

Manitoba Housing

Abandoned Goods

At the end of a tenancy, the tenant is responsible to remove all personal property from their rental home.

Where personal property has been left behind, Manitoba Housing will make every effort to contact the tenant to arrange for the removal of the items.

If the tenant cannot be reached, the belongings will be removed, stored or disposed of as specified in *The Residential Tenancies Act*. The tenant will be responsible for reimbursing Manitoba Housing for removal, storage and disposal costs.

If you have questions about any of the above information please contact your Property Manager or Tenant Services Coordinator.

Available in alternate format on request.
