In accordance with the Manitoba Environment Act (C.C.S.M. c. E125)

THIS LICENCE IS ISSUED TO:

THE PROVINCE OF MANITOBA REPRESENTED BY THE MINISTER OF HIGHWAYS AND TRANSPORTATION; the "Licencsee"

for the construction and operation of the Development being the upgrading of Provincial Trunk Highway #250 beginning at the junction of Provincial Road #349 in the Rural Municipality of Whitehead and proceeding in a southerly direction to the junction of Provincial Trunk Highway #2 in the Rural Municipality of Glenwood subject to the following specifications, limits, terms and conditions:

SPECIFICATIONS, LIMITS, TERMS AND CONDITIONS

2. The Licencee shall, prior to construction, provide a copy of this Licence to all contractors and sub-contractors involved in the Development.

3. The Licencee shall, prior to construction, consult and reach an agreement with the Department of Natural Resources Regional Director, regarding a site specific wetland mitigation plan. The plan shall:
   a) recommend replacement or mitigation for the loss of wetland areas affected by the Development; and
   b) provide for a post development evaluation of the wetland replacement or mitigation implemented pursuant to Clause 3 (a).

4. The Licencee shall, prior to construction, consult and reach an agreement with the Department of Natural Resources Regional Director regarding the location of areas to be avoided during the nesting period of waterfowl and upland birds where suitable habitat exists.

5. The Licencee shall, prior to relocation of any wood hydro poles within wetland areas related to the Development, consult and reach an agreement with Manitoba Hydro and the Department of Natural Resources Regional Director regarding the preferred type of wood hydro pole preservative.
6. The Licencee shall, during construction, adhere to Manitoba Environment's 
   *Temporary Asphalt Plant Siting Procedures*.

7. The Licencee shall, during construction, ensure that fuel storage and fueling areas 
   established for the construction of the Development are located a minimum 
   distance of 100 metres away from the high water line of any watercourse and 
   wetland within the Development area and shall comply with the requirements of 
   *Manitoba Regulation 97/88R respecting Storage and Handling of Gasoline and 
   Associated Products*.

8. The Licencee shall, during the full term of the construction of the Development, 
   cleanup and deposit all debris from the construction site at a Waste Disposal 
   Ground operating under the authority of a permit pursuant to the *Manitoba Waste 
   Disposal Ground Regulation, MR 150/91*.

9. The Licencee shall, following construction, rehabilitate borrow pits associated 
   with the Development.

10. The Licencee shall, following construction, vegetate disturbed areas with native 
   grasses or herbs.

**REVOCATION**

If in the opinion of the Director the Licencee has exceeded or is exceeding the limits, or 
has not complied or is not complying with the specifications, terms and conditions set out 
herein, the Director may revoke, temporarily or permanently, this Licence.
