SPECIFICATION
Roadside Safety Devices
Designator: TFMM02
Description: BCT POST SLEEVE

Post sleeves shall be manufactured from standard strength steel pipe conforming to ASTM A53 Grade B. After cutting the pipe shall be zinc coated according to AASHTO M111 (ASTM A123).

Dimensional tolerances not shown or implied are intended to be those consistent with the proper functioning of the part, including its appearance and accepted manufacturing practices. BCT Post Sleeve may be supplied in the nearest Imperial, or English, units equivalent and corresponding manufacturing specification.

Effective Date: September 1, 2001
Revised Date: January 31, 2011
