**Re: Changes to Approvals of Schedule “B” – Notice of Professional Fee Change**

Dear Manitoba Pharmacist,

As a result of recent policy changes (i.e., to the [Claims Submission Procedure – Dispensing Frequency](#)) and while the Provincial Drug Programs are being reviewed, the department is not accepting nor approving Schedule “B” – Notice of Professional Fee Change requests.

Reminder that professional fee changes can only be applied upon notification from Manitoba that the Schedule “B” – Notice of Professional Fee Change request has been approved by Manitoba.

Additional information regarding recent policy changes is available online on the department’s webpage:  
<https://www.gov.mb.ca/health/pharmacare/healthprofessionals.html>.

Sincerely,

Alan Lawless,  
Executive Director  
Non-Insured Benefits Branch
