Dear Ms. Shields:

**Re: Environment Act Licence Suspension  
Discharge of Otterburne Wastewater Treatment Lagoon**

This letter acknowledges the request made by the R.M. of De Salaberry on October 10, 2017 to commence discharge of effluent from the secondary cell of the Otterburne Wastewater Treatment lagoon without meeting the effluent limit for total coliform specified in Environment Act Licence No. 1693.

I am granting a suspension of Clause 9. c) of Environment Act Licence No.1693 pursuant to Section 18(1) of the Environment Act, which allows you to proceed with the discharge of the secondary cell of the lagoon. The suspension is in effect from October 11, 2017 to October 24, 2017, inclusive for this event.

Please be advised that all other clauses in Environment Licence No. 1693 remain in effect.

Any questions regarding this letter should be directed to Mr. Nino Novelas, Environment Officer at (204) 392-4487.

Yours sincerely,

Don Labossiere  
Director, Environmental Compliance and Enforcement
