Hello

My name is Cam Cleaver and I live approximately 1 mile away from Rocking U. I have 3 issues with this expansion. My biggest concern is the potable water. We have a well that we drink from and being we are so close I'm worried about leaching. Secondly is the road. I live on PR 350, it's the road that they use and with all the heavy traffic it gets pounded out so bad, sometimes it's so bad one can't drive down it, now with this expansion it will only get worse. Thirdly is the smell. Sometimes the smell is so bad one can hardly be outside. Again with expansion it will only get worse.

Thanks,

TRC 12-118  
Rocking U Feedlot

We have never had any troubles with the feedlot. A well operated business.  
We are in favour of expansion.
