

Manitoba Housing

Home Entry by Manitoba Housing

Manitoba Housing is obligated to maintain its properties and may require entry into a tenant's home for various reasons including:

- emergencies
- unit inspections
- maintenance and repair
- pest control treatment
- unit showings

Manitoba Housing will provide at least 24 hours, but not more than two weeks, written notice before entry. Written notices will include the reason for entry and the time frame when entry can be expected.

In emergency situations or where the tenant agrees to the entry, a notice of entry is not required.

If you have questions about any of the above information please contact your Property Manager or Tenant Services Coordinator.

Available in alternate format on request.
