

Notice of Environment Act Proposal

Manitoba Sustainable Development has received a proposal pursuant to The Environment Act regarding the following operation and invites public participation in the review process:

TOWN OF MINNEDOSA – AERATED WASTEWATER TREATMENT LAGOON – FILE: 23.50

A proposal was filed on behalf of the Town of Minnedosa for upgrades to its existing aerated wastewater treatment lagoon located on the east half of 3-15-18 WPM in the Town of Minnedosa. The proposed upgrades will include construction of two settling ponds, an ultraviolet disinfection unit, and a moving bed biofilm reactor. Treated wastewater from the wastewater treatment lagoon will be continuously discharged into Little Saskatchewan River via an existing discharge pipe and a drainage channel.

Anyone likely to be affected by the above operation and who wishes to comment on the proposal should contact Asit Dey, Environmental Engineer, in writing or email at asit.dey@gov.mb.ca or 204-945-2614, not later than MAY 6, 2019. Further information is available from the Online Public Registry: www.manitoba.ca/sd/eal/registries/index.html

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of The Environment Act.
