

Bulletin #2021-05

MUNICIPAL RELATIONS

Important Notice to all Elected Officials and Chief Administrative Officers

You are invited to an

Information Session on

COVID-19 Vaccination in Manitoba Municipalities

The Government of Manitoba invites you to join a panel of experts at an Information Session on COVID-19 Vaccination in Manitoba Municipalities. Topics of discussion will include Manitoba's COVID-19 testing, contact tracing and vaccination plan.

Senior provincial officials will provide an update on the current state of COVID-19 testing and contact tracing work, and an overview of the vaccination plan for Municipalities. Participants will have an opportunity to ask questions and have them addressed by the expert panel.

Invitations were sent out on January 27, 2021 to all Council Members and CAO's, including session dates, times and login instructions. Five regional sessions are being held, one for each Regional Health Authority.

In addition, a French-English information session (with simultaneous translation) will be held on Friday, January 29 from 10:30 to 11:30 am for all interested municipalities across the province. This information session is intended for audiences who would prefer to receive this information in French.

If you did not receive the invitation or you prefer a French information session, please contact Municipal Relations at mrmca@gov.mb.ca or call (204) 945-2572.
