Dear Mr. Myrowich:

Re: ErosionControlBlanket.Com Inc – Notice of Alteration

Thank you for the Notice of Alteration (NoA) dated May 15, 2015 in which you requested an approval to remove a clean waste straw from your Riverton Erosion Control Blanket manufacturing facility to Roy and Carol Gudmundson's property located at SW 15-23-4EPM. It is understood that the proposed alteration will be a onetime removal of the excess clean unused straw at the facility. The removal of the excess straw will enable ErosionControlBlanket.com to catch up with the routine disposal of the solid waste generated at the facility at a landfill.

Upon review of your alteration request, I have concluded that the environmental effects of the NoA will be insignificant, and therefore in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed alteration as described in the May 15, 2015 NoA. This approval is conditional on the compliance with the burning requirement of the Rural Municipality of Bifrost-Riverton.

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours truly,
