NOTE: This map has been assembled as a guide to Provincial Crown oil and gas rights ownership and disposition. Reference should be made to the appropriate Land Titles Office for all work of a legal nature.

The Crown oil and gas rights ownership shown in Townships 19 to 22 and Ranges 19 to 29 WPM is incomplete. Reference should be made to the appropriate Land Titles Office for all work of a legal nature.

The portion of Crown interests shown in most towns and villages may consist of an individual lot or lots. The Crown's interest in portions of rivers and lakes may not always be shown.

While every effort has been made to insure the accuracy of this map, it would be appreciated if any errors or omissions be reported to the Branch.
