Dear Mr. Ross,

RE: Ewart Unit No. 14 Project Approval

The Petroleum Branch is pleased to grant approval of Ewart Unit No. 14 within the Bakken-Torquay Formation covering S/2 & NW/4 of Section 2, N/2 of Section 3, NE/4 of Section 4, Section 10, SW/4 & N/2 of Section 11, SW/4 of Section 14 and SE/4 of Section 15 all in twp 8 / rge 28 WPM.

The effective date for Ewart Unit No. 14 is December 1, 2018.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Engineering Officer, at (204) 945-6570.

Yours truly,

Amy Jordan
A/Director
