**PAYMENTS IN LIEU OF TAXES – INFORMATION ON  
THE PROCESS**

Manitoba is continuing to rebate education related property taxes including a similar portion of Payments in Lieu of Taxes (PILT) owing to municipalities from the federal government.

This bulletin is to inform you of the process for Manitoba to reimburse municipalities for the reduced federal 2023 PILT.

Your municipality will receive an estimate from Municipal and Northern Relations of the PILT shortfall for 2023 to review. Municipalities will be required to:

1. Confirm the accuracy of the estimate. If your municipality has concerns about the estimate amount, please provide a detailed listing of your outstanding PILT for 2023 by roll # to [mrmaas@gov.mb.ca](mailto:mrmaas@gov.mb.ca).
2. Confirm that your municipality has paid all 2023 school taxes to school divisions and Manitoba that were required.

Once confirmation has been received, the department will start issuing payments to municipalities.
