

Notice of Environment Act Proposal

Manitoba Conservation and Climate has received a proposal pursuant to The Environment Act regarding the following operation and invites public participation in the review process:

MUNICIPALITY OF GLENBORO-SOUTH CYPRESS– WASTEWATER TREATMENT LAGOON – FILE: 178.30

The Municipality of Glenboro-South Cypress has filed a proposal for upgrading the primary cell of the existing lagoon with aeration equipment, raising up the perimeter of the existing primary cell berm, and constructing two Submerged Attached Growth Reactor cells, an aeration building, two baffle curtains in the existing primary lagoon cell, an alum dosing system, and potentially a UV disinfection system on portions of NW 10-7-14 WPM. The existing secondary cell will be decommissioned. The treated effluent will be continuously discharged into the Assiniboine River using an outfall via an approximately 6 km long buried forcemain. The forcemain piping will be located within the following municipal road right-of-ways: SE 16-7-14 WPM, NE 16-7-14 WPM, SE 21-7-14 WPM, NE 21-7-14 WPM, SE 28-7-14 WPM, NE 28-7-14 WPM, and NW 28-7-14 WPM.

Anyone likely to be affected by the above operation and who wishes to comment on the proposal should contact Asit Dey, Environmental Engineer, in writing or by email at asit.dey@gov.mb.ca or by telephone at 204-945-2614, not later than MAY 14, 2020.

Further information is available from the Online Public Registry:

www.gov.mb.ca/sd/eal/registries/index.html

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of The Environment Act.
