Winnipeg, MB R3B 0X3

Dear Glenn,

RE: Ewart Unit No. 6 and Birdtail Unit No. 3 - Approvals

The Petroleum Branch is pleased to grant approval of Ewart Unit No.6 and Birdtail Unit No. 3 covering the following sections:

- **Ewart Unit No. 6** (*in Daly Sinclair Field*) : Section 21-7-28 WPM and S/2 28-7-28 WPM.
- **Birdtail Unit No. 3** (*in Birdtail Field*) : Section 25-16-28 WPM, Section 30-16-27 WPM, S/2 31-16-27 WPM and W/2 29-16-27 WPM.

The effective date for both units is January 1, 2015.

The execution pages of the Unit Agreements are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within these new units. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Technical Engineering Officer, at (204) 945-6570.

Yours truly,

Keith Lowdon
Director
