Dear Mr. Ross,

**RE: South Pierson Unit No. 4 Project Approval**

---

The Petroleum Branch is pleased to grant approval of South Pierson Unit No. 4 within the Lower Amaranth-Mission Canyon Formation covering N/2 of Section 14 twp 2 / rge 29WPM in Pierson Field.

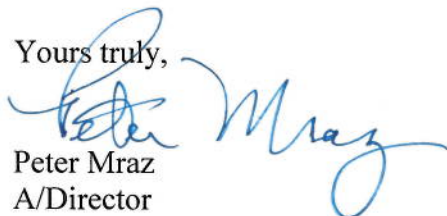

The effective date for South Pierson Unit No. 4 is January 1, 2019.

The execution pages of the Unit Agreement are attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Engineering Officer, at (204) 945-6570.

Yours truly,

Peter Mraz  
A/Director
