Dear Kory,

**RE: North Pierson Unit No. 4 Unitization Approval**

---

The Petroleum Branch is pleased to grant approval of North Pierson Unit No. 4 within the Mission Canyon 3 Formation covering:

- LSDs 1, 8, 9 & 16 of Sect. 7-3-29 WPM
- LSDs 1 & 8 of Sect. 18-3-29 WPM

The unitization effective date for North Pierson Unit No. 4 is July 01, 2025.

The execution pages of the Unit Agreement are signed and attached.

Burgess Creek is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing wells to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Burgess Creek wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen at (204) 945-6570.

Yours truly,

Marianne Porteous  
Director
