What do you do when you go…

AAAAAAACho0000?

Cover your sneezes and coughs and help stop the spread of germs.

1. Use a tissue
2. Throw in the garbage
3. Wash your hands

Stop Germs. Stop Colds and the Flu.
Wash Your Hands

1. Wet hands
2. Add soap, make bubbles
3. Rinse well
4. Dry hands with paper towel
5. Throw into garbage
6. Use a new paper towel to turn off taps
7. Throw into garbage
8. Clean hands!
Handwashing Procedure

1. Wet hands under warm running water.
2. Add soap, lather and scrub hands - scrub palms, in between fingers, backs of hands and under nails - for 10 to 15 seconds.
3. Rinse well under warm running water.
4. Dry hands using paper towel.
5. Throw into garbage.
6. Turn off taps with another paper towel and throw into garbage.
Cleaning & Sanitizing Procedure

1. Mix sanitizing solution daily. Label spray bottle with name and contents of solution.

2. Clean surface with soap and water. Dry well using paper towel and throw into garbage.

3. Spray sanitizing solution onto surface or object and let sit for AT LEAST 30 seconds.

4. Wipe surface with paper towel or allow to air dry. Discard paper towel into garbage. Wash hands.

Please keep sanitizing solution out of reach of children.

Sanitizing Solution
5ml bleach
500ml water
