

Selkirk Mental Health Centre Strategic Plan 2016-2021

VISION

Enlightened minds. **Empowered** people.
Engaged communities.

Through recovery-oriented practices, partnerships and education, we specialize in mental health and acquired brain injury services that inspire and empower individuals to live meaningful lives.

MISSION

VALUES

HOPE

We inspire, encourage and provide optimism to support individuals to grow, learn and recover.

VALUES

RESPECT

We create a welcoming and inclusive environment for all by valuing differences in skills, opinions, cultures, spiritual beliefs and life styles.

VALUES

EXCELLENCE

We use principles of continuous quality improvement and learning, and support best practices in research and innovation.

Strategic Direction 1

Strengthen Recovery-Oriented Programs and Services

Strategic Direction 2

Pursue Excellence by Focusing on Quality and Safety

Strategic Direction 3

Align and Integrate with the Health System
