Dear Mr. [REDACTED]

**RE: North Virden Scallion Unit No. 3 Project Approval**

---

The Petroleum Branch is pleased to grant approval of North Virden Scallion Unit No. 3 within the Lodgepole Formation covering LSDs 3-5, 7, 10, 15 of Section 29-11-26WPM and LSDs 1-3, 6-8, 11, 14 of Section 30-11-26WPM.

The effective date for North Virden Scallion Unit No. 3 is April 1, 2019.

The execution pages of the Unit Agreement are signed and attached.

Tundra is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Tundra wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo [REDACTED] Engineering Officer, at (204) 945-6570.

Yours truly,

Leo [REDACTED]  
A/Director
