

Table 8: Impact Implications on Multiple Benefits of Forests to Society (Non-timber Values 1 of 2)

Forest Management Activities		Non-timber Values (Page 1 of 2)								
		Provincial Road Network	Agriculture	Fishing	Wild Rice	Hunting	Trapping	Aesthetics	Lodges & Outfitting	Snowmobiling
Planning	Public Participation			*	*	*	*	*	*	*
	Road & Watercourse Crossing Planning	I		M/ *	*	M/ *	M/ *	M	M	I/ *
	Harvest & Renewal Planning						M/ *	M	M	I
	Sustainability Modeling									
	Information Collection & Application			M		*	*		*	*
Infrastructure Development	Access Management	*		M/ *	*	M/ *	I/ *		*	*
	All-weather Road (Class I & II)	*		*	*	*	I/ *	M	N/*	I/ *
	Dry-weather Road (Class III)			*	*	*	I/ *	I	M/*	I/ *
	Winter Road (Class IV)			*			I/ *	I		I/ *
	Road & ROW Maintenance							I		
	Permanent Watercourse Crossings							I		
	Temporary Watercourse Crossings							I		
	Camps, Timber & Fuel Storage Sites							I		
	Non-hazardous Construction Waste							I		
Harvesting	Decommissioning							*	*	
	Logging (Felling/Forwarding)		I/ *	I		M/ *	M/ *	M	M	I
	Slashing & Woody Debris Management									
	Timber Storage									
Forest Renewal	Timber Transportation to Mill	M						I		
	Site Preparation / Scarification			*	I		*	I/ *	*	
	Tree Establishment (Natural & Planting)			*			*	*	*	
	Mechanical Stand Tending									
Forest Protection	Chemical Stand Tending				I			I/ *		
	Insect & Disease Control				I			*	*	
Equipment Use	Fire Control			*				*	*	
	In-block Operations							I	I	
	Fuel Storage & Handling			I				I		
	Non-hazardous & Hazardous Waste							I		

Note: Non-timber Values Components from Tables 8 and 9 also represents impact implications for these components as they apply to Table 7: Multiple Benefits to Society, Productive Capacity in terms of Non-timber Uses.
