

***Information for Pharmacists***

**Claims Submission Procedure –  
Nardil (phenelzine sulfate) 15mg tablet**

***Effective April 27, 2021***

**Please include this Procedure in your Drug Programs Information Network (DPIN) Manual under Section 4: Claims Submission.**

- Supply of the following Canadian labeled product has been depleted:
  - Nardil (phenelzine sulfate) 15 mg tablet - DIN 00476552
- Foreign labeled Nardil is available as an alternative to the Canadian labeled product:
  - US Label Nardil
- The following PIN should be used for the dispensing of foreign labeled Nardil:
  - 09858123
- In order to extend the remaining supply to as many patients and for as long as possible, we strongly encourage pharmacy providers to limit the quantity dispensed to a maximum of 30 days.
- Manitoba will inform pharmacy providers once the shortage has been resolved and the PIN is no longer required and has been withdrawn for coverage.
