Dear Glenn,

**RE: Ewart Unit No. 11 Project Approval**

---

The Petroleum Branch is pleased to grant approval of Ewart Unit No.11 within the Lodgepole Formation covering sections 16, 17 of twp 8 / rge 28 in Daly Sinclair field, WPM:

The effective date for Ewart Unit No. 11 is May 1, 2017.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Engineering Officer, at (204) 945-6570.

Yours truly,

Jim Crone  
Director
