

Manitoba Justice Private Investigators and Security Guards Information Note

November 20, 2020

Deadline for Training Completion Extended Temporary Security Guard Licences

This notice is to advise of an amendment to the original Information Note that was circulated and posted on **September 11, 2020** (link to the original notice here <https://www.gov.mb.ca/justice/commsafe/private/pubs/virtual.pdf>).

Industry workers, trainers and employers were advised:

- *Temporary Security Guard licensees whose licences were issued prior to September 14, 2020 and which expire before they are able to pass the final exam, may continue to work as security guards **until Dec. 1st, 2020**.*

After this date, individuals whose temporary security guard licences have expired may not continue acting as security guards. They may re-apply for a licence once they have satisfied the mandatory training requirement.

Please be advised that the deadline of Dec. 1st, 2020 noted above has been extended to March 1st, 2021.

This extension is to assist security guard providers/employers and trainers with managing business and service continuity. This will also assist industry workers by providing additional time to satisfy the mandatory training requirement.

If you have any questions regarding the above information, please e-mail pisg@gov.mb.ca

Please include a current cell phone number in your communication so that you may be contacted as soon as possible.
