Melita, MB R0M 1L0

Dear Greg,

RE: Lyleton Unit No. 1 Project Approval

The Petroleum Branch is pleased to grant approval of Lyleton Unit No. 1 within the Lower Amaranth Formation covering W/2 of Sect. 26-1-28WPM.

The unitization effective date for Lyleton Unit No. 1 is November 01, 2024.

The execution pages of the Unit Agreement are signed and attached.

Melita is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing wells to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Melita wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen at (204) 945-6570.

Yours truly,

Marianne Porteous
Director
