

Manitoba Housing

Service Animals – New

A service animal is not considered a pet. Manitoba Housing requires all service animals to be registered and requires documentation to verify an animal is properly trained to do work or perform tasks for an individual with a disability. Although tenants who have a service animal do not sign a Pet Agreement, they are still responsible to control, care for and clean up after it.

If you have questions about any of the above information please contact your Property Manager or Tenant Services Coordinator.

Available in alternate format on request.
