

Well Information Table

OPERATION NAME: Delta Colony (West Plains Holding Company Ltd)

INSTRUCTIONS: This preliminary table has been filled out by staff in the Water Science and Watershed Management Branch of Environment and Climate Change based on their records. Upon receiving it, the consultant, applicant and project site and spread field land owners must review the table, add any additional known information and make any corrections to the information provided by Water Science and Watershed Management, such as correcting well locations. The updated table should then be submitted along with your Site Assessment.
