September 2012

Dear Health Care Provider:

**Re: Replacements for Resources –  
*Be Wise-Immunize! & Protecting Your Child against Disease***

Manitoba Health has discontinued the following resources:

*Be Wise-Immunize!* booklet; and,  
*Protecting Your Child against Disease* brochure.

All orders for these resources will be replaced with the Public Health Agency of Canada's (PHAC's) resource, *A Parent's Guide to Immunization*.

The Materials Distribution Agency's (MDA's) order forms have been updated to reflect these changes. Please indicate on MDA's order form if English (stock number MHPP156) and/or French (MHPP157) resources are requested.

PHAC has translated *A Parent's Guide to Immunization* into 11 different languages (excluding English/French). If your facility or clinic would like to access and/or order this resource in a language other than English/French, please visit PHAC's website at:  
[www.phac-aspc.gc.ca/im/iyc-vve/pgi-gpv/index-eng.php](http://www.phac-aspc.gc.ca/im/iyc-vve/pgi-gpv/index-eng.php).

Manitoba Health will be evaluating the usability and effectiveness of *A Parent's Guide to Immunization*; if any future changes are made, they will be communicated.

Please share this information with all relevant colleagues in your facility or clinic.

Sincerely,

*"Original signed by"*

Kathleen Messner R.N. B.N.  
Director, Communicable Disease Control
