.

1. The variance was primarily due to lower than expected caseload costs.
2. The variance was primarily due to a decrease in the volume and pricing in the Drug Program.
3. The variance was primarily due to project start up not proceeding and lower wage subsidy recoveries, partially offset by an increase in short-term skills training and job placements.

Activities/Highlights in 2003/04

- There were two increases to the income assistance rates in 2003/04:
 - In July 2003, there was a two per cent increase in the rates for board and room for income assistance participants requiring care and supervision, and for all five levels of residential care.
 - In January 2004 (for February 2004 benefits), there was an increase of \$20 per month per adult in the basic assistance rates for single adults and childless couples in the general assistance category, and for all adults in the disabilities and aged categories. This increase benefited 27,915 participants.
- Effective January 2004 (for February 2004 benefits), the National Child Benefit Supplement (NCBS) was restored for children twelve years and over in families receiving income assistance. This was the final step in the progressive restoration of the NCBS for all income assistance families. All federal increases to the NCBS have been passed on to these families since July 2000. The entire NCBS has been allowed to flow through for children six years and under since July 2001, and for children seven to eleven years of age since January 2003. The full restoration of the NCBS will cost \$13.7 million annually.
- In 2003/04, much of the branch's resources were devoted to the implementation of the Rural and Northern One-Tier initiative. This initiative was requested by the Association of Manitoba Municipalities (AMM), shortly after the Province assumed responsibility for the delivery of income assistance in the City of Winnipeg in April 1999. A single delivery system will eliminate duplication in administration, and allow income assistance benefits and training and employment supports to be delivered in a consistent, efficient and effective manner. Legislation was introduced in November 2003 to establish a one-tier system of income assistance outside of Winnipeg, to be implemented June 1, 2004. Plans for implementation were developed in consultation with the AMM.

- In 2003/04, the Building Independence Resource Directory (BIRD) became available on the Internet. BIRD assists income assistance participants in becoming independent of assistance by providing a listing of education and training opportunities that are available to participants. The information is available in both English and French.

THE MANITOBA HOUSING AND RENEWAL CORPORATION (MHRC)

Objectives

- To enhance the affordability of, and accessibility to, adequate housing for Manitobans, particularly those of low to moderate incomes or those with specialized needs.
- To maintain and improve the condition of existing housing stock.
- To stimulate and influence the activities of the housing market to the benefit of Manitobans as a whole.

Responsibilities

- As a crown corporation, operates pursuant to *The Housing and Renewal Corporation Act* (R.S.M. 1987 Chapter H160); governed by a board of directors under the provisions of the Act, with policy direction provided by government.
- Operates as the delivery arm for federal/provincial cost-shared social housing programs and other capital programming provided by the Province.
- As an approved lender under the federal *National Housing Act*, issues mortgages and loans and holds assets.
- Owns all assets but is financially dependent upon government, receiving an annual transfer payment basically equal to the difference between MHRC's revenues and its expenses less federal recoveries from the Canada Mortgage and Housing Corporation (CMHC). As part of the government's annual Estimates process, these dollars are voted by the Legislature to the department which, in turn, "transfers" funds to the MHRC as required. (See Appendix for MHRC Financial Statements)
- Provides subsidies for approximately 36,000 housing units developed under various federal/provincial housing programs. Approximately 13,000 housing units are managed by the Manitoba Housing Authority (MHA), an agent of the MHRC. The remaining housing units are managed by sponsor and non-profit groups.
- Provides strategic planning and the development of new housing policy, programs, initiatives and corresponding legislation and regulations; program systems support and development; standards development and quality assurance; program analysis and evaluation; and issue management.
- Coordinates the MHRC's planning activities and provides ongoing housing program development and policy analysis related to program support.
- Examines new building technologies to assess their feasibility for Manitoba home construction.
- Monitors compliance with operating agreement provisions and promotes efficient management of projects in accordance with program objectives, and recommends changes to agreements to enhance operation of programs and projects.

- Performs operational audits of Non-Profit or Cooperative housing projects, including tenant selection, building maintenance, financial control, rent calculations, management control and board involvement.
- Conducts workshops and training sessions for Non-Profit and Cooperative housing projects.
- Delivers and administers the federal/provincial cost-shared Affordable Housing Initiative (AHI) and the renovation and repair programs in Manitoba – Residential Rehabilitation Assistance Program (RRAP), Emergency Repair Program (ERP), Home Adaptations for Seniors' Independence (HASI) and Shelter Enhancement Program (SEP). Delivers the provincially funded Homeowner Emergency Loan Program (HELP).
- Provides financial assistance for benefits under the following shelter assistance programs:
 - Shelter Allowances For Elderly Renters (SAFER);
 - Shelter Allowances For Family Renters (SAFFR); and
 - School Tax Assistance for Tenants Aged 55 Plus (STAT 55+).
- Plans, organizes and evaluates corporate accounting and financial management activities including financial reporting, expenditure and revenue processing and appropriation control, federal/provincial cost-shared program reporting and claiming.

HOUSING PROGRAMS

Objectives

- To provide strategic planning and the development of new housing policies, programs and initiatives for the department.

Responsibilities

- Undertakes program analysis and evaluation, and recommends program and policy changes to better meet the objectives of the programs.
- Provides analysis, negotiation and coordination of interdepartmental and intergovernmental agreements and initiatives, as well as federal/provincial/territorial coordination and collaboration.
- Administers operating agreements with non-profit owned and/or managed housing projects.
- Oversees the development and delivery of the Affordable Housing Initiative (AHI), both in Winnipeg (through the Winnipeg Housing and Homelessness Initiative) and through partnerships with municipalities and service organizations in rural communities.

The branch consists of the following areas:

- Housing Services – Provides program development, coordination, forecasting and statistical support services to the division, the MHRC and the MHA in support of strategic and operational decision-making.
- Portfolio Administration – Administers and monitors operating agreements with non-profit owned and/or managed housing projects. The area is also responsible for over 19,300 social housing units under non-profit, cooperative and urban native programs, and approximately 2,000 units developed under the Rural and Native Housing Program.

- Affordable Housing – Responsible for the delivery of the AHI, a five-year joint venture of the federal and provincial governments, developed to increase the supply of affordable housing rental units and new housing available in Manitoba. This will be achieved by supporting the development of new rental and homeowners units, offering repair/conversion options and providing homebuyer down payment assistance and rent supplements.

Activities/Highlights in 2003/04

Affordable Housing Initiative

On September 30, 2002, the Canada-Manitoba Affordable Housing Agreement was executed by the Manitoba Housing and Renewal Corporation and the Canada Mortgage and Housing Corporation. Under this agreement, the governments of Canada and Manitoba will each contribute approximately \$25.4 million to a number of Affordable Housing Programs that will support new rental housing, homeownership opportunities, the rehabilitation of existing housing, and the conversion of non-residential buildings to provide housing. As a result, up to 2,500 affordable housing units will be created in Manitoba over five years.

During 2003/04, the Province continued to work with other levels of government to develop safe and affordable housing for families with low and moderate incomes.

In April 2003, a Memorandum of Understanding (MOU) was signed between the Province of Manitoba and the City of Winnipeg. Through implementation of the MOU, the City of Winnipeg will provide support for affordable housing in Winnipeg over five years, thereby enhancing the delivery of the Affordable Housing Initiative in Winnipeg.

Under the Affordable Housing Initiative, the Manitoba Housing and Renewal Corporation also issued an Expression of Interest to solicit New Rental Supply project proposals. In February 2004, the Community Economic Development Committee of Cabinet agreed that eight project proposals, totalling \$5.62 million in funding, be moved forward for approval.

Winnipeg Housing and Homelessness Initiative (WHHI)

The Housing Programs Branch is an active partner in the tripartite Winnipeg Housing and Homelessness Initiative (WHHI). The WHHI provides a one-stop approach for community organizations to access housing and/or homelessness programs provided by all three levels of government in the City of Winnipeg.

In 2003/04, the department continued to fund a range of programs delivered by the WHHI to address declining housing stock, homelessness and the revitalization of Winnipeg's older neighbourhoods. The WHHI delivers the provincial Neighbourhood Housing Assistance (NHA) Program in Winnipeg, which provides assistance of up to \$10,000 per unit to community-based organizations and individuals in support of locally planned and delivered initiatives for homeownership and renovation in targeted neighbourhoods. A total of \$8 million has been committed over four years for provincial housing programs, such as the NHA, delivered by the WHHI. This funding can be provided in conjunction with assistance received under the Residential Rehabilitation Assistance Program (RRAP).

In November 2003, Canada, Manitoba and Winnipeg renewed the MOU to extend the WHHI for an additional five years. The renewal of the partnership will lead to more safe, affordable housing and programs and services to prevent or alleviate homelessness in Winnipeg.

2 This is total RRAP funding, which is cost shared 75% federal and 25% provincial.

Northern Housing Strategy

The Manitoba Housing and Renewal Corporation, in partnership with northern/Aboriginal organizations, is developing a strategic approach to address the needs associated with housing in the North. The strategy is comprehensive in scope and recognizes the relationship between housing, health, education and economic development, while emphasizing the need for a community driven approach. It is also intended to respond to common areas of need and priority in northern housing, and related partnership opportunities, as identified by northern communities and stakeholders at a Northern Housing Forum held in Thompson in May 2001. Leaders of the partner northern/Aboriginal organizations meet periodically with the Minister of Family Services and Housing to guide the development of the Northern Housing Strategy. In addition, a Technical Advisory Committee (TAC), with representation from the organizations and the department, meets on an ongoing basis.

In response to Northern Housing Forum resolutions, and to recommendations by the Northern Housing Strategy partner organizations, a Northern Model House has been constructed in Thompson. The Northern Model House, developed in collaboration between northern communities, northern organizations, MHRC and Manitoba Hydro, is intended to demonstrate the viability of Panellized Housing as an innovative technology suitable to address northern housing challenges. During 2003/04, tours of the Model House were conducted and initial tests of the house took place. Manitoba Hydro operated a Northern Energy Information Centre in the Model House in the spring and summer of 2003.

Additional activities in 2003/04 included planning for more extensive tests of the Model House, for an initial build of panellized housing units in northern Manitoba communities, and for the development and delivery of homeowner/tenant capacity training for northern and remote communities.

Shelter Allowances For Elderly Renters (SAFER)

Funded by MHRC but delivered through Provincial Services, the Shelter Allowances For Elderly Renters program provides direct monthly cash assistance to persons aged 55 and over who rent their living accommodation in the private marketplace and whose rent exceeds 25 per cent of household income. The program subsidizes between 60 per cent and 90 per cent of the portion of the eligible rent that exceeds 25 per cent of the household income. As income increases and rent decreases in proportion to income, the assistance is reduced. The maximum benefit under the program is \$170 per month.

Applicants must re-apply for benefits on an annual basis and must meet eligibility criteria. The maximum eligible income for a single renter aged 55 or older is \$1,470 per month, and the maximum claimable rent on which benefits are based is \$405. The maximum eligible income for a renting couple in which one or both person(s) are aged 55 or older is \$1,650 per month, and the maximum claimable rent on which benefits are based is \$455.

Persons in receipt of Employment and Income Assistance are not eligible for benefits under this program. Persons residing in rent-geared-to-income subsidized elderly persons' housing, rent supplement housing or personal care homes are not eligible for benefits under this program.

During the year ended March 31, 2004, 3,076 clients received benefits for total program expenditures of \$2,276,000. The following table provides program information for the past three years:

Fiscal Year	Average No. of Recipients Per Month	No. of Active Recipients at Year End	Total No. of Recipients	Average Monthly Benefit Paid	Expenditures Total \$000
2001/02	2,908	2,779	3,283	82	2,849.8
2002/03	2,709	2,566	3,232	80	2,587.4
2003/04	2,563	2,361	3,076	74	2,276.0

Shelter Allowances For Family Renters (SAFFR)

Funded by MHRC but delivered through Provincial Services, the Shelter Allowances For Family Renters program provides direct monthly cash assistance to eligible families who rent their living accommodation in the private marketplace and whose rent exceeds 25 per cent of household income. The program subsidizes up to 90 per cent of the portion of the eligible rent that exceeds 25 per cent of the household income. As income increases and rent decreases in proportion to income, the assistance is reduced. The maximum benefit under the program is \$180 per month.

Applicants must re-apply for benefits on an annual basis and must meet eligibility criteria. To qualify for this program, there must be at least one child/dependant under 18 years of age living in the household.

For a two-person household (including one adult and one child/dependant), the maximum eligible income is \$19,380 per year (\$1,615 monthly) and the maximum claimable rent is \$445. For a three-person household (including at least one child/dependant), the maximum eligible income is \$20,940 per year (\$1,745 monthly) and the maximum claimable rent is \$480. For a four-person household (including at least one child/dependant), the maximum eligible income is \$21,780 per year (\$1,815 monthly) and the maximum claimable rent \$500.

Persons in receipt of Employment and Income Assistance are not eligible for benefits under this program. Persons residing in rent-geared-to-income government-subsidized housing or rent supplement housing are not eligible for benefits under this program.

During the year ended March 31, 2004, 991 clients received benefits and total program expenditures were \$894,000. The following table provides program information for the past three years:

Fiscal Year	Average No. of Recipients Per Month	No. of Active Recipients at Year End	Total No. of Recipients	Average Monthly Benefit Paid \$	Expenditures Total \$000
2001/02	533	537	1,018	126	807.7

School Tax Assistance for Tenants 55 Plus (STAT 55+)

The School Tax Assistance for Tenants 55 Plus Program provides an annual grant of up to \$175 to tenants aged 55 years or older, to offset the school tax portion of rental costs. The grant is payable once a year. Applications submitted during 2004 relate to rents paid during the 2003 calendar year. This program is funded by MHRC but delivered through Provincial Services on behalf of the Department of Finance. Program expenditures are recovered from the Department of Finance.

Applicants must meet eligibility criteria. Tenants aged 55 years or older whose net income is less than \$23,800 and who rented their principal residence in the private rental market during the previous calendar year are generally eligible. Pensioners who were eligible but did not receive their rebate during previous years, can apply for benefits retroactively for up to four years. Tenants living in non-profit housing for the elderly or in projects licensed under *The Elderly and Infirm Persons' Housing Act* do not qualify for benefits under this program because rents in these housing projects do not include school tax costs.

During the year ended March 31, 2004, 4,033 rebate cheques were issued (including retroactive/partial year cheques), representing an expenditure of \$497,000 for the fiscal year. The following table provides program information for the past three years:

Fiscal Year	Total Applications Received	Total No. of Recipients*	Average Annual Benefit Paid \$	Expenditures Total \$000
2001/02	5,301	4,797	125	599.8
2002/03	4,750	4,118	127	521.7
2003/04	4,503	4,033	124	497.0

* Includes multiple rebates for retroactive benefits, and applications received in previous fiscal year and paid in current fiscal year.

Complementary Assistance Program

Funded by MHRC but delivered through Provincial Services, the Complementary Assistance Program (CAP) provides grant assistance to housing co-operatives to lower housing charges for income-tested occupants. Applicants must meet income eligibility criteria. Co-ops submit monthly statements to claim assistance on behalf of eligible clients.

While the program is closed to new applications from co-ops, CAP assistance continues to be provided to co-ops under previous commitments.

During the year ended March 31, 2004, 72 households in 10 co-ops were subsidized through the CAP. A total of \$151.8 was expended during the fiscal year. The following table provides program information for the past three years:

Fiscal Year	No. of Co-ops at Year End	No. of Recipients at Year End	Expenditures Total \$000
2001/02	10	119	176.8
2002/03	10	78	190.4
2003/04	10	72	151.8

Rent Supplement Program

Funded by MHRC but delivered through Provincial Services, the Rent Supplement Program is designed to assist low- and moderate-income families and elderly households to obtain suitable housing in the private rental sector and in non-profit housing projects. The provincial government has entered into agreements with owners/operators of private rental stock whereby the province subsidizes the difference between the approved market rental rate charged by the landlord and the rent-geared-to-income rate paid by the qualifying tenant. Subsidy costs are shared by the federal and provincial governments on a 50 per cent federal/50 per cent provincial basis for units committed pre-1986 and on a 75 per cent federal/25 per cent provincial basis for units committed post-1985.

The following table provides program information for the past three years:

Fiscal Year	Units Subsidized as at March 31	Average Monthly Supplement Paid \$	Expenditures Total \$000
2001/02	1,947	210.03	4,942.6
2002/03	1,864	201.89	4,750.8
2003/04	1,870	236.73	4,667.5

CORPORATE SERVICES

Objectives

- To ensure the corporate comptrollership function is appropriately maintained to meet the needs of the division, the MHRC and the MHA for financial control, accountability, reporting and the safeguarding and protection of financial and physical assets.

- To provide comprehensive central support services to corporate operations and branches including direction and support in financial planning, financial evaluations and protection of corporate assets, reporting control policies, process and procedures.
- To provide direction and panning for subdivision development and marketing.

Responsibilities

- Plans, organizes and evaluates corporate accounting and financial management activities including financial reporting, expenditure and revenue processing and appropriation control, cost-shared reporting and claiming.
- Establishes and provides direction on corporate financial management policies, procedures and practices.
- Advises executive management regarding emerging financial and program management issues.
- Coordinates and supports the development of the corporate estimates in support of the division, the MHRC and the MHA.
- Coordinates, monitors and reports on the corporate entities which include the MHRC, the MHA and sponsor and private non-profit groups.
- Administers the loan and mortgage portfolio.
- Supports management through the provision of analytical, consultative and evaluative advice on new departmental and corporate programs, financial proposals and ongoing operations.

Mobile Home Loan Guarantee Program

The Mobile Home Loan Guarantee Program guaranteed loans made by approved lenders for the purchase of mobile homes. These guarantees allowed the lender to provide the loan at a lower interest rate and for a longer term, resulting in lower monthly payments by the borrower. This program terminated March 31, 1997.

The following table provides program information for the past three years including outstanding guarantees as at March 31, 2004.

Outstanding Guarantees		
Fiscal Year	Total Units	Amount \$000
2001/02	66	1,531.5
2002/03	47	1,133.6
2003/04	38	878.0

09-2C Transfer Payments to MHRC

Expenditures by Sub-Appropriation	Actual 2003/04 \$000	FTE	Estimate 2003/04 \$000	Variance Over/(Under)	Expl. No.
Transfer Payments to MHRC	25,984.0		26,901.9	(917.9)	1
Valuation Allowance Adjustment	(529.5)		-	(529.5)	2
Net Transfer Payments to MHRC	25,454.5		26,901.9	(1,447.4)	
Grants and Subsidies	3,170.0		3,600.0	(430.0)	3
Total MHRC	28,624.5		30,501.9	(1,877.4)	

1. The variance is due to a reduction in the MHRC draw down required for 2003/04 operations. The actual results in support of these operations are found in The Manitoba Housing and Renewal Corporation Statement of Operations on page 2 of the MHRC Financial Statements (see Appendix).
2. It is the Province of Manitoba's accounting policy to record the deficit/surplus of Crown organizations as an expenditure of the Province of Manitoba in the year in which they were incurred. The expenditure is recorded as a valuation allowance against advances owed to the province by the organization. The valuation allowance adjustment applied to MHRC Transfer Payments in 2003/04 is in the amount of (529.5).
3. The under expenditure in grants and subsidies is primarily due to a lower than projected recipient base under the Shelter Allowances For Elderly Renters (SAFER) program.

THE MANITOBA HOUSING AUTHORITY (MHA)

Objectives

- To provide quality affordable housing options to low-income seniors, single persons, families and persons with special housing needs, including crisis shelters for victims of family violence, who could not otherwise afford adequate housing in the private rental market for less than 30 per cent of their total household income.

Responsibilities

- As an agency of the MHRC, functions as the property management agency for approximately 13,000 units in the provincial public housing portfolio and ten crisis shelters for victims of domestic violence.
- Provides a safe and secure living environment for seniors, individuals and families at affordable rental rates geared to the income of the tenants.
- Fosters and supports tenants associations to enable tenants to be involved in assisting the housing authority to meet its goals in ensuring the success and sustainability of social housing programs.

SERVICES FOR PERSONS WITH DISABILITIES DIVISION

Divisional Goals

- To enhance opportunities for children and adults with disabilities in Manitoba to attain increased self-sufficiency, independence and participation in society.
- To harmonize the major aspects of programs, legislation, policies and practices, providing leadership in the development of solutions to better integrate supports for children and adults with disabilities.
- To continue to develop and implement a framework to establish and strengthen effective, inclusive, community partnerships and consultation processes.
- To recognize, promote and encourage effective communication and ongoing collaboration with staff, both within and outside the division.
- To continue to develop clear roles, responsibilities and effective working relationships within the division, department, the Disabilities Issues Office, and other government departments.

Divisional Responsibilities

- Provides coordination, direction and support for the department's programs for persons with disabilities.
- Provides program direction and funding for services to children with disabilities; for supported living services for adults with a mental disability; for vocational rehabilitation services for adults with a physical, mental, psychiatric or learning disability; and for employment and income support services to persons with disabilities.
- Administers the substitute decision-making provisions of *The Vulnerable Persons Living with a Mental Disability Act*.
- Provides central program and financial management, policy and strategic initiative development, legislative and information systems business support services.

The division includes the following program areas that are responsible for services that address the needs of Manitobans with disabilities:

- Strategic Initiatives and Program Support
- Adult and Children's Programs
- Office of the Vulnerable Persons' Commissioner

STRATEGIC INITIATIVES AND PROGRAM SUPPORT

Objectives

- To work in conjunction with the Adult and Children's Programs Branch and the Community Service Delivery Division in providing effective leadership, coordination, direction and support for the department's adult and children's programs for persons with disabilities.
- To research, design and develop policies and practices that shape the programs and services available to persons with disabilities.

- To take the lead role in developing and reviewing standards, quality assurance and performance measures and legislation that impact services provided to persons with disabilities.
- To pursue innovative solutions and initiatives which improve services for persons with disabilities and reflect the Vision, Mission and Goals of the division and the department.

Responsibilities

- Provides central program and policy direction for divisional programming.
- Provides program analysis, policy and strategic initiatives development, legislative and regulatory services.
- Provides business support services for adult and children's information systems.
- Provides financial management, central administration and support services.

09-3A Strategic Initiatives and Program Support

Total Other Expenditures	1,463.5		1,480.1	(16.6)	

Activities/Highlights in 2003/04

- Provided leadership in the development of the strategic direction for the new division of Services for Persons with Disabilities, including a new vision, mission, goals, and values and principles.
- Established the Joint Community and Government Members Committee on Disability-Related Employment and Income Assistance Issues. The purpose of the Joint Committee is to provide a common table where government and community members can participate in a cooperative and collaborative approach to share information and opinions and provide constructive input as part of a process to address common issues for persons with disabilities on Employment and Income Assistance.
- Developed and distributed a survey of Day Services' agencies/organizations in order to better understand the types of services that currently exist and for whom, and to amend the Supported Living Program's current definitions as necessary.
- Developed the Integrated Financial Client and Case Tracking (inFACT) computer system, designed as an information management system to improve participant and financial tracking of program expenditures for the Supported Living, Children's Special Services and Special Needs programs.
- Continued the Canada Pension Plan Disability Pilot Project in Winnipeg, whereby Employment and Income Assistance participants are assisted to improve their access to federal Canada Pension Plan Disability benefits by receiving in-person assistance to complete applications and with the appeals process.

ADULT AND CHILDREN'S PROGRAMS

Objectives

- To provide program direction and funding for supported living programs for adults with a mental disability.
- To provide support to families with children who have disabilities.
- To plan and develop innovative means of meeting the child care needs of parents who have children with special needs.
- To provide leadership, direction and focus to the Vocational Rehabilitation program for adults with a physical, mental, psychiatric or learning disability.
- To provide direction and funding for employment and income support services to persons with disabilities.

The branch is divided into the following areas:

- Supported Living – Responsible for the planning, development, maintenance, overall direction and management of programs and resources that support and enhance the quality of life of adults with a mental disability living in the community. Responsible for the review and development of policies associated with Day Services, Residential Services, Support Services and Residential Care Licensing.
- Children's Programs – Responsible for policy and program development in supporting families to care for their children, aged 17 years and under, who have physical and/or developmental disabilities. Children's Programs include Children's Special Services, Children with Disabilities Program in Child Day Care, children with disabilities in care with a child welfare agency, and children with disabilities whose families are recipients of Employment and Income Assistance. The programs help families maintain their children with disabilities in their own homes and the local community to the greatest extent possible.
- Employment and Income Support Services – Provides leadership, direction and funding to programs for persons with disabilities interested in pursuing training and employment opportunities. Responsible for services provided through the Employment and Income Assistance for persons with disabilities and Vocational Rehabilitation programs.

Responsibilities

- Provides leadership and support to Community Service Delivery staff, external agencies and other service partners in promoting effective and efficient program administrative practices in the delivery of support services for adults and children with a physical and/or mental disability.
- Provides financial management, which includes preparing and managing the overall budget, with input from the Community Service Delivery Division; identifying the resources required to provide quality, cost-effective services; allocating financial resources; ensuring that programs are delivered within budgeted resources; and ensuring financial accountability for program funds.
- Interprets policy and legislation to government and non-government service providers.
- Develops and revises policies and programs in a manner that is consistent with, and responsive to ongoing changes in other programs and the socio-economic environment, and the community as a whole.

- Provides licensing standards to ensure the safety, health and well-being of adults with a mental disability, mental disorder, cognitive impairments or frailty due to aging, who reside in community residential care facilities; and children with disabilities in child care facilities.
- Supports parental participation in child care services for children with disabilities.
- Monitors and evaluates programs and services, including the adequacy of service rates and the ongoing identification of participants' needs and ensures that programs are delivered within government policy and legislation.
- Provides training and development opportunities for staff of the Community Service Delivery Division, Services for Persons with Disabilities Division and related agencies to ensure a working knowledge of programs and policies.

Activities/Highlights in 2003/04Supported Living

The Supported Living Program offers a range of day and residential services aimed at providing adults with a mental disability the opportunity for independence in a community setting to the extent possible for each individual. The Supported Living Program supports, that are potentially available, include Residential Services, Day Services, and related Support Services.

Residential Services include funding for a range of residential supports to assist adults with a mental disability to live in the community in their residential option of choice. The day services provided through the Supported Living Program include supported employment and follow-up services, services with a vocational focus, and individualized development services. Additional supports available with funding from the Supported Living Program may consist of transportation between Residential and Day Programs, respite and crisis intervention, and clinical services.

- Through the Staffing Stabilization Initiative and in partnership with service providers, the Supported Living Program has initiated the development of a Human Resource Strategy to ensure a well qualified workforce to provide services to adults with a mental disability. In 2003/04, this included the development of job descriptions and competencies, as well as providing training to 516 staff of agencies for two Red River College accredited courses, Foundations in Disability & Community

Support, and Supervision in Human Resource Service Settings. Training was delivered to 2,909 agency staff, including Foundations curriculum, Non-Violent Crisis Intervention, First Aid, and Supervisory Training.

- In partnership with the departments of Health and Justice, the Supported Living Program is participating in the management of a Provincial Special Needs Program for individuals who present a serious risk to themselves or the community, but who would not otherwise be eligible for the supported living supports or Community Mental Health Services.
- By the end of 2003/04, the Provincial Special Needs Program (PSNP) was serving 66 participants, 45 of whom were receiving program funding; the remaining 21 received case management supports with no direct program funding attached. This represents an increase of 8 per cent from 2002/03 in the number of individuals being served. The PSNP, operated in partnership with the departments of Health and Justice, provides case management and funding for individuals with a mental disorder or disability who pose a high risk to themselves or to the public but who do not qualify for the Supported Living Program or Community Mental Health Services. In addition, the Provincial Special Needs Unit, which delivers the PSNP, provided intermittent consultations to both service providers and funders for 31 additional individuals who are considered either at “high risk” to offend or at extreme risk of being victimized.
- The Supported Living Program continues to develop various protocols and policies to ensure the effective delivery of the program, including the establishment of a Discharge Policy (relating to both Day Services and Residential Programs), a Working Alone Policy (affecting agency employees while on the job), Self-Administered Respite policies, Restraint Policy, and Transitional Protocols (authorized jointly with the Child Services Branch and intended to inform the transition of eligible children involved with Child and Family Services into adult programs offered by Supported Living).
- The Residential Care Licensing unit inspected 183 licensed adult residential care facilities, with a total of 1,295 bed spaces to ensure continued compliance with standards. The unit also provides consultation and support to designated licensing authorities for approved facilities. In 2003/04, these designated authorities (Family Services and Housing Regional Managers and Regional Health Authorities) issued 717 letters of approval for homes with three beds or less, representing a total of 1,313 bed spaces.
- Residential Care Licensing staff have participated in planning meetings with the City of Winnipeg, the Fire Prevention Office and the Fire Commissioner’s Office to develop a set of guidelines for approved homes (three beds and under). These guidelines will be shared throughout the province once they are finalized.
- Six of the eleven Regional Health Authorities (RHAs) have now accepted the delegated licensing responsibility for approved homes for their program (Mental Health). Residential Care Licensing staff provide training and policy interpretation, as required.

Children's Programs

Children's Programs is responsible for policy and program development in supporting the ability of families to care for their children, aged 17 years and under, who have physical and/or developmental disabilities. Children's Programs services help families maintain their children with disabilities in their own homes and the local community to the greatest extent possible.

Children's Programs is in the process of operationalizing the department's Integrated Service Delivery initiative by integrating Children's Special Services, the Children with Disabilities portion of the provincial Child Day Care Program, children with disabilities whose families receive Employment and Income Assistance, and children with disabilities who are in care with a child welfare agency. These programs are

being harmonized to facilitate improved access to service and to better address the needs of children and their families.

Children’s Special Services

Children’s Special Services (CSS) is a non-statutory, voluntary program that provides assistance to natural, adoptive or extended families living with children who have developmental and/or physical disabilities. Program staff in six regional offices throughout the province and six community areas in Winnipeg provide case management support and individualized services that address the unique needs and circumstances of eligible children and their families. Services and supports are intended to strengthen families and reduce their stress so that costly out-of-home placement is prevented or delayed.

CSS also provides grant funding to external agencies to deliver specialized services.

Children with Disabilities Program – Child Day Care

Children’s Programs is responsible for the Children With Disabilities (CWD) program that supports the child care needs of children with disabilities and their families. It is responsible for providing program and administrative direction to eligible child care facilities and homes to support the attendance and participation of children with disabilities.

CWD provides supports and grants to assist child care centres, nursery schools, family child care and group child care homes to work with children with mental, physical, behavioural and emotional disabilities. The goal of enrolling children with disabilities in early childhood settings is to help promote their developmental potential within an inclusive community environment.

Children in Care with Disabilities Receiving Support from the Exceptional Circumstances Fund

Children’s Programs is responsible for the administration of the Exceptional Circumstances Fund which refers to central funding administered by the Child Protection Branch for children in the care of Child and Family Services agencies or Regional offices who meet one of several unique criteria to merit specialized funding.

Children with Disabilities whose parents are in receipt of Employment and Income Assistance

Employment and Income Assistance (EIA) is a provincial program for people who need help to meet basic personal and family needs. Wherever possible, the program is aimed at helping people find a job or get back to work. Children with disabilities are supported by EIA by virtue of their families being enrolled in the program.

Family Support Services

Children’s Special Services provides families who have children with a developmental and/or physical disability with a variety of supports that reflect the unique circumstances of each family and the needs of their child. Staff use a family-centred approach in helping families to identify and access the resources,

both formal and informal, that they require. These supports include provision of individualized services such as respite care, child development, therapy, supplies, equipment, transportation, and home modifications. The purpose of family support is to reduce stress encountered by families and to better enable families to address the needs of their children with disabilities in their own homes.

In 2003/04, a permanent Applied Behavioural Analysis (ABA) program for pre-school children with autism was expanded. The ABA program provides intensive behaviour intervention and is delivered by St. Amant Centre in partnership with the Manitoba Families for Effective Autism Treatment.

Children's Special Services delivers Family Support Services through regional offices, staffed by the department's Community Services Delivery Division and supports these services and staff by providing financial and program guidelines, consultation, training, research and evaluation.

Funding to External Agencies

Children's Special Services provides funding and consultation to external agencies that deliver specialized services, such as therapy and respite for children with disabilities and their families. Funded non-government agencies include the Society for Manitobans with Disabilities, Rehabilitation Centre for Children, St. Amant Centre, Community Respite Services, Central Speech and Hearing Clinic and Open Access Resource Centre.

Children's Special Services works closely with Child Day Care and Child Protection and Support Services, Healthy Child Manitoba, the voluntary sector, the Regional Health Authorities, hospitals, schools, and agencies. As well, Children's Programs staff work collaboratively with the provincial departments of Education, Citizenship and Youth, and Health to coordinate programs and activities that promote and support the development of children with disabilities and their families.

Unified Referral and Intake System

Children's Special Services provides leadership and administrative support to the Unified Referral and Intake System (URIS), a joint initiative of the departments of Family Services and Housing, Education, Citizenship and Youth, and Health. The protocol supports children who require assistance to perform medical procedures when they are apart from their parents/guardians.

URIS provides funding and policy direction to assist community programs, such as schools, child care facilities, recreation programs and respite services to safely support children with special health care needs.

Provincial Outreach Therapy for Children

The Provincial Outreach Therapy for Children (POTC) program is delivered as a joint venture by the Society for Manitobans with Disabilities (SMD) and the Rehabilitation Centre for Children (RCC). SMD delivers occupational therapy, physiotherapy, and speech and language therapy to pre-school children in Winnipeg and delivers speech and language services to pre-school children in rural and northern Manitoba. RCC delivers occupational therapy to pre-school children and some school age children in rural and northern Manitoba. In Winnipeg, St. Amant Centre is also a participating agency in POTC. Services are provided to children who are eligible for Children's Special Services.

The goal of POTC is to utilize a collaborative, consultative approach in which therapy is provided in the child's natural setting. Therapists work with the child's parents or caregivers so that they become the primary provider of therapy services and integrate that therapy into the child's and their daily routines.

Children's Therapy Initiative

Manitoba Health, Education, Citizenship and Youth, and Family Services and Housing provide funding for children's occupational therapy, physiotherapy, speech/language pathology and audiology services. These services are delivered through the regional health authorities, school divisions and service agencies.

Based on the recommendations stemming from the regional consultations with major stakeholders throughout the province, an interdepartmental working group has developed a framework for the provision of the above services.

The Children's Therapy Initiative is intended to provide coordinated, regionally-based therapy services that assist all children in need of therapy, to reach their full potential. The approach will improve delivery of existing therapy services and result in a more effective provision of services through better collaboration between stakeholders. Pilot projects were carried out in Winnipeg, Central Region, Brandon and Northern Region.

Employment and Income Assistance – Persons with Disabilities

Employment and Income Assistance, operating under the authority of *The Employment and Income Assistance Act*, provides financial assistance to persons with disabilities who are in need and eligible for assistance, while the Health Services program provides assistance for essential health services.

Vocational Rehabilitation

The Vocational Rehabilitation program assists eligible adults with a disability to pursue and secure gainful employment by providing a spectrum of vocational training, education and support services.

Individual vocational training plans are submitted to the Vocational Rehabilitation program by Vocational Rehabilitation Counsellors employed by Community Services Delivery or grant funded agencies. Based on these plans, funds are approved to assist individuals in accessing vocational training services.

The objectives of the Vocational Rehabilitation program are:

- To provide vocational rehabilitation services to adults with a disability, to enhance their independence and ability to contribute socially and economically through employment in the competitive labour force.
- To assist adults with a mental, physical, psychiatric or learning disability to prepare for, obtain and maintain employment through the provision of assessment, training, education and support services.

Activities/Highlights in 2003/04

- Initiated the transfer of Doray Enterprises, an employment program for adults who have a psychiatric disability and are not ready to cope with the demands and pressures of the competitive work environment, to the Winnipeg Regional Health Authority in order to align services with other employment-related programs for people with psychiatric disabilities.
- Initiated a review and update of the Vocational Rehabilitation policy manual to reflect the Integrated Service Delivery model, clarify procedures and make changes identified by field staff.
- Partnered with Social Development Canada to undertake a comprehensive evaluation of Manitoba's labour market programming for persons with disabilities which is supported by the Employability Assistance for People with Disabilities Agreement. The first phase initiated in 2003/04 will establish the evaluation framework and methodology for the review.
- Continued meeting with the departments of Health and Advanced Education and Training to review supported employment programs and develop a joint strategic plan based on the review of Manitoba's supported employment services infrastructure.

- Provided vocational services for 4,525 people with disabilities with 1,697 receiving vocational training funds to assist them in accessing education and training opportunities to improve employment outcomes.
- Vocational Rehabilitation outcome data is not available until October 2004, but data for 2002/03 indicates that services were provided for 4,364 participants and 1,413 had some form of employment following intervention. A further 331 participants in vocational crisis were supported by the program to preserve employment.
- Signed the new Canada Manitoba Labour Market Agreement for Persons with Disabilities (LMAPD), which replaced the Employability Assistance for Persons with Disabilities Agreement. The LMAPD will be effective April 1, 2004 to March 31, 2006.
- Continued to create an awareness of the abilities of persons with disabilities to promote and support their employability in 2003/04 and will continue to develop strategies in this area.

OFFICE OF THE VULNERABLE PERSONS' COMMISSIONER

Objectives

- To administer the substitute decision-making provisions of *The Vulnerable Persons Living with a Mental Disability Act*, proclaimed on October 4, 1996, in keeping with the department's goal of increasing the safety and well-being of persons who are vulnerable or at-risk. The Act is designed to safeguard the rights of vulnerable persons and to protect them from abuse and neglect. A substitute decision-maker is an individual appointed by the Vulnerable Persons' Commissioner to make decisions for a vulnerable person who requires decisions to be made and is unable to make them. A vulnerable person is defined in the Act as an adult living with a mental disability who is in need of assistance to meet his or her basic needs with regard to personal care or management of his or her property.

Responsibilities

- Conducts preliminary investigations of applications for the appointment of substitute decision-makers for vulnerable persons.
- Establishes hearing panels to review applications and make recommendations to the Vulnerable Persons' Commissioner as to whether the criteria for the appointment of a substitute decision-maker are met, as well as the terms and conditions of any appointment.
- Appoints substitute decision-makers and keeps a register of appointments of substitute decision-makers.
- Provides notice to vulnerable persons, their families, support network members and substitute decision-makers with respect to the disposition of applications and the appointment of substitute decision-makers.
- Provides information to vulnerable persons, their families and friends and members of the general public about the substitute decision-making process.

09-3C Office of the Vulnerable Persons' Commissioner

Expenditures by Sub-Appropriation	Actual 2003/04 \$000	FTE	Estimate 2003/04 \$000	Variance Over/(Under)	Expl. No.
Total Salaries and Employee Benefits	388.1	5.00	374.5	13.6	
Total Other Expenditures	91.4		175.8	(84.4)	

Activities/Highlights in 2003/04

- Administered the substitute decision-making provisions of the Act.
- Reviewed and carried out preliminary investigations on 110 applications for the appointment of a substitute decision-maker for a vulnerable person.
- Reviewed and took action on 23 applications for the appointment of an emergency substitute decision-maker for a vulnerable person.
- Maintained a register of appointments of substitute decision-makers for 1,532 vulnerable persons.
- Reviewed and monitored the activities of over 400 family members and friends who are substitute decision-makers for personal care and/or property for vulnerable persons.
- Carried out approximately 650 reviews of vulnerable persons whose appointment of a substitute decision-maker was expiring to determine if the appointment should be renewed.
- Made presentations to approximately 420 individuals including vulnerable persons and their families, staff and board members of non-governmental agencies, social workers and staff in government agencies and teachers employed at a Winnipeg school.
- Amended the Hearing Panel Procedures in consultation with members of the hearing panel roster to allow vulnerable persons in certain circumstances to present their testimony on an ex parte (in private) basis at a hearing. The new procedures were used in several hearings when for compelling reasons, a vulnerable person felt uncomfortable or intimidated in testifying in front of a person who was present at a hearing.

CHILD AND FAMILY SERVICES DIVISION

Divisional Goals

- To work with child and family services authorities, community-based agencies, regional offices, community access area teams, and others, to keep children safe and protected, assist people affected by family violence and family disruption, and promote the healthy development, well-being and inclusion of children and families.
- To improve parents' access to quality and affordable child care that assists in the healthy development of children and the social, economic and labour market participation of parents.
- To support the development and maintenance of healthy relationships between parents and children and their extended family networks, address the needs of children in need of protection or alternative care, and assist people affected by family violence and family disruption.
- To assist community organizations and communities to increase their capacity to support the healthy development, well-being and inclusion of children and families.
- To provide policy, program, financial and other assistance and support to authorities, service providers and other organizations to help achieve our mission.
- To work collaboratively with communities, community organizations, other governments, other funders, and other sectors to improve outcomes and results for children and families.

Divisional Responsibilities

- Administers *The Child and Family Services Act*, *The Child and Family Services Authorities Act*, *The Adoption Act*, *The Intercountry Adoption (Hague Convention) Act* and *The Community Child Day Care Standards Act*.
- Provides central program management of strategic initiatives for Child and Family Services Division programs and co-management of strategic initiatives for other divisions within the department.
- Provides program, policy and administrative direction and support for services to children in care, child protection and adoption services to communities and families in accordance with *The Child and Family Services Act* and *The Adoption Act*. These services are delivered by child and family services agencies and regional offices. As well, there are specialized services delivered by other agencies.
- Licenses and provides program and financial support to child care facilities and subsidies on behalf of eligible families.
- Provides funding, program and administrative direction and support to a wide continuum of community-based agencies, which offer services to abused women, their children, and men with abusive behaviours.
- Provides funding, program and administrative direction to a continuum of community-based agencies offering services to at-risk children and families and provides policy support to the Family Conciliation program.

Programs and services administered by the division are directed and supported by three branches:

- Strategic Initiatives and Program Support
- Child Protection
- Family and Community Support

STRATEGIC INITIATIVES AND PROGRAM SUPPORT

Objectives

- To provide central program and policy management support for the division and the programs delivered within the division.
- To co-manage implementation of major new initiatives and to ensure collaboration between the operational branches in the division, as well as cooperation with other key departments.
- To coordinate long-term strategies for the Child and Family Services Division within the department and across government.
- To enhance the quality of divisional programs by conducting program evaluations and providing advice to the operational branches on how to incorporate best practice approaches into service delivery.
- To ensure fiscal accountability by assisting branches to manage financial resources and relationships with agencies.
- To provide recommendations on legislative changes to support government initiatives and priorities.

Responsibilities

- Develops an annual strategic plan for the division in consultation with the operational branches.
- Develops implementation plans for new initiatives or major reforms to existing services.
- Provides inter-sectoral coordination of strategies for children across government departments.
- Conducts research and program evaluations and advises operational branches and agencies on best practice models.
- Provides consultation on the development of standards for service delivery.
- Coordinates the financial management functions for the division including the annual Estimates of Expenditures, cash flow and variance analysis and maintains accountability for public funds administered through the division.
- Reviews legislation and regulations and makes recommendations on amendments.

* 2003/04 Estimate reflects an allocation from Enabling Appropriations for increased salary costs related to the General Salary Increase.

Activities/Highlights in 2003/04

During 2003/04, the branch engaged in the following key activities:

- Continued to co-manage provincial participation in restructuring of child welfare services resulting from the implementation of the Aboriginal Justice Inquiry – Child Welfare Initiative (AJI-CWI). The branch, in cooperation with the Aboriginal partnership, completed activities that were necessary to proclaim *The Child and Family Services Authorities Act* and accompanying regulations, and coordinated and supported the transfer of resources and cases from non-Aboriginal to Aboriginal child welfare agencies in the first of the areas to implement the AJI-CWI restructuring (Interlake and Eastman areas). The Aboriginal partnership includes the Assembly of Manitoba Chiefs, Manitoba Keewatinook Ininew Okimowin and the Manitoba Metis Federation.
- Provided support to the division-wide strategic planning effort, with emphasis on enhancing the means to coordinate and collaborate in the management of initiatives, the development of policy and in the timely response to issues.
- Participated in the ongoing implementation of Manitoba's commitments related to the Early Childhood Development strategy by encouraging and supporting the development of the Manitoba Children's Agenda in partnership with the federal government.
- Participated in the continuing implementation of the Integrated Service Delivery initiative.
- Coordinated the financial management functions for the division including the annual Estimates of Expenditures, cash flow and variance analysis and processing of accounts.
- Managed the development of a new computer-based intake management system that will be delivered and installed in child welfare agencies throughout the province in the coming year.
- Provided coordination of policy development consistent with government priorities, departmental objectives and available resources.

CHILD PROTECTION

Objectives

- To ensure that the community and families provide for the well-being of their children under *The Child and Family Services Authorities Act, The Child and Family Services Act and The Adoption Act.*
- To manage, direct and support branch programs to ensure effective service delivery within available budgetary and human resources.
- To plan and develop a comprehensive continuum of child and family services throughout the province designed to support, supplement and, where necessary, substitute for parental care. This responsibility includes administrative, program and funding support for the four Child and Family Services Authorities to provide high-quality services in accordance with provincial statutory requirements, policy direction and budgetary allocations.

The branch's programs include Child and Family Resources and Authority Relations.

Responsibilities

- Participates with stakeholders in the development of strategic plans for the child and family services system.
- Ensures service sites have the equipment, training and support necessary to use the Child and Family Services Information System and ensures that the system's performance and functionality is enhanced as resources allow.
- Directs, coordinates and evaluates the development of program and service delivery options consistent with government and department objectives and with changing needs.
- Identifies alternate approaches to the delivery of services to children, families and communities through community development initiatives.
- Identifies policy development issues; reviews and recommends changes to legislation and regulations; and implements approved policies, legislation and regulations.
- Establishes a relationship with each Authority to ensure compliance with *The Child and Family Services Act, The Child and Family Services Authorities Act and The Adoption Act.*
- Establishes foundational standards for service delivery and monitors Authority compliance.
- Establishes standards and licensing requirements for child care facilities, issues licences and monitors and audits licensed facilities.
- Promotes high-quality services delivered by child and family services agencies through consultation, training, research and evaluation.
- Develops funding mechanisms, reviews financial requirements and maintains accountability for public funds, with respect to branch programs.
- Administers centralized provincial services including the Adoption, Post-Adoption, Paternity and Child Abuse Registries, the Child and Family Services Information System, criminal risk assessments, service provider investigations, residential placements, inter-provincial relations and enquiry.

Total Other Expenditures	130,798.5		121,935.0	8,863.5	

* 2003/04 Estimate reflects an allocation from Enabling Appropriations for increased salary costs related to the General Salary Increase.

1. The variance is due to increases in legal services.
2. The variance is primarily attributable to increased costs at Winnipeg Child and Family Services, increased salary related costs for child care treatment centres/residential care facilities, increased costs in financial assistance for Child Maintenance, subsidized adoptions and salary parity for the First Nations Agencies.

Activities/Highlights in 2003/04

- Developed the following partnerships:
 - Under the auspices of the Prairie Child Welfare Consortium, a joint venture of social work faculties and government ministries in the three prairie provinces, began the development of a profile of children with disabilities receiving child welfare services, both in care and out of care, to better understand their needs and services requirements.
 - With the federal/provincial/territorial Directors of Child Welfare Committee, began work on a national capacity to collect information on outcomes in child welfare.
- Developed an electronic intake system.
- Implemented a new process for Child Abuse Registry checks.
- Provided transitional support for newly established Authorities after the November 2003 proclamation of *The Child and Family Services Authorities Act*.
- Developed a plan for implementation of training for the Child and Family Services Information System (CFSIS) and intake system.

* 2003/04 Estimate reflects an allocation from Enabling Appropriations for increased salary costs related to the General Salary Increase.

1. The variance is due to the average cost per child in subsidy decreasing and under expenditure in operating grants.

Activities/Highlights in 2003/04

- Increased the total budget for child care by an additional \$6 million bringing the total to nearly \$76 million to implement year two of *Manitoba's Five-Year Plan for Child Care*, which includes initiatives to improve quality, accessibility and affordability.
- Increased financial assistance in the form of operating grants to child care facilities to increase wages and incomes for service providers and to assist them to meet established standards of care. Annual grants were increased per child space to the following amounts:

Centre Spaces		Family Child Care Home Spaces	
Infant	\$6,760	Infant	\$707
Preschool	\$2,132	Preschool	\$246
School age	\$ 606	School age	\$246

- Provided new operating grant funding for 788 child care spaces.
- Redirected funding from underutilized child care spaces to 22 nursery schools to fund 225 spaces and to 12 full time centres to fund 42 spaces.
- Provided one-time only start-up funding to 17 centres to help with capital improvements, such as program equipment, office and leasehold improvements.
- Implemented a new \$250.00 training grant for newly licensed family child care providers, as well as for existing providers and child care assistants, who successfully complete a 40-hour accredited course in early childhood education.
- Increased funding to expand Child Day Care's competency-based training programs in order to enroll and graduate more trained Early Childhood Educators.

- Increased funding to continue the public education and student recruitment campaign for early childhood education – “Growing Minds... Growing Opportunities,” which is aimed at attracting more students to the field of early childhood education.
- Continued to work with Manitoba Advanced Education and Training to increase the number of students enrolled in approved early childhood training programs.
- Increased funding for the Subsidy Program to cover cost increases and to support more subsidized children, as well as to cover additional costs for full-day care for school age children given the new school year start date after Labour Day, effective September 2003. In 2003/04, an average of 11,568 children received subsidized child care every four-week period.
- Increased funding for the Children with Disabilities Program to support more children with disabilities and provide wage increases for their workers.
- Released the final phase of Child Care Online, which included online tools for service providers to help them complete their budgets and apply for grants.
- Continued to meet with the Child Day Care Regulatory Review Committee on improving the child care system in Manitoba.
- Participated in an international review of Canada’s early childhood education and care system, which was conducted by the Organisation for Economic Co-operation and Development (OECD).

Activities/Highlights in 2003/04

During 2003/04, the branch engaged in the following key activities:

- Provided funding to 27 agencies, who deliver approximately 74 programs for children and families.
- Coordinated the review, negotiations, revision and implementation of service purchase agreements with funded agencies.
- Participated in the ongoing planning and implementation of the department's Integrated Service Delivery initiatives.
- Managed funding, community, and agency relations issues and requests regarding funded-agency programs and projects.
- Reviewed and provided advice on a number of proposals received by other programs in government.
- Participated on a number of inter-departmental and inter-governmental committees.

Family Conciliation

The Family Conciliation program is delivered through the department's Community Service Delivery Division, and is the social services component of the Court of Queen's Bench, Family Division. Policy responsibility for Family Conciliation rests with the Community Support Program, Child and Family Services Division.

Family conciliation services are provided in Winnipeg directly by Family Conciliation as part of the Winnipeg Services Branch, and in other areas of the province by regional office staff, funded by the Rural and Northern Services Branch of the Community Service Delivery Division in the Westman, Parkland, Northern, and Thompson regions.

Family Conciliation's objective is to ensure the availability of a range of high-quality dispute resolution services to families disrupted by separation or divorce, and where ongoing parenting of the children is of primary concern.

Family Conciliation's objective is achieved through the following activities:

- administration of Family Conciliation services (Winnipeg), which provides social services support to the Family Division of the Court of Queen's Bench, including information/referral, court-ordered assessments including brief consultation, mediation, conciliation, counselling, group programs, and the Parent Information Program;
- development and monitoring of program policies and service standards across the province;
- provision of training, consultation, and leadership in the development of regional services; and
- consultation with other agencies, professionals and the public.

These activities involve the provision of the following services:

- **Information and Referral** is an intake service. Individuals and families are assisted in addressing issues and identifying possible solutions, informed of community and government services that may be appropriate to their situation, and are referred accordingly.
- **Conciliation Counselling** is short-term, separation-related counselling focussed on parents' and children's adjustment to family reorganization after separation/divorce.
- **Mediation** is a structured, short-term intervention to assist families undergoing separation/divorce in developing a parenting plan, to maintain a continuing relationship among children, parents, and extended family, and to protect children from parental conflict. This is a preferred intervention for resolving custody/access conflicts. Parents may also choose to mediate financial issues arising from their separation (comprehensive mediation) regarding child support, spousal support, and division of marital property.
- **Court-Ordered Assessment Reports** provide comprehensive family evaluations, professional opinions, and recommendations to the court concerning the best interests of children in custody, access, and guardianship matters. This process serves as a vehicle for the resolution of custody/access/guardianship disputes by providing information that can be used in settlement meetings, lawyer negotiations, or litigation as circumstances warrant. It serves parents, children, lawyers, and the court by recommending courses of action and available resources that may serve to ameliorate the destructive impact of conflict on the families involved.
- **Brief Consultation Service** (Pilot Project) provides brief consultation for families and children in a shorter time frame, focuses on the "voice of the child" for children ages 11 to 16, and offers additional information in a consultative format for issues related to time sharing, child developmental needs, parental communication, and other aspects of parenting plans for children of all ages.
- **The Parent Education Program**, "For the Sake of the Children," educates and focuses parents on the needs of their children in the context of divorce. It is very helpful to all separating parents, and is an essential first step to mediation.
- **Children's Therapeutic Group** for children aged 8 to 12, assists children experiencing trauma, loss, and reorganization after divorce. This ten-week session is designed for children living in families experiencing severe parental conflict.
- **Staff presentations** on children and divorce to community organizations, and participation in various community and government committees.

Activities/Highlights in 2003/04

- Provided high quality family conciliation services, which resulted in a total of 2,588 client service contacts and 4,043 clients served through the Parent Information Program, "For the Sake of the Children," for which implementation and development has continued.
- Provided conciliation counselling services (36 client service contacts).
- Provided mediation services to 616 families.
- Completed a total of 328 court-ordered assessment reports.
- Provided Brief Consultation Services to 133 families.
- Delivered children's workshops, involving 39 children.

In addition to these accomplishments, ongoing activities in 2003/04 included:

- Continued public information and education, through numerous presentations and meetings, to inform the public of the needs of divorcing families, and the services provided by Family Conciliation.
- Continued education to describe the service to lawyers and the courts, to encourage more appropriate referral and utilization of the service.
- Review and determination of effective educational programming for divorcing/separating parents and their children.
- Continued development and review of program guidelines.
- Continued use of focussed assessment services to meet the differential needs of families experiencing separation and divorce.
- Continuation of the Brief Consultation Service to provide the court and families with consultation on matters before the court within a shorter time frame and with an emphasis on the "voice of the child" for children ages 11 to 16 and consultation in other matters related to children of all ages.

Activities/Highlights in 2003/04

- Winnipeg Child and Family Services (WCFS) Branch continued to participate in the Aboriginal Justice Inquiry – Child Welfare Initiative (AJI-CWI) which will result in the transfer of work from this branch to the newly created Aboriginal Authorities. During 2003/04, WCFS completed the Authority Determination Protocol (ADP) process. Through this process, WCFS was able to develop a preliminary estimate of the workload and accompanying resources that may be transferred to the Aboriginal agencies. This information was vital to assist in the joint planning of this initiative in partnership with the Aboriginal Authorities. This information will also assist the department in developing a service model for delivering child and family services in Winnipeg after the devolution has been completed. WCFS also entered into reverse secondment arrangements with a number of Aboriginal agencies to begin facilitating the transfer of work process.
- WCFS created an internal team to develop plans to become part of the Integrated Service Delivery (ISD) structure in Winnipeg when the AJI-CWI devolution is completed. This team had broad representation from across the branch and met regularly throughout 2003/04 to develop this plan. WCFS actively participated on departmental and inter-departmental planning committees related to the ISD initiative.
- On February 4, 2004, the WCFS Concordia Family Service Unit moved into ACCESS River East (ARE) located at 975 Henderson Highway. ARE is a health and social services centre, which was developed to meet the needs of the River East community. It offers a broad range of health and social services.
- WCFS established a Transition Support Team comprised of representatives from all branch staff groups to enhance communication about the devolution process and to assist staff to deal with the impact of changes that will result. The Transition Support Team met regularly throughout 2003/04. The Transition Support Team acts in a consultation role to the Branch Change Management Unit by recommending strategies to address issues identified by staff and key stakeholders, thus enhancing transparency of the change process. Specific strategies implemented as a result of recommendations by the Transition Support Team in 2003/04 include workshops on supporting staff through change, information sessions with staff and distribution of fact sheets on key issues.
- Throughout 2003/04, WCFS offered a variety of programs intended to promote organizational wellness and assist staff to further develop their employment-related skills. Training opportunities were offered in the following areas:
 - The changing role of administrative support.
 - Managing aggression and the potential for violence in therapeutic settings.
 - Working with parents with fetal alcohol spectrum disorder.
 - Introductory and advanced workshops on supervision skills.
 - Overview of the new *Youth Criminal Justice Act*.
 - Leadership skills.
 - Supporting staff through change.
 - Training and education for intake abuse staff to increase knowledge and practical expertise in the areas of child exploitation, child sex offender risk assessment and intervention with families involved in custody disputes.
- WCFS continued to participate in the Common Table Committee established by the Minister of Family Services and Housing in 2002. This is a forum through which branch management and senior representatives from the bargaining units discuss service issues of mutual concern. During 2003/04, the Common Table discussed, made recommendations or resolved a number of priority issues.

- Agreement in principle was reached on an Employee Transition Agreement (ETA) to transfer Manitoba Government and General Employees' Union staff at WCFS into the Civil Service.
- In March 2004, after a period of consultation, WCFS implemented a new supervision policy. Within the context of a management philosophy, this policy described the overall intent of supervision in child and family services and established expectations for the approach to supervision, timeliness of supervision and recording. The policy also clarified the role and responsibility of the supervisor and employee and a process for issue resolution. The implementation of the policy was supported by the provision of a two-day training session offered on two occasions in December 2003.
- Representatives from WCFS participated in the Steering Committee that provided advice to the Office of the Children's Advocate's review of the emergency shelter system in Winnipeg.
- WCFS implemented a protocol to strengthen accountability and ensure staff who work in the branch's emergency shelter system have access to supervision on a regular basis.
- To address the issue of placement breakdown, WCFS implemented a behavioural specialist program to provide supports for foster parents. Established in January 2004, the goal of this one-year pilot project is to reduce the likelihood of a child being removed from a foster home due to behavioural issues. Through this project, foster parents, foster care social workers and case managers are able to access expert opinion by consulting with a trained behaviour specialist. The behaviour specialist works closely with the service team to develop intervention strategies designed to assist foster parents to more effectively manage the child's behaviour. This project will be evaluated at the conclusion of one year.
- Throughout 2003/04, WCFS continued to integrate the Community-Based Early Intervention and Intake Programs to assess referrals, provide child protection services when necessary and assist families to access alternative resources. This resulted in more timely and effective responses where the programs delivered through the Community-Based Early Intervention Unit are more accessible to those families with the greatest need and staff work more co-jointly to ensure the required services are available.
- WCFS continued to implement and advance two key service initiatives intended to provide a specialized and expert response to issues that often result in children requiring alternate care. Specifically, on a pilot project basis, WCFS developed specialized services for families experiencing a parent-teen conflict and families affected by addictions.
- In partnership with the University of Manitoba, WCFS developed a new process for selecting students for their field experience from the Faculty of Social Work. This involved an improved and more comprehensive orientation. The revamped selection approach was also used to select interns from the Metis Child, Community and Family Services Agency.
- WCFS continued to retain over 400 volunteers who worked closely with branch staff, offering a variety of support services.
- WCFS continued its support of community involvement by providing funds and working with the four Community Area Councils. The Area Councils supported numerous community initiatives and served in an advisory role to management of the branch. A key activity during 2003/04 was for the Area Councils to initiate a joint process to develop plans for their ongoing role after the AJI-CWI devolution is completed.

- Throughout 2003/04, WCFS continued to encourage and foster cooperative partnerships with collateral service providers and key stakeholders. Examples of particular initiatives during 2003/04 in which WCFS was involved include:
 - In partnership with numerous community groups (e.g., the Salvation Army, Sage House Outreach, Thunderbird House, and Spirit of Little Sisters, Rossbrook House), the first ever mid-week break for sexually exploited youth between the ages of 14 and 17 was offered.
 - Opening the first “Kiddie Computer Lab” in Winnipeg sponsored by the Marlene Street Advisory Group and Community Connections Computers.
 - Two “Sparks” programs under the Aboriginal Girl Guides, with the assistance of the Indian Metis Friendship Centre were run successfully in the West Broadway and Mayfair neighbourhoods.
 - Assisting the Pembina Trails School Division to develop a student threat assessment protocol.
 - Inter-agency participation at David Livingston school and assisting neighbourhoods to establish parent support networks.
 - Continued to foster cooperative working relationships with the Winnipeg Police Service – Child Abuse Unit, the Integrative Child Exploitation Unit, the High-Risk Offender Unit and the Child Protection Centre.
 - Continued to participate in the Advisory Committee of VOICES (Manitoba Youth in Care Network) and through the Keith Cooper Scholarship fund, supported four young people formerly in care to attend post-secondary education.

1. The increase in Children's Special Allowance Recoveries over both the 2002/03 Actual and the 2003/04 Estimate is primarily due to the annualization of the increase to the National Child Benefit in July 2002, as well as the increase effective July 2003, coupled with an increase of children in care.
2. The increase in Income Assistance Recoveries over both the 2002/03 Actual and the 2003/04 Estimate is primarily attributable to increases realized on behalf of Canada Pension Plan (CPP) Recoveries.
3. The increase in Sundry over the 2002/03 Actual is primarily attributable to increased recoveries from Winnipeg Child and Family Services and the introduction of a fee charge for Child Abuse Registry Checks in 2003/04.
4. The Government of Canada provided no commitment for this agreement beyond March 31, 2003. A new funding agreement signed in March 2004, provided for the recovery of 2003/04 costs.

1. The variances reflect the first full-year of operations for this office.
2. The variance is primarily due to an increase in caseload costs in both the Employment and Income Assistance and Municipal Assistance programs.
3. The variance is primarily attributable to an increase in the number of prescriptions in the drug program and an increase in fees associated with the dental program.
4. The variance is primarily due to annualization of increases approved part year in 2002/03 in addition to new volume and price increases approved for 2003/04.
5. The variance is primarily due to volume increase for the Applied Behaviour Analysis program in addition to volume and price increases approved for 2003/04.
6. The variance reflects increased caseloads in addition to an increase of \$20.00 in the monthly benefit effective the February 2004 benefit month.
7. The variance is primarily due to increases in both the average cost of prescriptions, and in the volume of prescriptions filled.
8. The variance is primarily due to the increase for transitional funding for the Authorities, agency site development and common process costs.
9. The variance is primarily attributable due to an increase in information technology and legal costs.
10. The variance is primarily attributable to increased costs at Winnipeg Child and Family Services, increased salary-related costs for child care treatment centres and residential care facilities, increased per diem funding for child maintenance, subsidized adoptions and salary parity for the First Nations Agencies.
11. The variance is primarily attributable to increases related to the delivery of the Competency-Based Assessment Program and for the Public Education Campaign.
12. The variance is primarily due to a 2% increase in grant funding, extended operating funding to existing unfunded spaces and newly licensed facilities and an increase in the number of children in subsidized day care.
13. The variances are primarily due to increased salary costs related to the collective agreement.
14. The variance is primarily due to the transfer of staff from Winnipeg Child and Family Services into the Civil Service.
15. The variance is primarily due to a decrease in Desktop Services charges, partially offset by increased amortization and interest for assets acquired in 2003/04.

NOTES:

- a) The 2003/04 Estimate reflects amounts as displayed in the printed Main Estimates on behalf of the Department of Family Services and Housing, as well as allocations from the Enabling Appropriations for increased salary costs related to the General Salary Increase, unbudgeted severance pay and retiring benefits, and support for the Leadership Development Initiative 2003.
- b) The 2002/03 data has been reorganized to reflect the 2003/04 appropriation structure.

FINANCIAL STATEMENTS
FOR THE YEAR ENDING
MARCH 31, 2004**

MANAGEMENT REPORT

The accompanying financial statements of The Manitoba Housing and Renewal Corporation are the responsibility of management and have been prepared in accordance with the accounting policies stated in the financial statements. These accounting policies have been applied on a basis consistent with that of the preceding year. In management's opinion, the financial statements have been properly prepared within reasonable limits of materiality, incorporating management's best judgment regarding all necessary estimates and all other data available up to November 1, 2004.

Management maintains internal controls to provide reasonable assurance of the reliability and accuracy of the financial information and that the assets of The Manitoba Housing and Renewal Corporation are properly safeguarded.

The responsibility of the Office of the Auditor General of the Province of Manitoba is to express an independent, professional opinion on whether the financial statements of The Manitoba Housing and Renewal Corporation are fairly presented in accordance with the accounting policies stated in the notes to the financial statements. The Auditor's Report outlines the scope of the audit examination and provides the audit opinion.

On behalf of Management

AUDITORS' REPORT

To the Legislative Assembly of Manitoba
To the Board of Directors of The Manitoba Housing and Renewal Corporation

We have audited the balance sheet of The Manitoba Housing and Renewal Corporation as at March 31, 2004 and the statements of operations, The Manitoba Housing and Renewal Fund Deficit and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at March 31, 2004 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accounting principles.

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

1. Authority

The Manitoba Housing and Renewal Corporation (MHRC) operates under the authority of The Housing and Renewal Corporation Act, being Chapter H 160 Revised Statutes of Manitoba 1987. The purposes and objects of the Act are:

- a) to ensure that there is an adequate supply of housing stock in Manitoba;
- b) to enhance the affordability of, and accessibility to, adequate housing for Manitobans, particularly those of low and moderate income and those with specialized needs;
- c) to maintain and improve the condition of existing housing stock; and
- d) to stimulate and influence the activities of the housing market to the benefit of Manitobans as a whole.

MHRC is under the management and control of a Board of Directors appointed by the Lieutenant Governor in Council. The board shall consist of not fewer than five members and not more than 13 members and the Lieutenant Governor in Council may designate one of the members of the board as chairperson and one member as vice-chairperson.

The Corporation is economically dependent on the Government of the Province of Manitoba.

These financial statements include, in note 17, the operating results of MHRC owned properties which are managed by The Manitoba Housing Authority (MHA). MHA was incorporated in 1992 as an agency of MHRC.

MHA is under the management and control of a Board of Directors who are appointed by the Minister of Family Services and Housing.

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

2. Significant accounting policies

a) Basis of accounting

The Corporation's financial statements are prepared using Canadian generally accepted accounting principles.

b) Loans and mortgages receivable

Loans and mortgages receivable are valued at principal amounts less an allowance for loan impairment.

c) Loan forgiveness

Loan forgiveness for forgivable loans is approved in accordance with the terms of the loan agreements. The Corporation records an asset valuation allowance equal to the amount of the loan at the time the loan is granted. As forgiveness conditions are met by the borrower, the Corporation records the annual forgiveness by reducing both the forgivable loan and the accompanying valuation allowance.

d) Allowance for loan impairment

The Corporation maintains an allowance for loan impairment, which reduces the carrying value of loans and mortgages receivable to their estimated realizable amounts. Depending on the program under which the loan or mortgage is made, estimated realizable amounts are determined with reference to the Corporation's historical loss experience on similar loans or the appraised value of the project financed by the loan or mortgage.

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

Specific allowances are established for individual loans and mortgages for which the estimated realizable amount is less than the carrying value. The Corporation does not provide any additional non-specific, general provision for loan impairment. The Corporation's Board of Directors has approved a policy which defines whether an individual mortgage or loan balance is to be considered impaired based on the time period that it has been in arrears.

e) Housing projects and amortization

- i) Social housing projects are valued at cost less accumulated amortization.
- ii) Market housing projects are valued at the lesser of cost less accumulated amortization and net realizable value.
- iii) Cost includes direct construction costs, land acquisition costs and interest and other related carrying charges incurred during the period of construction.
- iv) Housing projects which are declared abandoned or surplus to the needs of the Corporation are valued at the lesser of cost less accumulated amortization and net realizable value.
- v) Housing projects are amortized on a straight-line basis over their estimated useful lives as follows:

Wood buildings – 25 years

Brick buildings – 40 years

f) Housing investment

Housing investment is valued at cost less accumulated amortization. Annual amortization is recorded on a straight-line basis over the estimated useful lives as follows:

Wood buildings – 25 years

Brick buildings – 40 years

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

g) Interest in joint venture

The interest in joint venture is recognized using the proportionate consolidation method. Proportionate consolidation is a method of accounting and reporting whereby MHRC's prorata share of each of the assets, liabilities, revenues and expenses of the joint venture is combined on a line by line basis with similar items in MHRC's financial statements.

h) Land

Land is valued at the lower of cost and appraised value adjusted for estimated disposition costs, except for land leased to co-operatives. Cost includes acquisition costs and related carrying costs. The carrying costs of the land, which include interest, planning and development costs, grants in lieu of taxes, less revenue derived from use of undeveloped land, were capitalized to land to March 31, 1993. Effective April 1, 1993 the carrying costs are charged annually to operations. Cost for land acquired after March 31, 1993 consists of the original purchase price.

Land leased to co-operatives is valued at original cost. The Corporation incurs no liabilities or obligations with respect to the lessees' buildings situated on the land. The carrying costs of the land, net of lease revenue, are charged annually to MHRC operations.

i) Interest capitalization

Interest costs on financing related to housing projects and housing investments are capitalized to the date of completion.

THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004

j) Pension costs and obligations

Current service contributions for MHA employees are recognized as operating expenses. The Corporation has no further liability associated with the annual cost of pension benefits earned by MHA employees.

The Corporation has a liability associated with the annual cost of pension benefits earned by the former Department of Family Services and Housing employees who were transferred to the Corporation on February 8, 2003 (note 26).

k) Contributed and administrative services

Under an agreement entered into between The Manitoba Housing and Renewal Corporation and the Department of Family Services and Housing, in 1984, the Department provides administrative services to MHRC at no cost. The value of these contributed and administrative services is recorded as revenue and expenses.

l) Modernization and improvement

Significant, non-recurring modernization and improvement costs, which have been funded by designated revenues, have been accrued in the same period that such designated grant or subsidy revenues were approved by the funder and recorded by MHRC. As such costs are incurred, the provision for modernization and improvement is drawn down. Normal, recurring repairs and maintenance costs, which are funded by annual grant and subsidy revenues are expensed in the period in which they are incurred.

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

m) Financial instruments

i) Financial Risk

Financial risk is the risk to the Corporation's operations that arises from fluctuations in interest rates, and the degree of volatility of those rates. The Corporation does not use derivative instruments to reduce its exposure to interest risk. This risk is mitigated through the almost exclusive use of fixed rate terms for its mortgages and loans receivable and its long-term debt.

ii) Credit Risk

Credit risk arises from the potential that a counterparty to an agreement with the Corporation will fail to perform its obligations. The Corporation conducts an assessment of credit issues prior to committing to such agreements and it actively monitors the credit risks associated with its accounts receivable and loans and mortgages receivable on an ongoing basis.

iii) Fair Value

There is no secondary market for many of the financial assets in which the Corporation invests or for the debt it issues. These circumstances, together with the uncertainty and potentially broad range of outcomes pertaining to the future cash flows related to these items, render the calculation of fair values, with appropriate reliability, impractical.

n) Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

3. Change in Accounting Policy

Effective April 1, 2003, the Corporation initiated the following change in accounting policy:

Previously, the amortization for housing projects and housing investment was based on actual principal repayment of long-term debt. Amortization for housing projects under the Rural and Native Housing Program was based on the imputed principal repayment equivalent to that of 100% long-term debt financing with Canada Mortgage and Housing Corporation.

Effective April 1, 2003, amortization for housing projects, housing investment, and housing projects under the Rural and Native Housing Program is recorded on a straight-line basis over their estimated useful lives as follows:

Wood buildings – 25 years

Brick buildings – 40 years

The effects of the above change in accounting policy, which has been retroactively applied with restatement, on the balance sheet as at March 31, 2004, are to increase accumulated amortization for housing projects by \$227,431,674 (2003 - \$228,421,555), to decrease housing investment by \$10,891,891 (2003 - \$11,721,341), to decrease financing provided by CMHC for housing projects by \$8,931,272 (2003 - \$9,730,193), to increase the original cost for housing projects by \$386,641 (2003 - \$386,976), and to decrease the deficiency of revenue over expenses transferred to The Manitoba Housing and Renewal Fund by \$1,020,075 (2003 - \$506,290). As a result of the above changes, the opening balance in The Manitoba Housing and Renewal Fund Deficit as at April 1, 2003 has been increased by \$230,025,727 (April 1, 2002 - \$230,532,017).

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

4. Acquisition of Control of Social Housing Operations

Pursuant to the Social Housing Agreement executed by MHRC and CMHC on September 3, 1998 which took effect October 1, 1998, CMHC transferred its ownership interest in Public Housing Projects to MHRC in accordance with a Declaration of Trust, and MHRC has assumed sole responsibility for operating policy decisions relating to these projects. Previous agreements provided for the two parties to exercise joint control over operating policies. Rental subsidies provided through agreements with third parties for which MHRC has assumed responsibility are included in note 18.

THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004

Loans and mortgages receivable bear interest at various rates between 0% and 13.5% with maturities at various dates to 2024.

In addition to the loans and mortgages above, forgivable loans outstanding in the amount of \$29,632,071 (2003 - \$20,063,335) have been approved in accordance with the terms of the loan agreements. An asset valuation allowance equal to the amount of outstanding forgivable loans has been recorded by the Corporation.

b) Allowance for loan impairment

The allowance for loan impairment is comprised of the following specific provisions:

	<u>2004</u>	<u>2003</u>

9. Housing investment

Housing investment represents MHRC's share in social housing projects, which until October 1, 1998 were administered by CMHC and subsequently have been administered by MHRC, under the Rural and Native Housing Program.

On September 3, 1998, MHRC and CMHC executed a Declaration of Trust by which CMHC has transferred their ownership interest in cost-shared and 100% CMHC funded Public Housing projects to MHRC, as trustee. MHRC's interest in these projects will be earned over the remainder of each project's CMHC subsidy commitment period, in amounts which will correspond to the annual amortization of the assets. No increase in housing investment has been recorded by MHRC.

10. Joint venture

The Corporation contributed 179 acres of land, at appraised value, to a joint venture with Ladco Company Limited on May 11, 1989. The appraised value of the land at that time, adjusted for subsequent sales, was \$2,079,132 (2003 - \$2,336,065) and is included in joint venture land in note 11. The joint venture activities include the servicing, development and sale of approximately 476 acres of land in the City of Winnipeg, Manitoba. In accordance with the terms of the agreement, the Corporation has provided loan guarantees for the purposes of the joint venture development in an amount not to exceed \$2,400,000 (note 25).

14. Deferred contributions and risk reserve fund

Pursuant to the Social Housing Agreement executed by MHRC and CMHC, CMHC will pay fixed annual contributions to MHRC for individual housing projects over the remainder of the CMHC subsidy commitment period. The Agreement took effect October 1, 1998 and has a funding expiration date of August 31, 2031. The Agreement provides that a specified amount of the annual federal contributions must be applied toward housing programs, which assist low income households, as defined in the Agreement. The portion of federal contributions that may be applied toward other housing programs is similarly specified. Unexpended federal contributions are carried forward by MHRC for future use, but such contributions must be fully used, in accordance with the Agreement, by the funding expiration date of August 31, 2031.

Pursuant to the Social Housing Agreement dated September 3, 1998 between CMHC and MHRC, CMHC made a one-time payment of \$12,700,000 to MHRC in 1999. This amount was provided for the purpose of mitigating future operating risks associated with MHRC's financial responsibility for housing programs transferred from CMHC pursuant to the Agreement. This amount has been recorded as a risk reserve fund and is increased by interest earned thereon and is reduced as the Corporation incurs expenses as a result of the identified risks.

20. Interest expense

In addition to the interest expense of \$16,825,813 (2003 - \$17,644,092), interest expense in the amount of \$25,281,477 (2003 - \$27,852,197) is included in note 17 in the amortization and interest expense.

21. Pension obligations

Employees of the Corporation and MHA are eligible for pensions under the Manitoba Civil Service Superannuation Fund. This pension plan is a defined benefit plan, which requires MHA to contribute an amount equal to the employees' contribution to the Superannuation Fund for current services. Such payments are charged to housing operations as incurred and MHRC has no further liability associated with the annual cost of pension benefits earned by MHA employees. Pension expense recorded for MHA employees for the year ended March 31, 2004 is \$478,909 (2003 - \$466,665).

The Corporation has a liability associated with the annual cost of pension benefits earned by the former Department of Family Services and Housing employees who were transferred to the Corporation on February 8, 2003 (note 26). The liability of \$4,840,534 (2003 - \$3,668,649), the related recoverable amount from the Province of Manitoba of \$4,840,534 (2003 - \$3,668,649), the change in the liability of

**THE MANITOBA HOUSING AND RENEWAL CORPORATION
NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

\$1,171,885 which represents an expense and the change in the recoverable of \$1,171,885 which represents revenue are recorded in the financial statements.

22. Severance pay benefits

Effective April 1, 1998, the Corporation commenced recording the estimated liability for accumulated severance pay benefits for its employees in The Manitoba Housing Authority. The amount of this estimated liability is determined using the method of calculation set by the Province of Manitoba.

Severance pay, at the employee's date of retirement, will be determined by multiplying the eligible employee's years of service (to a maximum of 22 or 15 years) by the employee's weekly salary at the date of retirement. Eligibility will require that the employee has achieved a minimum of nine years of service and that the employee is retiring from the Corporation.

The Province of Manitoba has accepted responsibility for the severance pay benefits accumulated to March 31, 1998 by the Corporation's employees. Accordingly, the Corporation recorded, effective April 1, 1998, a receivable of \$877,105 from the Province of Manitoba, which is an amount that is equal to the estimated liability recorded for accumulated severance pay benefits at March 31, 1998.

The Corporation recorded a severance liability in the amount of \$569,000 associated with the severance benefits earned by the former Department of Family Services and Housing employees who were transferred to the Corporation on February 8, 2003 (note 26). The Corporation recorded, effective April 1, 2003, a receivable in the amount of \$569,000 from the Province of Manitoba, which is an amount that is equal to the liability recorded for accumulated severance pay benefits at that date.

These receivables from the Province of Manitoba have no terms of repayment and accordingly, the amount of the receivable will remain fixed at \$1,446,105.

NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

23. Contingencies

The Corporation is involved in legal proceedings arising in the normal course of business, the outcome of which cannot be predicted at this time. In the opinion of management, the disposition of these cases will not materially affect the financial position of the Corporation. Any settlement will be recognized in the year the settlement occurs.

24. Commitments

The Corporation has the following commitments as at March 31, 2004.

- | | |
|--|-------------|
| a) Housing project modernization and improvement | \$1,244,938 |
| b) Repair and renovation expenses | \$6,602,895 |
| c) Grants and subsidies: | |

As a result of the Social Housing Agreement dated September 3, 1998, MHRC is now fully responsible for the funding commitments of all Social Housing Projects in Manitoba. These commitments will expire on a staggered basis over the period ending 2031, concurrent with the Social Housing Agreement funding expiration date of August 31, 2031. An estimate of these commitments for each of the next five years is as follows:

2005	\$18,218,500
2006	28,219,700
2007	28,400,300
2008	28,761,700
2009	29,432,700

NOTES TO FINANCIAL STATEMENTS - MARCH 31, 2004**

25. Guarantees

The Corporation has guaranteed the repayment of mortgages and has issued letters of credit which guarantee the terms and conditions of land development agreements and construction contracts. The outstanding guarantees are as follows:

	<u>2004</u>	<u>2003</u>
Joint Venture Investment Guarantee (note 10)	\$2,400,000	\$2,400,000
Mobile Home Loan Guarantee Program	877,951	1,133,585
Other mortgage guarantees	<u>2,838,801</u>	<u>807,166</u>
Total guarantees	<u>\$6,116,752</u>	<u>\$4,340,751</u>

A guarantee fee of 2 1/2% is charged for each mortgage under the Mobile Home Loan Guarantee Program. The assets of the Mobile Home Loan Guarantee Program as at March 31, 2004 are \$812,102 (2003 - \$789,993) and are included in cash (note 5). The trust fund liability is included in accounts payable.

26. Transfer of Personnel to MHRC

As at February 8, 2003, all staff from the Housing Division of the Department of Family Services and Housing were transferred to MHRC to support the operations of the Corporation.

27. Comparative figures

Certain comparative figures in the financial statements have been restated to conform with the presentation of the current year.
