Ms. Kristin Rennie
Tundra Oil & Gas Limited
1700 - One Lombard Place
Winnipeg, MB R3B 0X3

Dear Ms. Rennie,

RE: Ebor Unit No. 4 (EBU4) and Ewart Unit No. 18 (EU18) Approval

The Petroleum Branch is pleased to grant approval of the following units:

- **Ebor Unit No. 4** (*Lodgepole Formation*) which will consist of Sections 5 & 8 in twp 9 / rge 29 WPM.
- **Ewart Unit No. 18** (*Bakken-Torquay Formation*) which will consist of LSDs 1-4, 7, 8 Section 6-9-28 WPM and S/2 Section 1-9-29 WPM

The unitization effective date for both EBU4 and EU18 is **March 1, 2021**.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within these new units. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Engineering Officer, at (204) 945-6570.

Yours truly,

Peter Mraz
Director
