Dear Minister:

I am pleased to submit for your consideration the Eighteenth Annual Report of the Civil Legal Services Special Operating Agency for the fiscal year ending March 31, 2013.

The results of the 2012/13 fiscal year indicate that Civil Legal Services (CLS) has operated successfully and effectively by focusing on client service. The results also indicate that the advantages of SOA status, including the flexibility to hire staff as required to provide service levels appropriate to client demand, the ability to plan on a long term basis, and the ability to acquire equipment and supplies that support effective operation and promote a good working environment, are essential to CLS sustaining the provision of high quality legal services to its clients and in recovering the full cost of its operations.

The Advisory Board is pleased with the continued success of CLS and encouraged by the commitment of its employees and the support of its clients.

All of which is respectfully submitted,

PROFILE OF CIVIL LEGAL SERVICES

Civil Legal Services

The role of Civil Legal Services (“CLS”) flows from the constitutional and statutory¹ responsibilities of the Minister of Justice as the Chief Legal Advisor to government and the guardian of the public interest. Acting pursuant to government policy, Civil Legal Services is responsible for providing a full range of high quality legal services, on a cost recovery basis, to its clients, namely the Government of Manitoba, the government’s agencies, boards and committees and some Crown corporations.

Special Operating Agency Status

CLS remains a branch within the Department of Justice of the Province of Manitoba and is accountable to the Deputy Minister and Minister for operational and financial performance. As a special operating agency, CLS operates outside of the Consolidated Fund and under the Special Operating Agencies Financing Authority (“SOAFA”), which holds title to CLS’s assets, provides financing for operations and is responsible for CLS’s liabilities. Accountability is supported by CLS’s compliance with its Operating Charter, transfer agreement, management agreement, applicable General Manual of Administration policies and *The Special Operating Agencies Financing Authority Act* (“*The SOAFA Act*”).

The increased management authority and more rigorous planning and reporting requirements afforded by special operating agency (“SOA”) status have assisted CLS in sustaining the provision of high quality legal services to its clients.

¹The statutory basis for the Minister’s responsibility is set out in sections 2 and 2.1 of *The Department of Justice Act*, C.C.S.M. c. J35.

MISSION, OPERATING PRINCIPLES AND CRITICAL SUCCESS FACTORS

Mission of CLS

CLS's mission is to provide timely, high quality, helpful, efficient and cost-effective legal services that meet the needs of its clients, namely, the Province of Manitoba and the province's agencies, boards, commissions and those Crown organizations to which CLS provides legal services.

Operating Principles

CLS's mission and goals are supported by the following operating principles:

- service is customer focused
- service is cost-effective
- a commitment to the highest standards of service

Critical Success Factors of CLS

Factors critical to the success of CLS are:

- providing timely, high quality, helpful, efficient, cost-effective legal services that meet the needs of its clients;
- determining its effectiveness in meeting its clients' needs;
- identifying better ways to meet its clients' needs for legal services;
- improving communication between CLS and its clients and communication within CLS;
- improving job satisfaction; and
- developing means to assist staff to work as effectively as possible to satisfy changing client needs and to make adjustments to deal with increasing work loads, deadlines and the pressure of reduced resources.

COST RECOVERY BY CIVIL LEGAL SERVICES

On April 1, 1992, CLS became the first government legal services office in Canada to recover the cost of providing legal services to its clients.

On April 1, 1995, CLS commenced operation as a special operating agency.

In fiscal year 2012/13, clients were billed at the rate of \$168.00² per hour for services provided by CLS counsel, being the amount required to cover all of CLS's costs and break even. All of CLS's costs are covered by this hourly rate, including wages, operating expenses (including rent) and employee benefits (including pension benefits).

The CLS cost recovery system operates in a fashion similar to billing systems used by private law firms. Time spent by counsel in providing services is billed in increments of one-tenth of an hour. Each counsel keeps a daily record of time for services provided, indicating the client for whom the work was performed, the file on which work was performed, a brief description of the service provided and the amount of time expended. In fiscal year 2012/13, clients were provided with detailed statements of account showing the services provided on each file on a monthly basis.

*In 2001/02, CLS increased its hourly rate by \$4.00 to \$109.00 per hour for services provided by CLS counsel. The rate of \$109.00 per hour made no provision for increased salary costs. Effective November 1, 2001, CLS increased its hourly rate to \$123.00 per hour to cover the increased salary and benefit costs resulting from the arbitration award for the Manitoba Association of Crown Attorneys (MACA).

**Similarly, in 2007/08, CLS maintained an hourly rate of \$137.00 for part of the fiscal year. The rate of \$137.00 per hour made no provision for increased salary costs. Effective October 1, 2007, CLS increased its hourly rate to \$148.00 per hour to cover the increased salary and benefit costs resulting from the new collective agreement with MACA.

LEGAL SERVICES

CLS Services

CLS provides a full range of legal services in the following areas:

- Aboriginal Law
- Access to Information and Privacy Law
- Administrative Law
- Civil Litigation
- Constitutional Law
 - assisting the Constitutional Law Branch in some cases involving the application of the *Canadian Charter of Rights and Freedoms* and in Aboriginal self-government issues
 - providing advice on the constitutional division of powers and taxation issues
- Contracts and Agreements
- Conveyancing
- Corporate and Commercial
- Information Technology
- International Law
- Legal Opinions
- Legislative Review and Policy Development (which occasionally includes drafting legislation)
- Training and Education

Use of Outside Counsel

CLS provides most, but not all, civil legal services to government and its agencies. In appropriate circumstances, at the request of a client, outside counsel is retained by the Department of Justice, through CLS.

The current policy respecting the circumstances when outside counsel are retained provides considerable flexibility in meeting the clients' needs. At the request of a client, the Department of Justice, through CLS, will continue to retain outside counsel on a case by case basis where:

- (a) the type of legal service required involves a degree of specialization which is not ordinarily available within CLS;
- (b) the nature of the matter creates a conflict of interest for government legal counsel;
- (c) it is more cost-effective to retain outside counsel; or
- (d) the matter is of such magnitude that it would not be possible for CLS to provide the services while continuing to meet the needs of other clients.

STRUCTURE OF CIVIL LEGAL SERVICES

Staff

As of March 31, 2013, CLS staff consisted of:

- 1 director
- 39 legal counsel
- 1 administrative officer
- 19 administrative assistants
- 1 financial officer
- 1 accounting clerk
- 2 articling students

CLS supports flexible work arrangements, including job sharing, part-time work arrangements and flexible hours, to accommodate the balancing of career and family. During 2012/13, two legal counsel and five administrative assistants worked in varied work arrangements.

Key Personnel

All members of CLS are key personnel and are committed to using their best efforts to advance the CLS mission of providing timely, high quality, helpful, efficient and cost-effective client-focused services. The provision of legal services requires a strong knowledge of the law and government issues as well as a high degree of collaboration, cooperation and consultation among members of CLS and with other counsel in the Department of Justice. All members have demonstrated these skills. They have also worked extremely hard to meet the service and operational goals of CLS.

Members of CLS are encouraged and given support to upgrade their skills.

Organization of Counsel

Legal counsel are divided into four teams, each headed by a team leader.

One team is designated as the litigation team and the members of this team perform most of the CLS litigation work. Litigation coming into the office is generally assigned to counsel by the litigation team leader. The second team consists of counsel whose area of practice is primarily corporate, commercial and information technology law. The third team, the Crown law team, consists of counsel who provide a wide range of legal services, including in the area of access to information and privacy. The fourth team of counsel practice primarily, but not exclusively, in the field of Aboriginal law and resource law.

The only legal position dedicated to management is that of Director. All counsel, including the Director, provide legal services to clients. Most counsel are assigned to provide legal services to one or more client departments or agencies. The larger clients are served by more than one counsel.

Administration

The day to day operations of CLS are managed by the Director, who reports directly to the Deputy Minister of Justice.

Within CLS, the “Action Committee” deals with administrative and other matters affecting its operations. The Action Committee consists of the Director, six legal counsel, the Financial Officer, the Administrative Officer and two administrative assistants and generally meets on a quarterly basis.

All members of CLS are expected to do what is necessary to meet client needs. They are given the information and authority needed to provide clients with timely and appropriate services.

ADVISORY BOARD

The Director provides plans and reports to the Advisory Board, established under the CLS Operating Charter, for review and consultation. The Advisory Board members are appointed by the Minister of Justice and the Board is chaired by the Deputy Minister. The Board’s role is to provide advice to CLS on its direction, the provision of services, its structure and on its mandate, business practices and financial reporting requirements.

As of March 31, 2013 the members of the Advisory Board were:

Ex officio

- Deputy Minister of Justice

CIVIL LEGAL SERVICES ORGANIZATION CHART 2012/13

As at March 31, 2013

SUSTAINABLE DEVELOPMENT

In December 2002, in accordance with Manitoba's Sustainable Development Procurement Guidelines, an Organizational Action Plan for the Department of Justice was developed. CLS adopted the Action Plan of Justice and implemented the goals that were applicable to its operation.

All CLS employees have worked toward the common objective of realizing the Province's sustainable development goals. The use of duplex printing and double-sided photocopying to reduce paper consumption, and participation in recycling programs were common practice in 2012/13. When feasible, CLS purchased and used environmentally preferable products and services, e.g. recycled paper and recycled toner cartridges for printers and fax machines.

PERFORMANCE INDICATORS AND ACHIEVEMENTS

In the 2012/13 CLS Business Plan, CLS established the following performance indicators for the year which set achievement levels for CLS.

Client Satisfaction

*Performance Indicator: Meetings with clients to discuss service.
 Performance: Meetings completed.*

Over the 2012/13 fiscal year, the Director of CLS met with Deputy Ministers and/or representatives of CLS's client departments and representatives of its Crown corporation clients to discuss the commitment of CLS to providing client-focused, high quality services; the services provided and the benefit of those services to the client; the cost-effective nature of the services; and client concerns and issues.

*Performance Indicator: Use Client Comment Cards to regularly solicit client feedback as to their level of satisfaction.
 Performance: Client Comment Cards distributed.*

Since March 1997 CLS has been sending out Client Comment Cards on a quarterly basis to clients in order to obtain ongoing feedback. The feedback continues to be positive in 2012/13, with 96% of clients responding to the Client Comment Cards indicating that they were satisfied or more than satisfied with the services provided. (Client Comment Cards were not sent out in 2005/06, 2008/09 or 2011/12 as Client Satisfaction Surveys were conducted).

Performance Indicator: Review of Service Standards.

Performance: Service Standards reviewed.

The CLS Service Standards were established in 1995/96, and have been reviewed regularly. Service standards are needed to ensure client satisfaction with the services provided and to assure the ongoing maintenance of a high standard of service delivery. CLS Service Standards are designed to ensure that CLS will continue to provide clients with a service which they value by providing a measure by which the quality of the legal services provided by CLS may be judged by those receiving the services (the client) and others, and by providing the staff of CLS with objective standards to be observed in carrying out their responsibilities.

There was nothing in the feedback from clients in 2012/13 to suggest that any amendment was required in the CLS Service Standards. Accordingly, CLS determined that no change to the Standards was necessary.

Performance Indicator: Publish three information bulletins.

Performance: Three information bulletins published.

In order to inform its clients on significant legal issues and related matters of interest, CLS published three Information Bulletins in 2012/13:

1. Application of Provincial Laws on First Nation Reserve Lands
2. Summary of Manitoba Government Bills, 1st Session, 40th Legislature
3. Audit Inquiry Letters - New Accounting and Auditing Standards

In order to achieve the widest possible distribution of its Information Bulletins across government, CLS posted these and other recently published bulletins on the Justice Intranet.

Performance Indicator: *Educational seminars for clients on current legal issues and developments.*

Performance: *Members of CLS were directly involved in providing or presenting at a variety of seminars.*

CLS counsel were involved in providing a number of seminars, presentations and training sessions, including the following:

Job Satisfaction

*Performance Indicator: Focus on use of CLS Annual Staff Review Process.
Performance: Staff reviews conducted.*

Implemented in 1997/98, the review process with respect to the members of CLS is intended to facilitate achieving the mission of CLS and to contribute to the benefits identified as flowing from the Review Process, including: improving communication within CLS, clarifying roles and expectations, improving job satisfaction, assisting with career planning and training, and assisting the members of CLS to work as effectively as possible.

Fiscal Performance

*Performance Indicator: To recover the cost of operations.
Performance: CLS recovered the cost of operations with a surplus.*

*Performance Indicator: To meet daily average billable hour target of 6.0 hours per billable day over the year.
Performance: Target exceeded.*

The daily average billable hour target per lawyer of 6.0 hours per billable day during 2012/13 was exceeded and CLS recovered the cost of its operations. These results reflect a high level of productivity on the part of the members of CLS.

*Performance Indicator: To make a revenue sharing payment as directed.
Performance: CLS made a revenue sharing payment of \$250 as directed.*

As directed by Treasury Board, CLS paid quarterly revenue sharing payments totaling \$250 in 2012/13.

PERFORMANCE MEASUREMENT

Performance measurement outcomes for staffing, client service, client satisfaction and cost savings are attached as Appendix A.

Cost Effectiveness

(In Thousands)

Annual Cost Savings

The cost recovery for legal services was introduced as a budget reduction measure. Unlike the approach taken with respect to the recovery of rental costs by Government Services, the client departments of CLS were not given any additional funding to cover the cost of legal services. This means that the amount charged each year to each client represents a net reduction in the client budget and an on-going budgetary savings to government.

Following this approach, the total savings from April 1, 1995, to March 31, 2013, are \$88,728.

Surplus (Deficit)

As CLS operates very cost effectively, such that each year it has recovered an amount that exceeds its annual operating costs, the difference between the dollar value of service provided each year and the cost to government of CLS's operations in that year in effect is another way of calculating a cost savings as those funds are collected by CLS from clients but not expended. Looking at savings in this fashion, the annual net surplus of CLS each year could be considered to be a government cost saving.

Total savings to March 31, 2013, are \$4,946.

Revenue Sharing

A third way of calculating cost savings to government would be to include revenue sharing payments from the Accumulated Surplus of CLS paid to government. In 1998/99, CLS made a \$400 revenue sharing payment to the government and in 1999/2000, CLS contributed \$500. In 2000/01, CLS was directed to budget for a \$500 payment towards revenue sharing. No revenue sharing payment was required for 2001/02. CLS was directed to submit revenue sharing payments in the amount of \$200 in each fiscal year from 2002/03 to and including 2008/09. In addition, CLS agreed to make an additional revenue sharing payment of \$50 in 2005/06. In 2009/10, 2010/11, 2011/12 and 2012/13 CLS was directed to budget for and submit a \$200 payment towards revenue sharing and was directed to make an additional revenue sharing payment of \$50 for a total of \$250 in each year.

Total savings to March 31, 2013, are \$3,850.

THE PUBLIC INTEREST DISCLOSURE (WHISTLEBLOWER PROTECTION) ACT

Any disclosures of wrongdoing received by Civil Legal Services SOA pursuant to *The Public Interest Disclosure (Whistleblower Protection) Act* will be reported in the annual report of Manitoba Justice. For further information, please refer to the 2012/13 annual report of Manitoba Justice.

See accompanying notes to financial statements on page 27.

Surplus (Deficit)

CLS's surplus for the 2012/13 fiscal year is \$174 (71.0%) over budget, which is attributable to:

- (a) CLS's ability to use its staffing flexibility to provide a level of service appropriate to client demand;
- (b) a high level of productivity on the part of the members of CLS; and
- (c) strong demand for legal services.

Total Expenses

Total expenses for CLS to March 31, 2013, are \$222 (3.0%) over budget. This is mainly attributable to an increase in Wages and Benefits, Law Society Fees and Desktop Management Initiative costs resulting from an increase in the number of legal counsel.

INDEPENDENT AUDITORS' REPORT

To the Special Operating Agencies Financing Authority of
Civil Legal Services

Report on the Financial Statements

We have audited the accompanying financial statements of Civil Legal Services, an agency of the Special Operating Agencies Financing Authority, Province of Manitoba, which comprise the statements of financial position as at March 31, 2013 and the statements of operations, change in net financial assets and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these financial statements present fairly, in all material respects, the financial position of Civil Legal Services as at March 31, 2013 and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Year ended March 31, 2013

1. Nature of organization

The role of Civil Legal Services (the "Agency") flows from the constitutional and statutory responsibilities of the Minister of Justice as the Chief Legal Advisor to government and the guardian of the public interest. Acting pursuant to government policy, the Agency is responsible for providing a full range of high quality legal services, on a cost recovery basis, to its clients, namely the Province of Manitoba, the Province's agencies, boards and commissions and some Crown organizations.

Effective April 1, 1995, the Agency was designated a Special Operating Agency pursuant to *The Special Operating Agencies Financing Authority Act*, Cap. s185, C.C.S.M. and operates under a charter approved by the Lieutenant Governor in Council.

The Agency is financed through the Special Operating Agencies Financing Authority (SOAFA). The Financing Authority has the mandate to hold and acquire assets required for and resulting from Agency operations. It finances the Agency through repayable loans and working capital advances. The financial framework provides increased management authority which, coupled with more rigorous planning and reporting requirements afforded by Special Operating status, assists the Agency to sustain the provision of high quality legal services to its clients.

A Management Agreement between the Financing Authority and the Minister of Justice assigns responsibility to the Agency to manage and account for the Agency related assets and operations on behalf of the Financing Authority.

The Agency continues to be part of Manitoba Justice under the general direction of the Deputy Minister and Minister. The Agency remains bound by relevant legislation and regulations. It is also bound by administrative policy except where specific exemptions have been provided for in its charter in order to meet business objectives.

2. Basis of accounting

These financial statements have been prepared in accordance with Canadian public sector accounting standards which are Canadian generally accepted accounting principles for the public sector as recommended by the Public Sector Accounting Board.

3. Significant accounting policies

(a) Revenue

Recoveries

Revenue is recognized on an accrual basis as legal services are provided.

Other revenue

All other revenues are recognized on an accrual basis.

(b) Expenses

Accrual accounting

All expenses incurred for goods and services are recorded on an accrual basis.

Government transfers

Government transfers are recognized as expenses in the period in which the transfers are authorized and all eligibility criteria have been met.

3. Significant accounting policies (continued)

(c) Financial assets

Cash and cash equivalents

Cash and cash equivalents include cash on hand and short term deposits and investments with original maturities of three months or less.

Accounts receivable

Accounts receivable are recorded at the lower of cost and net realizable value. An allowance for doubtful accounts is recorded when there is uncertainty whether the amounts will be collected.

Portfolio investments

Portfolio investments are investments and deposits with original maturities of more than three months. These investments are recognized at cost.

(d) Liabilities

Liabilities are present obligations as a result of transactions and events occurring at or prior to the end of the fiscal year the settlement of which will result in the future transfer or use of assets or other form of settlement. Liabilities are recognized when there is an appropriate basis of measurement and a reasonable estimate can be made of the amount involved.

(e) Non-financial assets

Non-financial assets do not normally provide resources to discharge existing liabilities of the Agency. These assets are normally employed to provide future services.

Tangible capital assets

Tangible capital assets are recognized at cost. Cost includes the purchase price as well as other acquisition costs. The costs of tangible capital assets, less any residual value, are amortized over their estimated useful lives as follows:

Computer equipment and software	20% straight line (10% in year of acquisition)
Furniture and fixtures	20% straight line (10% in year of acquisition)
Leasehold improvements	20% straight line (10% in year of acquisition)

(f) Financial instruments - measurement

Financial instruments are classified into one of two measurement categories: (a) fair value; or (b) cost or amortized cost.

The Agency records its financial assets at cost, which include cash and cash equivalents, accounts receivable and portfolio investments. The Agency also records its financial liabilities at cost, which include accounts payable and accrued liabilities.

Gains and losses on financial instruments measured at cost or amortized cost are recognized in the statement of operations in the period the gain or loss occurs. Gains and losses on financial instruments measured at fair value, if any, are recorded in accumulated surplus as remeasurement gains and losses until realized; upon disposition of the financial instruments, the cumulative remeasurement gains and losses are reclassified to the statement of operations.

3. Significant accounting policies (continued)

(g) Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from these estimates.

4. Accounts receivable

	2013	2012
Trade accounts receivable	\$ 1,040	\$ 855
Other receivables	12	8
	<u>\$ 1,052</u>	<u>\$ 863</u>

5. Working capital advances

The Special Operating Agencies Financing Authority has provided the Agency with an authorized line of working capital of \$200 of which \$nil was used at March 31, 2013 (2012 - \$nil).

6. Employee future benefits

	2013	2012
Severance benefits	\$ 1,030	\$ 928
Sick pay benefits	149	140
	<u>\$ 1,179</u>	<u>\$ 1,068</u>

Pension benefits

Employees of the Agency are eligible for pension benefits in accordance with the provisions of the *Civil Service Superannuation Act (CSSA)*, administered by the Civil Service Superannuation Board. The CSSA established a defined benefit plan to provide benefits to employees of the Manitoba Civil Service and to participating agencies of the Government, including the Agency, through the Civil Service Superannuation Fund.

Pursuant to an agreement with the Province of Manitoba, the Agency transferred to the Province the pension liability for its employees. The Agency is required to pay to the Province an amount equal to the current pension contributions of their employees. The amount paid for 2013 was \$408 (2012 - \$332). Under this agreement, the Agency has no further pension liability.

6. Employee future benefits (continued)

Severance benefits

Effective April 1, 1998, the Agency began recording accumulated severance pay benefits for its employees. The amount of the severance pay benefit obligation is based on actuarial calculations. The periodic actuarial valuations of these liabilities may determine that adjustments are needed to the actuarial calculations when actual experience is different from that expected and/or because of changes in actuarial assumptions used. The resulting actuarial gains or losses are amortized over the expected average remaining service life (EARSL) of the related employee group.

An actuarial report was completed for the severance pay liability as of March 31, 2011. The report provides a formula to update the liability on an annual basis. The Agency's actuarially determined net liability for accounting purposes as at March 31, 2013 is \$1,030 (2012 - \$928) with the actuarial losses of \$124 (2012 - \$124) based on the completed actuarial reports being amortized over the 15 year EARSL of the employee group.

Significant long-term actuarial assumptions used in the March 31, 2011 actuarial valuation, and in the determination of the March 31, 2013 present value of the accrued severance benefit liability, are:

Annual rate of return:		
Inflation component	2.00%	
Real rate of return	4.00%	
		6.00%
Assumed salary increase rates:		
Annual productivity increase	1.00%	
Annual general salary increase	2.75%	
		3.75%

The severance benefit liability as at March 31 includes the following components:

	2013	2012
Accrued benefit liability	\$ 1,104	\$ 1,010
Less: unamortized actuarial losses	(74)	(82)
Severance benefit liability	\$ 1,030	\$ 928

Total severance benefits paid during the year ended March 31, 2013 were \$nil (2012 - \$nil). The total expense related to severance benefits for the year ended March 31 includes the following components:

	2013	2012
Interest on obligation	\$ 66	\$ 60
Current period service cost	28	25
Amortization of actuarial losses over EARSL	8	8
Total expense related to severance benefits	\$ 102	\$ 93

6. Employee future benefits (continued)

Sick pay benefits

The Agency provides sick leave benefits for employees that accumulate but do not vest. The accrued benefit obligation related to sick leave entitlements earned by employees is determined using a valuation model developed by an actuary. The valuation is based on employee demographics, sick leave usage and actuarial assumptions. These assumptions include a 6.00% annual return and a 3.75% annual salary increase. The Agency's sick leave benefit liability as at March 31, 2013 based on the valuation model is \$149 (2012 - \$140). The increase in the sick leave benefit liability of \$9 (2012 - \$nil) represents the total sick leave benefit expense for the year.

8. Designated assets

The Agency has allocated \$380 (2012 - \$380) of its portfolio investments as designated assets for cash received from the Province of Manitoba for the vacation entitlements earned by employees of the Agency prior to its designation as an SOA and the severance pay benefits accumulated to March 31, 1998 for certain of their employees. This amount is held in an interest bearing account until the cash is required to discharge the related liabilities. Any unused balance is re-invested annually.

9. Commitments

The Agency has not entered into a lease agreement with the Province of Manitoba for rental facilities at 405 Broadway. Occupancy charges for the year ending March 31, 2014 are estimated to be \$227 (2013 actual - \$219).

10. Transfer of funds to the Province of Manitoba

During the year, with Lieutenant-Governor-in-Council approval by Order in Council, the Agency transferred \$250 of its surplus funds to the Province of Manitoba (2012 - \$250). These amounts are recorded as an expense in the statement of operations.

11. Financial instruments and financial risk management

The Agency does not have any significant financial instruments subsequently measured at fair value or denominated in a foreign currency therefore the Agency did not incur any remeasurement gains or losses during the year (2012 - \$nil).

Financial risk management – overview

The Agency has exposure to the following risks from its use of financial instruments: credit risk; liquidity risk; market risk; interest rate risk; and foreign currency risk.

Credit risk

Credit risk is the risk that one party to a financial instrument fails to discharge an obligation and causes financial loss to another party. Financial instruments which potentially subject the Agency to credit risk consist principally of cash and cash equivalents, accounts receivable and portfolio investments.

The maximum exposure of the Agency to credit risk at year end is:

	2013	2012
Cash and cash equivalents	\$ 1,519	\$ 1,287
Accounts receivable	1,052	863
Portfolio investments	380	380
	<u>\$ 2,951</u>	<u>\$ 2,530</u>

Cash and cash equivalents and portfolio investments: The Agency is not exposed to significant credit risk as these amounts are held by the Minister of Finance.

Accounts receivable: The Agency is not exposed to significant credit risk as the balance is due primarily from other government departments and agencies and payment in full is typically collected when it is due. The Agency manages this credit risk through close monitoring of overdue accounts.

The Agency establishes an allowance for doubtful accounts that represents its estimate of potential credit losses. The allowance for doubtful accounts is based on management's estimates and assumptions regarding current market conditions, customer analysis and historical payment trends. These factors are considered when determining whether past due accounts are allowed for or written off.

There was no change in the allowance for doubtful accounts during the year. The allowance for doubtful accounts balance at March 31, 2013 is \$nil (2012 - \$nil).

Liquidity risk

Liquidity risk is the risk that the Agency will not be able to meet its financial obligations as they come due.

The Agency manages liquidity risk by maintaining adequate cash balances and by review from the Province of Manitoba to ensure adequate funding will be received to meet its obligations.

11. Financial instruments and financial risk management (continued)

Market risk

Market risk is the risk that changes in market prices, such as interest rates and foreign exchange rates, will affect the Agency's income or the fair values of its financial instruments.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest rate exposure relates to cash and cash equivalents and portfolio investments.

The interest rate risk on cash and cash equivalents is considered to be low because of their short-term nature. The interest rate risk on portfolio investments is considered low as the original deposits are reinvested at rates for investments with similar terms and conditions.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Agency is not exposed to significant foreign currency risk as it does not have any significant financial instruments denominated in a foreign currency.
