Dear Kristin,

RE: Ewart Unit No. 16 Project Approval

The Mining, Oil and Gas Branch is pleased to grant approval of Ewart Unit No. 16 within the Bakken-Torquay Formation covering:

twp 8 / rge 28 WPM:	N/2 20, S/2 22 and Sections 21, 28 and 32
twp 9 / rge 28 WPM:	Sections 4 & 5

The effective date for Ewart Unit No. 16 is January 01, 2023.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen at (204) 945-6570.

Yours truly,

Lori Stevenson
Director
