Dear Sir or Madam,

The RM of St.Clements is operating a used oil collection site and is requesting an amendment to the licence to include the operation of a full Household Hazardous Waste collections depot at the Landfill site located on or at 37175 Road 88 North (NE 29-15-07E), Libau Manitoba. See attached illustrated on the accompanying map.

The collection site will operate in accordance with the Product Care Association (PCA) Manitoba Household Hazardous Waste Stewardship Program and the Manitoba Product Care Collection Site Guidelines and regulations. The site will handle household hazardous waste falling into the Transportation of Dangerous Goods Act Classes 2,3,4,5,6, 8 and 9. The estimated quantity for each of these is included on the attached Hazardous Waste Generator Registration Form.

Should you have any questions or require additional information, please feel free to contact the undersigned.

Yours truly,
