

Notice of Environment Act Proposal

Manitoba Environment and Climate Change invites public comment on the following proposal:

CITY OF PORTAGE LA PRAIRIE - WATER TREATMENT PLANT UPGRADES – FILE: 4635.10

The city proposes to upgrade the existing water treatment plant located southwest of the City of Portage la Prairie. The upgraded plant will have a capacity of withdrawing approximately 19,000 cubic decametres of water per year. The development will include a new water intake structure in the Assiniboine River, expansion of the existing pre-treatment building, a new building for a two-stage membrane treatment system, a new 66-kilovolt substation and other related facility upgrades. If approved, construction would take approximately two to three years.

This proposal can be viewed at www.manitoba.ca/sd/eal/registries

Anyone affected by the proposal who wishes to provide feedback should submit their comments using the online form at www.manitoba.ca/sd/eal/registries by **April 20, 2026**.

Information submitted in response to this proposal will be available to the proponent and placed on the public registry per Section 17 of The Environment Act.
