

Manitoba Housing

Live-in Caregivers - New

To live in Manitoba Housing, a tenant needs to be able to live independently. Tenants who need extra supports are encouraged to engage resources to support independent living.

Although a live-in caregiver may become a household member with tenant permission, the caregiver is not required to contribute to the cost of rent and has no right to stay in the home after the tenant has left or no longer requires care.

Tenants are responsible to advise Manitoba Housing of any live-in caregivers. Documentation may be requested.

If you have questions about any of the above information please contact your Property Manager or Tenant Services Coordinator.

Available in alternate format on request.
