Minister's Message	iii
2003 Project Location Map	iv
Annual review by E.C. Syme.....	1
 Flin Flon-Snow Lake	
GS-1 Geological investigations in the northern Flin Flon Belt, Manitoba (parts of NTS 63K13NE and 14NW) by H.P. Gilbert.....	9
GS-2 Volcanogenic massive sulphide deposit documentation in the Snow Lake area, Manitoba (NTS 63J13 and 63K16): progress report by T.H. Heine	22
GS-3 Platinum group element investigations in the Flin Flon greenstone belt: Mikanagan Lake and Tartan Lake gabbroic complexes, Manitoba (NTS 63K13) by P. Theyer and T.H. Heine	25
GS-4 Geochemical studies of dwarf birch twigs, peat, bog iron and clay at Reed Lake, Manitoba (NTS 63K10) by G.H. Gale	29
GS-5 Activities of the Manitoba Geological Survey's Flin Flon Regional Office by T.H. Heine	37
 Lynn Lake-Leaf Rapids	
GS-6 Tectonic evolution and gold metallogeny of the Lynn Lake greenstone belt, Manitoba (NTS 64C10, 11, 12, 14, 15 and 16) by C.J. Beaumont-Smith and C.O. Böhm.....	39
GS-7 Rare earth element studies of soils and vegetation over the MacBride Lake massive sulphide deposit and the MacLellan mine Rainbow gold zone, Lynn Lake area, Manitoba (NTS 64C15 and 64B13) by G.H. Gale	50
GS-8 Trace-element signatures of massive sulphides from the Fox mine, Lynn Lake (NTS 64C12) by S.H. McClenaghan, G.H. Gale and D.R. Lentz	51
GS-9 Vectoring volcanogenic massive sulphide deposits using rare earth elements and other pathfinder elements at the Ruttan mine, Manitoba (NTS 63B5) by G.H. Gale	54
GS-10 Determining residual mineral potential in drillcore from the Ruttan and Lynn Lake areas, Manitoba (NTS 64B and 64C) by G.H. Gale	74
GS-11 Hydrothermal iron-sulphide copper-graphite mineralization in the northern Kiseeynew Domain, Trans-Hudson Orogen, Manitoba (NTS 63O and 64B): evidence for deep-seated IOCG (Olympic Dam)–style metal deposition? by A.H. Mumin and M. Trott	79

Superior Boundary Zone, Thompson Nickel Belt

GS-12 Superior margin programs in the lower Nelson River region, Manitoba (parts of NTS 54D and 64A): year one by C.O. Böhm, M.T. Corkery, M.S. Bowerman, M.W. Downey, R.P. Hartlaub, Y.D. Kuiper, L.M. Heaman and S. Lin	86
GS-13 Bedrock mapping in the Gull Rapids area, northern Manitoba (NTS 54D6) by C.O. Böhm, M.S. Bowerman and M.W. Downey	92
GS-14 Structural geology of the Assean Lake and Aiken River deformation zones, northern Manitoba (NTS 64A1, 2 and 8) by Y.D. Kuiper, S. Lin, C.O. Böhm and M.T. Corkery	105
GS-15 Split Lake Block revisited: new geological constraints from the Birthday to Gull rapids corridor of the lower Nelson River (NTS 54D5 and 6) by R.P. Hartlaub, L.M. Heaman, C.O. Böhm and M.T. Corkery	114
GS-16 Field relations, U-Pb zircon ages and Nd model ages of granitoid intrusions along the Thompson Nickel Belt–Kisseynew Domain boundary, Setting Lake area, Manitoba (NTS 63J15 and 63O2) by H.V. Zwanzig, C.O. Böhm, A. Protrel and N. Machado	118
GS-17 Thompson Nickel Belt Project, Manitoba (parts of NTS 63J, 63O and 63P): progress report by J.J. Macek and C.R. McGregor	130
GS-18 Mineral modes of gneiss along the Thompson Nickel Belt–Kisseynew Domain boundary, Manitoba (parts of NTS 63J, 63O, 63P, 64A and 64B) by T.L. Parsons and H.V. Zwanzig	132
GS-19 Petrogenesis of the Thompson Formation T1 member, Thompson Nickel Belt, Manitoba (NTS 63P12) by C.G. Couëslan	137

Northern Superior

GS-20 Preliminary results and economic significance of geological mapping and structural analysis at Sharpe Lake, northern Superior Province, Manitoba (parts of NTS 53K5 and 6) by C.J. Beaumont-Smith, S.D. Anderson, A.H. Bailes and M.T. Corkery	140
GS-21 New insights into supracrustal assemblages and regional correlations for the Island Lake greenstone belt, northwestern Superior Province, Manitoba (parts of NTS 53E15 and 16) by J. Parks, S. Lin, M.T. Corkery and D.W. Davis	159

Northern Manitoba

GS-22 Metallic and silica resource potential of the Churchill area, northern Manitoba (parts of NTS 54K13SE and 54L16SW) by J.D. Bamburak	165
GS-23 Paleozoic drillcore from the Churchill area, northern Manitoba: preliminary results (NTS 54K and 54L) by G.A. Young, R.J. Elias and E.P. Dobrzanski	171

Southeastern Manitoba

GS-24 Geology and structure of the Garner Lake area, southeast Rice Lake greenstone belt, Manitoba (NTS 52L14) by S.D. Anderson	178
GS-25 Platinum group element investigations in the Mayville igneous complex, southeastern Manitoba (NTS 52L12) by P. Theyer	196
GS-26 Phytoremediation of mine tailings and bio-ore production: progress report on seed germination, plant growth and metal accumulation in seedlings planted at Central Manitoba (Au) minesite (NTS 52L13) by S. Renault, C. Szczerski, C. Nakata, E. Sailerova and M.A.F. Fedikow	200
GS-27 Understanding drought in the Winnipeg River basin, Manitoba by S. St. George	209

South-central Manitoba

GS-28 Preliminary karst inventory of areas north and south of Grand Rapids, Manitoba (NTS 63B and 63G) by R.K. Bezys and A.J. Kobylecki	213
GS-29 Grassy Bay aeromagnetic-anomaly cluster: a potential source for the Porcupine Hills kimberlite indicator minerals in west-central Manitoba (NTS 63C13NE) by I.T. Hosain and J.D. Bamburak	224
GS-30 Quaternary mapping progress in southern Manitoba Phanerozoic terrane: 2-D and 3-D by G.L.D. Matile, G.R. Keller, L.H. Thorleifson and D.M. Pyne	231

Manitoba General

GS-31 The search for diamonds in Manitoba: an update by Manitoba Geological Survey	239
GS-32 Manitoba's Precambrian Drillcore Libraries Program by D.E. Prouse	247
GS-33 The Manitoba Stratigraphic Database: an update by G.G. Conley	250

Publications

Preliminary Maps	255
Publications Released November 2002 - November 2003	256
External Publications	262
