Dear Glenn,

RE: Waskada Unit No. 20 Project Approval

The Petroleum Branch is pleased to grant approval of Waskada Unit No. 20 covering the following within twp 1 / rge 25 in Waskada Field, WPM:

- NE/4 Section 32
- W/2 Section 33
- All of Section 28
- LSD 13 of Section 21

The effective date for Waskada Unit No. 20 is February 1, 2017.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Engineering Officer, at (204) 945-6570.

Yours truly,

Keith Lowdon
Director
