Re: The Environment Act License No. 1331 RRR: Agrium Bloom – Notice of Alteration

Dear Marc Belisle:

Thank you for your letter dated July 6, 2020, requesting approval to proceed with an expansion of the dry fertilizer storage warehouse located at 45 West Site 66028 at SE 04-12-08 WPM in the Rural Municipality of Portage la Prairie. Specifically you have indicated the alterations will increase the dry fertilizer capacity to 18,000 metric tons.

The Environmental Approvals Branch is processing this request as a minor alteration to Environment Act License No. 1331 RRR, pursuant to clause 14(2) of The Environment Act. It has been determined that the potential environmental effects from upgrades are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act license No. 1331 RRR.

I hereby grant approval to Agrium Products (Canada) Inc. to implement the proposed alteration.

If you have any questions on this matter, please contact Krystal Penner, Pesticide and Agricultural Program Specialist, Environmental Approvals at Krystal.Penner@gov.mb.ca or 204-945-7107 or contact Tyler Kneeshaw, Regional Supervisor, Environmental Compliance and Enforcement at Tyler.Kneeshaw@gov.mb.ca or 204-239-3608.
