Dear Chris Carroll:

**Re: North End Water Pollution Control Centre (NEWPCC) - Environment Act
Licence No. 2684 RRR - Notice of Alteration Approval**

Thank you for the notice of alteration, dated December 14, 2021, for the North End Water Pollution Control Centre (NEWPCC) operating under Environment Act Licence No. 2684 RRR (licence).

The alteration is to replace a portion of the Portage Avenue interceptor sewer extending across and below Omand's Creek approximately 80 m east of the Empress Street East overpass.

Based on information provided in the notice, environmental effects resulting from the proposed alteration would be insignificant. Therefore, pursuant to section 14(2) of The Environment Act, I hereby approve implementation of the proposed alteration subject to the following conditions:

1. The City of Winnipeg (City) shall comply with all other applicable federal, provincial, and municipal regulations and by-laws.
2. The City shall submit a report prepared by a professional engineer that includes updated record drawings reflecting the sewer replacement work as completed. The report must be submitted to the director of Environmental Approvals Branch at EABDirector@gov.mb.ca by June 30, 2022.

Should you have any questions regarding this approval, please contact Bereket Assefa, Senior Environmental Engineer, Environmental Approvals Branch, at 204-330-4613 or Bereket.Assefa@gov.mb.ca.

Sincerely,
