

Canada Post Mail Disruption Guidelines

As of September 26, 2025, the Canadian Union of Postal Workers (CUPW) have walked off the job in response to the federal government's proposed changes to Canada Post Corporation (CPC). This has resulted in a general postal labour disruption. The following definitions and distribution plan will now apply:

ESSENTIAL MAIL: cheques, court orders, educational material, or other items required to conduct essential business. It also includes medical supplies such as blood, tissue, water samples, x-rays necessary to maintain health care, and anything your department's executive deem essential.

NON-ESSENTIAL MAIL: Letter Mail, Oversize Letter Mail, parcels and all other items not deemed essential mail.

INTERDEPARTMENTAL MAIL (IDM): mail currently distributed between Interdepartmental Mail (IDM) locations.

Materials Distribution Agency (MDA) will be sending mail to 24 distribution points throughout Manitoba, including one Winnipeg location at 401 York. These points will serve as "pick up" centres for the local geographic area.

Two kinds of mail will be distributed to and from these centres:

- 1.) Essential Mail - mail for the general public
- 2.) Interdepartmental Mail (IDM) - mail for government offices that are part of the current internal mail system.

The general public will be able to phone a 1-800 number to enquire where they may pick up their essential mail. This number will be published in newspapers throughout the province. Radio advertising will direct the general public to the newspaper advertising.

A list, cross-referencing essential mail distribution centres with towns in those geographic areas, has been included in this information package to assist government personnel in determining where essential mail should be sent.

If you have any questions regarding the above, please contact one of the following:

Yvette Pescitelli204-795-6124

Gary Ellis204-599-5951

FAQs

Q: *Who is leading the postal disruption?*

A: Materials Distribution Agency (MDA) and department representatives have been meeting to prepare contingency plans.

Q: *How will the postal disruption impact government's daily mail service?*

A: All federal mail that requires postage and is sent in the mail will be affected. Interdepartmental mail (IDM) will not be affected by the disruption.

Q: *What will be implemented if there is a disruption?*

A: MDA will be sending mail to 24 Distribution Centres throughout Manitoba. Two types of mail will be distributed to and from these centres:

Essential mail – mail for the general public. This consists of Province of Manitoba cheques, permits, court orders and other mail deemed essential by department executives. We ask that essential mail be bundled and marked as essential. *Note:* Cheques destined for other Canadian provinces cannot be delivered and will be held until the disruption is over.

Interdepartmental mail – mail for government offices that are part of the current internal mail system. General public can drop off their mail destined for interdepartmental government offices as well at all Distribution Centres.

Q: *Since there is no disruption yet, can we still use regular mail and save the trip to the Distribution Centres?*

A: As of May 26, 2025, negotiations remain uncertain and Canada Post may call the strike at any time. To protect and ensure the availability of cheques, etc., essential mail will be directed to Distribution Centres to avoid any possible disruption of postal services.

Q: *Will all essential mail be at the Distribution Centres?*

A: No, some departments will be taking care of their own essential mail. Information regarding essential mail and where it can be picked up will be communicated via newspaper, radio and the internet.

Q: *How do I mark mail as essential?*

A: Bundle essential mail, write "Essential" on a white sheet of paper (or post-it note) and secure to the bundle with elastics horizontally and vertically. Place in your IDM bag to MDA. If you are a non-IDM user, please use a courier or Purolator to send your essential mail to MDA labelled "Essential" as described.

Q: *Can I just write "Essential" on the envelopes?*

A: No, this might get missed. Sorters will be looking for "Essential" on cover paper or post-it notes.

Q: *Do we need to mark non-essential mail?*

A: It's not necessary. Any mail not bundled and marked as essential will be considered non-essential.

Q: *What happens to mail that is not deemed essential?*

A: Any mail not marked essential will be dated stamped as it is received. Once the disruption is over, MDA will process mail for induction into Canada Post as per the earliest received.

FAQs (continued)

Q: *Do we need to sort essential mail according to where it will be sent?*

A: No, MDA will have staff sort essential mail according to pick up locations and send it out to the Distribution Centres daily through IDM or courier.

Q: *What information will be communicated to the public?*

A: There will be newspaper and radio ads advising what type of mail is at the Distribution Centres, the locations and hours of operation, and what type of identification is required for essential mail pick up from a Distribution Centre. There will be a link on the Government of Manitoba Internet site. There will also be a 1-800 number that the public will be able to call.

Q: *How will I know when mail is at a Distribution Centre?*

A: We ask the public to wait four days after payment of cheques for them to arrive at the Distribution Centres. The Distribution Centres are not equipped with phone lines.

Q: *Do I need identification when picking up mail from a Distribution Centre?*

A: Yes. In order to pick up essential mail, the recipient must present one piece of valid government photo identification, or two pieces of non-photo identification containing the recipient's name and address.

Q: *Can I have someone else pick up mail on my behalf?*

A: Yes. In order for someone to pick up mail on behalf of an individual or a company, the recipient must provide an authorized letter (businesses should be on company letterhead) as well as identification as outlined above.

Q: *Can people pick up essential mail that's sealed, and we don't know what it is?*

A: Sealed mail will be assumed to contain cheques, and cannot be released without proper identification being presented first.

Q: *What happens if I do not have any identification?*

A: We cannot release mail without proper identification.

Q: *Can I get on direct deposit so I don't have to pick up my mail?*

A: Ask the department issuing payment if there is a direct deposit option.
