Resolution No. 4: Provincial Government Job-Destroying Payroll Taxes

WHEREAS Manitoba’s economy and workers are under threat with increasing costs and taxes imposed by the Provincial Government on families and businesses; and

WHEREAS the payroll tax is a tax on jobs and drives business away from Manitoba; and

WHEREAS the Provincial Government is responsible for the second highest job-destroying payroll tax in Canada behind only Quebec; and

WHEREAS only three other provinces have maintained a job-destroying payroll tax; and

WHEREAS Canada, the Territories and six other provinces are all free of a payroll tax; and

WHEREAS Manitoba businesses are struggling under unfair tariffs imposed by the American government and require meaningful, permanent relief; and

WHEREAS the Provincial Government job-destroying payroll tax makes Manitoba less attractive for new businesses to come to Manitoba and for investors and job creators to grow the economy; and

WHEREAS under the Provincial Government the unemployment rate has soared from 4% in 2023 to over 6% now in 2025; and

WHEREAS during a recession, the Pawley NDP Provincial Government created the job-destroying NDP payroll tax in 1982; and

WHEREAS the current Provincial Government is leading Manitoba into another recession with high unemployment levels; and

WHEREAS the previous PC Provincial Government began to phase out the payroll tax in successive budgets in 2020, 2021, 2022 and 2023, taking many small- and medium-sized businesses off these tax rolls entirely and reducing the cost of the payroll tax for thousands of other Manitoba businesses; and

WHEREAS with the ongoing threat of U.S. tariffs, the current Provincial Government has only offered a temporary, three-month deferral of the payroll tax to Manitoba businesses; and

WHEREAS Manitoba needs a competitive business environment to attract investment to Manitoba and strengthen the local economy in the face of U.S trade action.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to make the province more attractive to international investors and new businesses by completing the phasing out of the job-destroying payroll tax permanently, provide real relief for businesses struggling under American tariffs, and reversing the Provincial Government's trend of growing the tax burden on Manitobans.
