Celebrating the work of Municipal Public Servants: Webinar

Resilience, Collaboration and Recognition: COVID-19 and Public Servants in Manitoba's Municipalities

Responding to the COVID-19 pandemic and providing leadership to our communities has required an extraordinary level of dedication and determination. National Public Service Week takes place annually on the third week of June; for 2021 it runs from June 14-18. We would like to take this opportunity to recognize the efforts of all municipal public servants across Manitoba, especially in these difficult circumstances.

In recognition of your tireless support to Manitobans, the department is hosting a celebratory webinar to applaud the work of municipal administrators and employees, and acknowledge the collaborative nature of overcoming challenges posed by COVID-19.

Please mark your calendars for June 29, 2021 and join us to hear from several key speakers, who will each highlight different aspects of collaboration and excellence in leadership by public servants in response to the pandemic.

When: Tuesday, June 29, 2021 @ 10:30 a.m. – noon
