Dear Kristine,

**RE: East Manson Unit No. 6 - Approval**

---

The Petroleum Branch is pleased to grant approval of East Manson Unit No.6 covering S/2 28-13-28 WPM and NW/4 28-13-28 WPM in Manson Field. The effective date for East Manson Unit No. 6 will be October 1, 2015.

The execution pages of the Unit Agreements are signed and attached.

TORC is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when TORC wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Technical Engineering Officer, at (204) 9456570.

Yours truly,

Dan Surzyshyn  
A/Director
