Shawna LeBlanc, C.M.M.A
Chief Administrative Officer
Rural Municipality of Elton
Forrest MB R0K 0W0

Dear Shawna LeBlanc:

**Re: RM of Elton - Forrest Wastewater Treatment Lagoon - Environment Act
Licence No. 2560 R - Notice of Alteration Approval**

Thank you for your notice of alteration dated November 28, 2024. The department understands you wish to relocate the existing force main pipes to the deeper portion of the primary cell and install a third force main pipe stub to connect a potential future low-pressure sewer force main for the Forrest Wastewater Treatment Lagoon.

I approve the alteration per section 14(2) of The Environment Act with the following conditions:

- The licensee shall take measures to prevent accidental releases of untreated sewage into the environment while relocating the forcemain pipes in the existing wastewater treatment lagoon.
- After the pipe installation, the licensee shall properly seal any remaining holes on the reworked clay liner with bentonite slurry.
- Prepare record drawings for the proposed construction work and label the drawings "Record Drawings", and provide the director with an electronic copy of the "record drawings" within four months after completion of the construction work.

This approval is available on the public registry at
