

*P. J. OR*

AN ORDER OF THE CLEAN ENVIRONMENT COMMISSION  
UNDER THE CLEAN ENVIRONMENT ACT

RE: THE CLEAN ENVIRONMENT COMMISSION and JONESPAC LTD., Applicant,

WHEREAS pursuant to the provisions of The Clean Environment Act, Jonespac Ltd. submitted a proposal to The Clean Environment Commission on the 4th day of June, 1974, in connection with the operation of a plant for the roasting of edible nuts and seeds located at or near 1199 Sanford Street in the City of Winnipeg, Manitoba;

AND WHEREAS after giving notice, the Commission issued Order No. 420 on the 17th day of December, 1964, prescribing limits in connection with the said operation;

AND WHEREAS on the 16th day of August, 1982, the Applicant filed a second proposal with the department, pursuant to Section 14(1) of the said Act, in connection with an alteration of premises by installation of additional equipment in the said plant;

AND WHEREAS in the absence of limits, terms and conditions prescribed by a regulation under the said Act, the second proposal was referred to the Commission to prescribe limits, terms and conditions;

AND WHEREAS after giving notice of the second proposal and of its intention to consider rescinding Order No. 420, the Commission did not receive notice of representation from any person likely to be affected by an order of the Commission issued for the said operation;

AND WHEREAS the Commission considered the second proposal on the 20th day of March, 1985;

IT IS HEREBY ORDERED THAT

*APC*

1. The Applicant shall not cause or permit the emission of particulate matter from any point of emission of the said operation in excess of 0.57 grams per dry standard cubic metre calculated at 25 degrees Celsius and 760 millimetres of mercury, corrected to 12 percent carbon dioxide for processes involving combustion.
2. The Applicant shall not cause or permit visible emissions from any point of emission of the said operation that exhibit an opacity equal to or greater than:

2. (a) 40 percent for a period or periods of more than 4 minutes in the aggregate in any one hour;  
(b) 60 percent at any time.
3. The Applicant shall limit the emission of particulate matter from the said operation to such an extent that airborne particulate matter from any part or process of the said operation does not at any time remain visible beyond the property line of the said operation.
4. The Applicant shall limit odour emissions to such an extent that, at any point of impingement off the site of the said operation, odours emanating from the said operation are not detectable:
  - (a) in a residential area or commercial area when one volume of odorous air is diluted with one equal volume of odour-free air;
  - (b) in an industrial area when one volume of odorous air is diluted with six equal volumes of odour-free air.
5. The Applicant shall at all times maintain a high standard of equipment maintenance and good housekeeping practices consistent with meeting the limits, terms and conditions prescribed in this order.
6. The Applicant shall ensure that adequate stack sampling facilities are installed in a manner satisfactory to the Environmental Management Division; the said facilities shall include proper sampling ports, safe sampling platforms, safe access to the said sampling platforms, access to electrical power to operate the sampling equipment and such additional sampling facilities as are requested by the said Division.
7. This order replaces order No. 420 which shall be and is hereby rescinded.

Order No. 1063

Dated at the City of Winnipeg

this 25th day of March, 1985.

Chairman,  
The Clean Environment Commission.
