
Bissett

Community Status

Bissett originally acted as the service centre for the San Antonio gold mine. During the 25 years, 1943 to 1968, some 200 employees produced 38,272.13 grams of gold and 6,108.62 grams of silver. The mine was closed down as being uneconomical. Since 1980-81, the mine has opened and closed several times. It is now owned by San Gold Corporation, and is presently in full production

The community of Bissett is located on PTH #304 about 256 kilometers northeast of Winnipeg. This road has now been extended into the Provincial Nopoming Park and to Wallace Lake, some 32 kilometers to the east, then southward through the park to Bird River Road. The highway traverses a major recreation area, and Bissett is one of two major entry points.

The community was recognized by Aboriginal and Northern Affairs in October 1972, and is represented by a mayor and council under *The Northern Affairs Act*.

Emergency Services

Fire

Fire fighting capability is based on a pumper truck and equipment from the community fire hall. Portable forestry equipment is available for grass and brush fires. In addition, a ½ ton truck with portable water supply responds to grass and small brush fires.

Police

Police services are based in Powerview detachment, RCMP, about one and a half hours away, phone (204) 367-2222. RCMP also has trailer facilities for overnight accommodation in the community.

Medical

Medical facilities are ambulance service operated by Eastman Health Association Inc. The nearest hospital is in Pine Falls

Community-based Services

Hydro

Provided by Manitoba Hydro as land line electric power. Residential rates are:

Basic charge	\$ 6.85 /month
First 900 kWh	6.25 cents/KWH
Balance	6.30 cents/KWH

Hydro phone 1-888-MBHYDRO (1-888-624-9376).

Telephone

MTS Allstream Inc., provides individual line service and digital switching with toll-free calling to Manigotagan and Pine Falls exchanges. Call MTS toll-free at (204) 225-5687.

Water

Water source is Rice Lake. In 1987, an upgraded intake line was installed. Treatment consists of a nanofiltration system, followed by chlorination. Water is then distributed by line throughout the community.

Waste Disposal

The community has a solid waste transfer station a few kilometers away. Sewage is transported to a lagoon by low pressure collection system, or truck haul.

Schools

The San Antonio School, located in the community, is operated by Frontier School Division. Two teachers and two support staff work here. Phone (204) 277-5277.

Recreation Facilities

- Baseball diamond
- Beach area
- Campground

- Curling rink and hall, 922 sq. metres
- Outdoor rink with change house

- Byrons Trucking and Contracting – (204) 277- 5262

Economic Overview

Forestry, trapping, mining and wild rice are major contributors to the local economy. Tourism and the local services also provide income to the community.

Forested areas surrounding the community are included in the provincial forestry management unit #34. Substantial harvesting is done in the area, with the wood being delivered to the Tembec At Pine Falls. About 10 small private sawmills have a quota for saw logs in addition to their contracts with Tembec. The sawmills hire locally to fill the contracts.

Trapping is largely confined to registered traplines in the Hole River and Lac du Bonnet Registered Trap Line Zones. Bissett shares this Registered Trap Line Zone with other nearby communities.

Commercial fishing is not a large contributor to the local economy.

The San Antonio gold mine production has generally been suspended since 1983. While production has ceased, the mine infrastructure continues to be maintained by Harmony Gold, and there is potential for future additional mining.

The community formed the Bissett Development Corporation, which is responsible for encouraging economic development in the community and area.

Some tourism, as well as the local service sector, contributes income to the economy of the community.
