

Notice of Environment Act Proposal

Manitoba Sustainable Development has received a proposal pursuant to The Environment Act regarding the following operation and invites public participation in the review process:

MUNICIPALITY OF WEST INTERLAKE – ASHERN WASTEWATER TREATMENT LAGOON EXPANSION
FILE: 114.30

Associated Engineering has filed a proposal on behalf of the Municipality of West Interlake for the expansion and continued operation of the Ashern wastewater treatment lagoon in NE 22-25-7W, located west of the community. The expansion would consist of an additional secondary cell, to be located on the west side of the existing lagoon. The expanded facility would discharge treated effluent to the Ashern Drain which flows to the Moosehorn Lakes, which drain into Lake Manitoba. Discharges would occur between June 15 and October 31 of any year.

Anyone likely to be affected by the above operation and who wishes to make a representation either for or against the proposal should contact the department, in writing or by email to Bruce.Webb@gov.mb.ca, not later than MARCH 28, 2018. Further information is available from the online Public Registry: www.gov.mb.ca/sd/eal/registries/index.html or by contacting Bruce Webb, Environmental Engineer.

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of The Environment Act.
