

Manitoba Housing

House Rules - New

Manitoba Housing is committed to providing safe and healthy communities for all tenants.

The House Rules Agreement will help Manitoba Housing achieve this by clearly outlining expected responsibilities of tenants and their guests.

Tenants who understand their responsibilities can help create a safer and healthier community.

What is new?

Participation in the Social Housing Rental Program requires all leaseholders to sign the House Rules Agreement.

It includes rules about:

- tenant responsibilities
- noise and disturbances
- fire and life safety
- unit repairs and alterations
- pest management
- illegal activity

The House Rules Agreement also clearly outlines the consequences for any violations.

If you have questions about any of the above information please contact your Property Manager or Tenant Services Coordinator.

Available in alternate format on request.
