**Municipal Service Delivery Improvement Program –
Extension of deadline to submit council resolution**

This Bulletin amends Bulletin #2022-21, which launched the second application intake of the Municipal Service Delivery Improvement Program.

One of the program application requirements is a notice of endorsement for the application by council through a council resolution. The department recognizes that some municipal councils may not have council meetings before the September 5, 2022 application deadline. Therefore, municipalities are now able to submit a program application by the September 5th deadline, with notices of supporting council resolutions for the application to be submitted no later than **September 30th, 2022**.

Should your program application submitted by September 5, 2022 not include a supporting council resolution, please indicate the expected date of when the resolution will be submitted that meets the September 30th deadline.

Please submit all program applications, supporting council resolutions, general inquiries by email to MSDIP@gov.mb.ca.
