Dear Kristin,

**RE: East Manson Unit No. 10 Project Approval**

---

The Petroleum Branch is pleased to grant approval of East Manson Unit No. 10 within the Bakken-Torquay Formation covering SE/4 of Sect. 9-13-28WPM & LSDs 15-16 of Sect. 4-13-28WPM.

The unitization effective date for East Manson Unit No. 10 is November 01, 2024.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing wells to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen at (204) 945-6570.

Yours truly,

Marianne Porteous  
Director
